Department of Public Lands,
Brisbane, 4th June, 1897.

Road Case No. 1480.

NOTICE OF CONFIRMATION OF NEW ROADS.

HIS Excellency the Governor, with the advice of the Executive Council, and in pursuance of the provisions of "The Public Works Lands Resumption Act of 1878," having been pleased to confirm the roads described in the Book of Reference hereunder, it is hereby notified, for general information, that any parties entitled to compensation in consequence of the opening of the said roads are requested to deliver to the Secretary for Public Lands the particulars of their estate and interest in the land required for the said roads and their claims for compensation on account thereof, within sixty (60) days from the date of service of this notice; and the said parties are further informed that the Secretary for Public Lands is willing to treat for the purchase of the land which has been resumed and the damage that may be sustained by reason of the opening of the said roads.

J. F. G. FOXTON.

Book of Reference of New Roads through portions 49, 18, 13, and 16, and Branch Road through portion 16, all in the parish of Maroochy, county of Canning.

1. Commencing at a point on the eastern boundary of portion 49 about four chains from Boggy Creek, an anabranch of the Maroochy River, westerly through that portion bearing 280 degrees seven chains three links, and 292 degrees 30 minutes eight chains twenty-seven links; containing 1 acre 2 roods; registered owner, Robert Fleming. Land is unenclosed, unimproved, and unoccupied.

2. In continuation of last-mentioned road westerly through portion 18 bearing 292 degrees 30 minutes one chain seventy-three links, 237 degrees twenty-one chains, 295 degrees five and a-half chains, and 275 degrees five and a-half chains; containing 3 acres 1 rood 20 perches; registered owner, William Clark Low. Land unenclosed, unimproved, and unoccupied.

3. In continuation of last-mentioned road through portion 13 bearing 266 degrees 30 minutes ten and a-half chains, 251 degrees ten and a-half chains, 272 degrees 20 minutes five chains, 243 degrees 33 minutes five chains, and 291 degrees three chains twenty-two links; area, 3 acres 1 rood 27 perches; registered owner, Robert Fleming. Land unenclosed, unimproved, and unoccupied.

4. In continuation of last-mentioned road through portion 16 bearing 291 degrees four chains fifty-six links to a reserved road; containing 2 roods; registered owner, Robert Fleming. Land unenclosed, unimproved, and unoccupied.

5. Branch road from last-mentioned road through portion 16 for five and a-half chains north along and within its eastern boundary to a reserved road; containing 2 roods 24 $\frac{1}{2}$ perches; registered owner, Robert Fleming. Land unenclosed, unimproved, and unoccupied.

NOTE.—It is intended to open the roads through portions 49, 13, and 13 in exchange for the originally reserved roads through these portions, which roads will be closed; and to open the branch road through portion 16 in lieu of the corresponding part of the original road through that portion.

A Plan and Book of Reference of the abovementioned roads can be seen at this Office, at the Office of the Clerk of Petty Sessions in Brisbane, and at the Office of the Maroochy Divisional Board.

Queensland, Office of the Commissioner for Railways,
Brisbane, 14th May, 1897.

NOTICE is hereby given, in accordance with the provisions of the Railway Acts, that the Plan and Book of Reference of the Broadmount Branch, Emu Park Railway, in length 15 miles 6 chains 90 links, have been approved and confirmed; and that the Commissioner for Railways intends to proceed with the construction of the Line above referred to, according to the Plan and Book of Reference so confirmed.

T. S. PRATTEN, Secretary.

Queensland, Office of the Commissioner for Railways,
Brisbane, 25th May, 1897.

THE Notice of Resumption addressed to the undermentioned person not having been served, for the reason stated in the Schedule, the particulars thereof are hereby published as required by section 24 of "The Railway Act of 1864," 27 Vic. No. 8.

T. S. PRATTEN, Secretary.

NOTICE.

WHEREAS the Plans, Sections, and Books of Reference of the Tivoli Branch Line of Railway, from North Ipswich to 2 miles 22 chains, have been approved of by Resolution of Parliament, as required by the provisions of "The Railway Act of 1864": And whereas the Working Plans, Sections, and Books of Reference of the said line of Railway, prepared in accordance with the provisions of the said Act, have been approved of by the Governor in Council, and confirmed as required by the said Act: I, the Commissioner for Railways, appointed under "The Railways Act of 1888 Amendment Act of 1896," do hereby, in pursuance of the powers and provisions of "The Railway Act of 1864," give you notice that I require, for the purposes of the abovementioned Line of Railway, a certain portion of land situated in the town of North Ipswich and county of Stanley, which, on the Map or Plan and in the Book of Reference deposited in the Office of the Clerk of Petty Sessions at Ipswich, is numbered 10, and that the said portion of land so required by me is particularly described in the Schedule hereto, and delineated on the Map or Plan shown on the original Notice, containing three perches, be the same more or less, and that the same has been taken, set out, ascertained, and appropriated for the purpose of such Line of Railway:

And whereas it appears to me that you are entitled to or interested in the said portion of land, or are entitled or enabled by "The Railway Act of 1864" to sell and convey or release the same: I do further hereby give you notice that I am willing and hereby offer to treat with you as to the purchase thereof and as to the amount of compensation to be made to you on account of the land so taken, and the damage sustained, or that may be sustained, by you by reason of such land having been so taken. And I do hereby demand from you the particulars of your estate and interest in the said portion of land and of the claim made by you in respect thereof, and require you to deliver such particulars at this Office within twenty-one days from and after the publication hereof, in default whereof I will proceed forthwith to procure the amount of the said purchase money and compensation payable in respect of the said portion of land to be settled in the manner prescribed by the Railway Act.

In witness whereof the Official Seal of the Commissioner for Railways has been hereto affixed this fourth day of May, 1897.

To Mr. Patrick Buckley.

MORETON BAY.

MARKS FOR ADJUSTING COMPASSES.

NOTICE is hereby given, that a set of Marks, for the use of Adjusters of Compasses and masters of vessels correcting their compasses, has been erected on the north side of Mud Island, Moreton Bay.

These marks consist of—

- (A) A square white beacon at the northern extreme of the mangroves on Mud Island;
- (B) A pile with small square white top, standing in three (3) feet at low water, $3\frac{1}{4}$ cables north (magnetic) of beacon A;
- (C) A pile with small square white top, standing in three (3) feet at low water, $4\frac{1}{2}$ cables north-west (magnetic) of beacon A;
- (D) A pile with a small square white top, driven on dry bank, $3\frac{1}{2}$ cables west (magnetic) of beacon A.

The marks B and A in line bear correct magnetic South.

" C and A " " " South-East.

" D and A " " " East.

" B and D " " " South-West.

Vessels using the beacons on these bearings should not approach the front piles to less than half-a-mile.

The four marks form a square, the sides of which bear north, south, east, and west (magnetic).

* All barometric readings corrected and reduced to 32 degrees Fahr. at mean sea level; all corrections applied to thermometric readings.

† Readings are taken at 3.30 a.m.

‡ The letter c attached to figures giving least distance from coast indicates distance from the Gulf of Carpentaria; s.a. to distance from coast of South Australia.

VOL. LXVII.]

WEDNESDAY, 9TH JUNE, 1897.

[No. 140.]

ORDER IN COUNCIL.

At Government House, Brisbane, the twelfth day of May, 1897.

Present:

His Excellency the Governor in Council.

WHEREAS by "*The Electric Light and Power Act, 1896*," it is amongst other things provided that the Governor in Council may, from time to time, by Order in Council, authorise any Company to supply electricity within any prescribed area for such purposes as may be specified in the Order, and for such period, subject to the provisions of Part VI. of the said Act, as the Governor in Council may think proper. And whereas the Brisbane Electric Supply Company, Limited, having duly complied with the provisions of the said Act in that behalf, have made application for an Order in Council under the said Act authorising them to supply electricity within the area herein prescribed: Now, therefore, His Excellency the Governor, by and with the advice of the Executive Council, doth order as follows:—

1. This Order may be cited as the Brisbane Electric Supply Company Electric Light and Power Short title, Order, 1897.

2. This Order is to be read and construed subject in all respects to the provisions of "*The Electric Light and Power Act, 1896*," which said Act is in this Order referred to as "*the Act*"; and the several terms to which by the Act meanings are assigned have in this Order the same respective meanings, provided that in this Order the several terms following have the meanings respectively assigned to them:—

The term "*energy*" means electrical energy, and for the purposes of applying the provisions of the Act to this Order electrical energy shall be deemed to be an agency within the meaning of electricity as defined in "*The Electric Light and Power Act, 1896*":

The term "*power*" means electrical power or the rate per unit of time at which energy is supplied:

The term "*pressure*" means the difference of electrical potential between any two conductors through which a supply of energy is given, or between any part of either conductor and the earth; and

(a) Where the conditions of the supply are such that the pressure may at any time exceed 500 volts if continuous, or 250 volts if alternating, but cannot exceed 3,000 volts, whether continuous or alternating, the supply shall be deemed a high-pressure supply:

(b) Where the conditions of the supply are such that the pressure may on either system exceed 3,000 volts, the supply shall be deemed an extra high-pressure supply:

The terms "*high-pressure*" and "*extra high-pressure*" respectively are used in relation to electric lines, conductors, circuits, and apparatus according to the conditions of the supply delivered through the same or particular portions thereof:

The term "*main*" means any electric line which may be laid down or erected by the Electric Authority in or along any street or public place and through which energy may be supplied, or is intended to be supplied, by the Electric Authority for the purposes of general supply:

The term "*service line*" means any electric line through which energy may be supplied, or is intended to be supplied, by the Electric Authority to a consumer either from any main or directly from the premises of the Electric Authority:

The term "*distributing main*" means the portion of any main which is used for the purpose of giving origin to service lines for the purposes of general supply:

The term "*general supply*" means the general supply of energy to ordinary consumers, and, unless otherwise specially agreed with the Local Authority, to the public lamps, but shall not include the supply of energy to any one or more particular consumers under special agreement:

The term "*area of supply*" means the area within which the Electric Authority is for the time being authorised to supply energy under the provisions of this Order:

The term "*Local Authority*" means, with respect to each part of the area of supply, the Local Authority having jurisdiction in that part:

The term "*consumer*" means any body or person supplied, or entitled to be supplied, with energy by the Electric Authority:

The term "*consumer's terminals*" means the ends of the electric lines situate upon any consumer's premises and belonging to him, at which the supply of energy is delivered from the service lines:

The term "*railway*" includes any tramroad, that is to say, any tramway other than a tramway as hereinafter defined:

The term "*tramway*" means any tramway laid along any street:

The term "daily penalty" means a penalty for each day on which any offence is continued after conviction thereof:

The term "deposited map" means the map of the area of supply deposited with the Minister by the Electric Authority together with this Order and signed by or on behalf of the Minister:

The term "plan" means a plan drawn to a horizontal scale of at least 1 inch to 88 feet, or to such other scale as the Minister may approve, and, when possible, a section drawn to the same horizontal scale as the plan and to a vertical scale of at least 1 inch to 11 feet, with such detail plan and sections as may be necessary.

Commencement of Order.

3. This Order shall come into force and have effect upon the twelfth day of May, 1897, which date is in this Order referred to as "the commencement of this Order."

ADDRESS AND DESCRIPTION OF THE ELECTRIC AUTHORITY.

Address and description of Electric Authority.

4. The Electric Authority for the purposes of this Order is The Brisbane Electric Supply Company, Limited, being a company registered under "*The Companies Act, 1863*" with limited liability, and having its registered office at Edison Lane, Brisbane, and having its capital divided into one hundred thousand shares of one pound each.

Provided that if the undertaking or any part thereof is at any time purchased by the Local Authority in accordance with the provisions of this Order or the Act, such Local Authority shall from the date of such purchase be the Electric Authority in relation to such undertaking or part thereof for the purposes of this Order in lieu of the Company abovementioned; but the Governor in Council may at any time make such amendments in the Order as he may think just.

The Electric Authority shall not purchase or acquire the undertaking of or associate itself with any other company or person supplying energy under any Order.

Revocation of Order.

If in contravention of this clause the Electric Authority purchases or requires any such undertaking or associates itself with such other company or person, the Governor in Council may, if he thinks fit, revoke this Order upon such terms as he may think just.

AREA OF SUPPLY.

Area of supply. Schedule I.

5. Subject to the provisions of this Order the area of supply shall be the whole of the area described in the First Schedule to this Order, which said area is more particularly delineated upon the deposited map, and thereon coloured red.

Prohibition of supply beyond area of supply.

6. The Electric Authority shall not at any time after the commencement of this Order supply energy or (except for the purposes of this Order) erect or lay down any electric lines or works beyond the area of supply, otherwise than under the Act.

Revocation of Order.

If the Electric Authority supplies energy or erects or lays down any electric lines or works in contravention of this clause, the Governor in Council may revoke this Order on such terms as he may think just.

SECURITY.

Security for execution of works.

7. The Electric Authority within a period of six months after the commencement of this Order, and before exercising any of the powers by this Order conferred on it in relation to the execution of works, shall show to the satisfaction of the Governor in Council that it is in a position fully and efficiently to discharge the duties and obligations imposed upon it by this Order throughout the area of supply.

The Electric Authority shall also, within six months after the commencement of this Order, or such extended period as may be approved by the Governor in Council, and before exercising any of the powers conferred on it in relation to the execution of works, give security to the satisfaction of the Governor in Council for or deposit the sum of one thousand pounds.

If the Electric Authority fails to show to the satisfaction of the Governor in Council within any such period as aforesaid that it is in such a position as abovementioned, or fails to deposit or give security for such sum as aforesaid, the Governor in Council may, after the Minister has considered any representations which the Local Authority may make, revoke this Order as to the whole or, with the consent of the Electric Authority, any part of the area of supply, upon such terms as he may think just.

Revocation of Order.

The said sum deposited or for which security is given by the Electric Authority under the provisions of this clause shall be repaid or released to the Electric Authority in equal moieties, when and so soon as it is certified by an inspector to be appointed by the Minister, that amounts equal to the sums so to be repaid or released have been expended by the Electric Authority upon works executed for the purposes of the undertaking, or that distributing mains have been duly laid down in accordance with provisions of this Order in every street, or part of a street, specified in that behalf in the Second Schedule to this Order or at such earlier dates and by such instalments as may be approved by the Minister.

Schedule II.

ACCOUNTS.

Audit of accounts of Electric Authority.

8. The annual statement of accounts of the undertaking, required to be made on or before the thirty-first day of March in every year under the provisions of section 16 of the Act, shall, before being published as hereinafter mentioned, be examined and audited by such competent and impartial person as the Governor in Council may appoint, and the remuneration of the auditor shall be such as the Minister may direct, and the same and all expenses incurred by him in or about the execution of his duties, to such an amount as the Minister may approve, shall be paid by the Electric Authority on demand, and shall be recoverable summarily.

The Electric Authority shall give to the auditor, his clerks, and assistants access to such of the books and documents relating to the undertaking as shall be necessary for the purposes of the audit, and shall when required furnish to him and them all vouchers and information requisite for such purpose, and shall afford to him and them all facilities for the proper execution of his and their duty.

The Minister may prescribe the times at and the mode in which such audit shall be made and conducted and such other matters as he may deem necessary for the purpose of giving effect to the provisions of this clause.

Any report made by the auditor, or such portion thereof as the Minister may direct, shall be appended to the annual statement of accounts, and shall form part thereof for the purposes of the said section 16.

The annual statement of accounts shall be published within one month after the said statement is made up, once at least in the *Government Gazette*, and in such other newspaper, if any, as the Minister may direct.

NATURE AND MODE OF SUPPLY.

Systems and mode of supply.

9. Subject to the provisions of this Order and the provisions of section 7 and the other provisions of the Act, the Electric Authority may supply energy within the area of supply for all purposes, provided as follows:—

- (1) Such energy shall be supplied only by means of some system which shall be approved in writing by the Minister, and subject to such regulations and conditions for securing the safety of the public, and for insuring a proper and sufficient supply of energy as the Governor in Council may prescribe; and
- (2) The Electric Authority shall not permit any part of any circuit to be connected with earth except so far as may be necessary for carrying out the provisions of any such regulations or conditions as aforesaid, unless such connection is for the time being approved of by the Minister with the concurrence of the Postmaster-General, and is made in accordance with the conditions (if any) of such approval.

PROHIBITION OF ABOVE-GROUND WORKS.

10. The Electric Authority shall not, without the express consent of the Minister and in the manner prescribed by the Regulations, place any electric lines or works above ground, except within premises in the sole occupation or control of the Electric Authority, and except so much of any service line as is necessarily so placed for the purpose of supply. Prohibition of above-ground works.

If the Electric Authority fails to remove any electric lines or works constructed in contravention of this clause, the Electric Authority shall be liable to a penalty not exceeding Five pounds for every such offence, and to a daily penalty not exceeding Two pounds; and any two justices, on complaint made in open court, may make an order directing and authorising the removal of any such electric lines or works by such person and on such terms as may seem fit. Penalty.

WORKS.

11. Subject to the provisions of this Order and the Act, the Electric Authority may exercise all or any of the powers conferred on them by this Order and the Act, and may break up such tramways and railways (if any) as are specified in the Third Schedule to this Order, so far as such tramways and railways may for the time being be included in the area of supply, and are upon land dedicated to public use: Provided, however, with respect to any such railway, that the powers hereby granted shall extend only to such parts thereof as pass across or along any highway on the level. Powers for execution of works. Schedule III.

Nothing in this Order shall authorise or empower the Electric Authority to break up or interfere with any tramway or railway, except such tramways or railways (if any), or such parts thereof, as are specified in the said schedule, without the consent of the authority, company, or person by whom such tramway or railway is repairable, or of the Governor in Council under section 27 of the Act; and when the Governor in Council gives such consent, the provisions of this Order shall apply to the tramway or railway to which the consent relates, as if it had been specified in the said schedule.

12. Subject to the provisions of this Order and the Act, and the Regulations, the Electric Authority may construct in any street such boxes as may be necessary for purposes in connection with the supply of energy, including apparatus for the proper ventilation of such boxes: Provided that no such box or apparatus shall be placed above ground, except with the consent of the Minister and the Local Authority. Street boxes.

Every such box shall be for the exclusive use of the Electric Authority and under its sole control, except so far as the Minister may otherwise order, and shall be used by the Electric Authority only for the purpose of leading off service lines and other distributing conductors, or for examining, testing, regulating, measuring, directing, or controlling the supply of energy, or for examining or testing the condition of the mains or other portions of the work, or for other like purposes connected with the undertaking; and the Electric Authority may place therein meters, switches, and any other suitable and proper apparatus for any of the above purposes.

Every such box, including the upper surface or covering thereof, shall be constructed of such materials, and shall be constructed and maintained by the Electric Authority in such manner, as not to be a source of danger whether by reason of inequality of surface or otherwise.

The Local Authority may, with the approval of the Minister, prescribe the hours during which the Electric Authority is to have access to such boxes, and if the Electric Authority, during any hours not so prescribed, removes or displaces, or keeps removed or displaced, the upper surface or covering of any box without the consent of the Local Authority, it shall be liable to a penalty not exceeding Five pounds for every such offence, and to a daily penalty not exceeding Two pounds: Provided that the Electric Authority shall not be subject to any such penalties as aforesaid if the court, having cognisance of the case, shall be of opinion that the case was one of emergency, and that the Electric Authority complied with the requirements of this clause so far as was reasonable under the circumstances. Penalty.

13. When the exercise of any of the powers of the Electric Authority in relation to the execution of any works (including the construction of boxes) will involve the placing of any works in, under, along, or across any street or public bridge, the following provisions shall, subject to the provisions of sections 19, 20, 21, 22, and 23 of the Act, have effect:— Notice of works with plan to be served on the Postmaster-General and Local Authority.

- (a) Not less than seven clear days nor more than twenty-eight clear days before commencing the execution of such works the Electric Authority shall serve a notice upon the Postmaster-General and the Local Authority, or where in any district there are sewers, drains, or tunnels which are not under the management of the Local Authority, but are under the charge or control of some other authority, upon such other authority, describing the proposed works, together with the plan of the works showing the mode and position in which such works are intended to be executed, and the manner in which it is intended that such street or bridge, or any sewer, drain, or tunnel therein or thereunder, is to be interfered with; and shall, upon being required to do so by the Postmaster-General, the Local Authority, or such other authority as aforesaid, give any such further information in relation thereto as may be desired.
- (b) The Postmaster-General, the Local Authority, or such other authority as aforesaid may, in his or its discretion, approve of any such works or plan, subject to such amendments or conditions as may seem fit, or may disapprove of the same, and may give notice of such approval or disapproval to the Electric Authority.
- (c) When the Postmaster-General, the Local Authority, or such other authority as aforesaid approves of any such works or plan subject to any amendments or conditions with which the Electric Authority is dissatisfied, or disapproves of any such works or plan, the Electric Authority may appeal to two or more justices in petty sessions, and the justices may inquire into the matter, and allow or disallow such appeal, and approve of any such works or plan subject to such amendments or conditions as may seem fit, or may disapprove of the same.
- (d) If the Postmaster-General, the Local Authority, or such other authority as aforesaid fails to give any such notice of approval or disapproval to the Electric Authority within seven days after the service of the notice upon him or it, he or it shall be deemed to have approved of such works and plan.
- (e) Notwithstanding anything in this Order or the Act, the Electric Authority shall not be entitled to execute any such works as above specified, except so far as the same may be of a description and in accordance with a plan which has been approved or is to be deemed to have been approved by the Postmaster-General, the Local Authority, and such other authority as aforesaid, or by the justices as above-mentioned; but when any such works, description, and plan are so approved, or are deemed to be approved, the Electric Authority may cause such works to be executed in accordance with such description and plan, subject in all respects to the provisions of this Order, the Act, and the Regulations.
- (f) If the Electric Authority makes default in complying with any of the requirements or restrictions of this clause, it shall (in addition to any other compensation which it may be liable to make under the provisions of this Order or the Act) make full compensation to the Postmaster-General, the Local Authority, and such other authority as aforesaid for any loss or damage which he or it may incur by reason thereof, and in addition thereto the Electric Authority shall be liable to a penalty not exceeding Five pounds for every such default, and to a daily penalty not exceeding Five pounds: Provided that the Electric Authority shall not be subject to any such penalties as aforesaid if the court having cognisance of the case shall be of opinion that the case was one of emergency, and that the Electric Authority complied with the requirements of this clause so far as was reasonable under the circumstances. Penalty.

Nothing in this clause shall exempt the Electric Authority from any penalty or obligation to which it may be liable under this Order or otherwise by law in the event of any telegraph line or electric line of the Postmaster-General being at any time injuriously affected by the Electric Authority's works or its supply of energy.

As to railways,
tramways, and
canals,

14. When the exercise of the powers of the Electric Authority in relation to the execution of any works will involve the placing of any works over or under any tramway, railway, or canal, the following provisions shall have effect, unless otherwise agreed between the parties interested:—

- (a) Not less than seven clear days nor more than twenty-eight clear days before commencing the execution of any such works (not being the repairs, renewals, or amendments of existing works of which the character and position are not altered), the Electric Authority shall, in addition to any other notices which it is required to give under this Order or the Act, serve a notice upon the body or person for the time being entitled to work such tramway or railway, or the owners of such canal (as the case may be), in this clause referred to as the "owners," describing the proposed works, together with a plan of the works showing the mode and position in which such works are intended to be executed and placed, and shall, upon being required to do so by any such owners, give them any such further information in relation thereto as they may desire.
- (b) Every such notice shall contain a reference to this clause, and direct the attention of the owners to whom it is given to the provisions thereof.
- (c) Within seven days after the service of any such notice and plan upon any owners, such owners may, if they think fit, serve a requisition upon the Electric Authority requiring that any question in relation to such works, or to compensation in respect thereof, and any other question arising upon such notice or plan as aforesaid, shall be settled by arbitration; and thereupon such question, unless settled by agreement, shall be settled by arbitration accordingly under the provisions of the Act.
- (d) In settling any question under this clause an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such tramway, railway, or canal, and may, if he thinks fit, require the Electric Authority to execute any temporary or other works so as to avoid any interference with any traffic, so far as may be possible.
- (e) When no such requisition as in this clause mentioned is served upon the Electric Authority, or when, after any such requisition has been served upon it, any question required to be settled by arbitration has been so settled, the Electric Authority may, upon paying or securing any compensation which it may be required to pay or secure, cause to be executed the works specified in such notice and plan as aforesaid, and may repair, renew, and amend the same (provided that their character and position are not altered), but subject in all respects to the provisions of this Order and the Act, and only in accordance with the notice and plan so served by it as aforesaid, or such modifications thereof respectively as may have been settled by arbitration as hereinbefore mentioned, or as may be agreed upon between the parties.
- (f) All works to be executed by the Electric Authority under this clause shall be carried out to the reasonable satisfaction of the owners, who shall have the right to be present during the execution of such works.
- (g) When the repair, renewal, or amendment of any existing works, of which the character or position is not altered, will involve any interference with any railway level crossing, or with any tramway over or under which such works have been placed, the Electric Authority shall, unless otherwise agreed between the parties, or in cases of emergency, give to the owners not less than 24 hours' notice before commencing to effect such repair, renewal, or amendment, and the owners shall be entitled by their officer to superintend the work, and the Electric Authority shall conform to such reasonable requirements as may be made by the owners or such officer. The said notice shall be in addition to any other notices which the Electric Authority may be required to give under this Order or the Act.
- (h) If the Electric Authority makes default in complying with any of the requirements or restrictions of this clause, it shall (in addition to any other compensation which it may be liable to make under the provisions of this Order or the Act) make full compensation to the owners affected thereby for any loss or damage which they may incur by reason thereof, and in addition thereto the Electric Authority shall be liable to a penalty not exceeding Five pounds for every such default, and to a daily penalty not exceeding Five pounds: Provided that the Electric Authority shall not be subject to any such penalties as aforesaid if the court having cognisance of the case shall be of opinion that the case was one of emergency, and that the Electric Authority complied with the requirements of this clause so far as was reasonable under the circumstances.

Penalty.

Street authority, &c.,
may give notice of
desire to break up
streets, &c., on
behalf of Electric
Authority.

15. Any Local Authority, body, or person for the time being liable to repair any street or part of a street, or entitled to work any tramway or railway, which the Electric Authority may be empowered to break up for the purposes of this Order, may, if they think fit, serve a notice upon the Electric Authority stating that they desire to exercise or discharge all or any part of any of the powers or duties of the Electric Authority as therein specified in relation to the breaking up, filling in, reinstating, or making good any streets, bridges, sewers, drains, tunnels, or other works vested in or under the control or management of such Local Authority, body, or person, and may amend or revoke any such notice by another notice similarly served. When any such Local Authority, body, or person (in this clause referred to as the "givers of the notice") have given notice that they desire to exercise or discharge any such specified powers and duties of the Electric Authority, then so long as such notice remains in force the following provisions shall have effect, unless otherwise agreed between the parties interested:—

- (a) The Electric Authority shall not be entitled to proceed to exercise or discharge any such specified powers or duties as aforesaid, except when it has required the givers of the notice to exercise or discharge such powers or duties, and the givers of the notice have refused or neglected to comply with such requisition as hereinafter provided, or in cases of emergency.
- (b) In addition to any other notices which it may be required to give under the provisions of this Order or the Act, the Electric Authority shall, not more than four days and not less than two days before the exercise or discharge of any such powers or duties so specified as aforesaid is required to be commenced, serve a requisition upon the givers of the notice stating the time when such exercise or discharge is required to be commenced, and the manner in which any such powers or duties are required to be exercised or discharged.
- (c) Upon receipt of any such requisition as last aforesaid, the givers of the notice may proceed to exercise or discharge any such powers or duties as required by the Electric Authority, subject to the like restrictions and conditions as the Electric Authority would itself be subject to in such exercise or discharge so far as the same may be applicable.
- (d) If the givers of the notice decline or, for 24 hours after the time when any such exercise or discharge of any powers or duties is by any requisition required to be commenced, neglect to comply with such requisition, the Electric Authority may itself proceed to exercise or discharge the powers or duties therein specified in like manner as it might have done if such notice as aforesaid had not been given by the givers of the notice.
- (e) In any case of emergency the Electric Authority may itself proceed to at once exercise or discharge so much of any such specified powers or duties as aforesaid as may be necessary for the actual remedying of any defect from which the emergency arises without serving any requisition on the givers of the notice; but in such case the Electric Authority shall, within twelve hours after it begins to exercise or discharge such powers or duties as aforesaid, give information thereof in writing to the givers of the notice.

- (f) If the Electric Authority exercises or discharges any such specified powers or duties as aforesaid otherwise than in accordance with the provisions of this clause, the Electric Authority shall be liable to a penalty not exceeding Five pounds for every such offence, and to a daily penalty not exceeding Five pounds: Provided that the Electric Authority shall not be subject to any such penalties as aforesaid if the court having cognisance of the case shall be of opinion that the case was one of emergency, and that the Electric Authority complied with the requirements of this clause so far as was reasonable under the circumstances.
- (g) All expenses properly incurred by the givers of the notice in complying with any requisition of the Electric Authority under this clause shall be repaid to them by the Electric Authority, and may be recovered summarily.
- (h) The givers of the notice may, if they think fit, require the Electric Authority to give them such security for the repayment to them of any expenses incurred or to be incurred by them under this clause as may be determined in manner provided by this Order. If the Electric Authority fails to give such security within seven days after being required to do so, or in case of difference after such difference has been determined by a court of summary jurisdiction, it shall not be entitled to serve any further requisition upon such givers of the notice requiring them to exercise or discharge any powers or duties under this clause until such security has been duly given.

Provided that nothing in this clause shall in any way affect the rights of the Electric Authority to exercise or discharge any powers or duties conferred or imposed upon it by this Order or the Act in relation to the execution of any works beyond the actual breaking up, filling in, reinstating, or making good any such street or part of a street, or any such bridges, sewers, drains, tunnels, or other works, or railway or tramway, as in this clause mentioned.

16. The Electric Authority may alter the position of any pipes (not forming part of any sewer of the Local Authority or of any other authority), or any wires being under any street or place authorised to be broken up by the Electric Authority, which may interfere with the exercise of its powers under the Act or this Order; and any Local Authority, Company, or person may in like manner alter the position of any electric lines or works of the Electric Authority, being under any such street or place as aforesaid, which may interfere with the lawful exercise of any powers vested in such Local Authority, Company, or person in relation to such street or place, subject to the provisions of the Act and to the following provisions, unless otherwise agreed between the parties interested:—

- (a) Not less than seven clear days nor more than twenty-eight clear days before commencing any such alterations the Electric Authority, or such Local Authority, Company, or person (as the case may be), in this clause referred to as the "operators," shall serve a notice upon the Local Authority, Company, or person for the time being entitled to such pipes, wires, electric lines, or works (as the case may be), in this clause referred to as the "owners," describing the proposed alterations, together with a plan showing the manner in which it is intended that such alterations shall be made, and shall, upon being required to do so by any such owners, give them any such further information in relation thereto as they may desire.
- (b) Within seven days after the service of any such notice and plan upon any owners, such owners may, if they think fit, serve a requisition upon the operators requiring that any question in relation to such works or to compensation in respect thereof, or any other question arising upon such notice or plan as aforesaid, shall be settled by arbitration; and thereupon such question, unless settled by agreement, shall be settled by arbitration accordingly under the provisions of the Act.
- (c) In settling any question under this clause an arbitrator shall have regard to any duties or obligations which the owners may be under in respect of such pipes, wires, electric lines, or works, and may, if he thinks fit, require the operators to execute any temporary or other works, so as to avoid interference with any purpose for which such pipes, wires, electric lines, or works are used so far as may be possible.
- (d) When no such requisition as in this clause mentioned is served upon the operators, the owners shall be held to have agreed to the notice or plan served on them as aforesaid, and in such case, or when after any such requisition has been served upon them, any question required to be settled by arbitration has been so settled, the operators, upon paying or securing any compensation which they may be required to pay or secure, may cause the alterations specified in such notice and plan as aforesaid to be made, but subject in all respects to the provisions of this Order and the Act, and only in accordance with the notice and plan so served by them as aforesaid, or such modifications thereof respectively as may have been settled by arbitration as hereinbefore mentioned, or as may be agreed upon between the parties.
- (e) At any time before any operators are entitled to commence any such alterations as aforesaid the owners may serve a statement upon the operators stating that they desire to execute such alterations themselves, and when any such statement has been served upon the operators they shall not be entitled to proceed themselves to execute such alterations, except when they have notified to such owners that they require them to execute such alterations, and such owners have refused or neglected to comply with such notification as hereinafter provided.
- (f) When any such statement as last aforesaid has been served upon the operators, they shall, not more than 48 hours and not less than 24 hours before the execution of such alterations is required to be commenced, serve a notification upon the owners stating the time when such alterations are required to be commenced, and the manner in which such alterations are required to be made.
- (g) Upon receipt of any such notification as last aforesaid, the owners may proceed to execute such alterations as required by the operators, subject to the like restrictions and conditions as the operators would themselves be subject to in executing such alterations so far as the same are applicable.
- (h) If the owners decline or, for 24 hours after the time when any such alterations are required to be commenced, neglect to comply with such notification, the operators may themselves proceed to execute such alterations in like manner as they might have done if no such statement as aforesaid had been served upon them.
- (i) All expenses properly incurred by any owners in complying with any notification of any operators under this clause shall be repaid to them by such operators, and may be recovered summarily.
- (j) Any owners may, if they think fit, by any statement served by them under this clause upon any operators, not being a Local Authority, require the said operators to give them such security for the repayment to them of any expenses to be incurred by them in executing any alterations as above mentioned as may be determined in manner provided by this Order, and when any operators have been so required to give security they shall not be entitled to serve a notification upon the owners requiring them to execute such alterations until such security has been duly given.
- (k) If the operators make default in complying with any of the requirements or restrictions of this clause, they shall (in addition to any other compensation which they may be liable to make under the provisions of this Order or the Act) make full compensation to the owners affected thereby for any loss, damage, or penalty which they may incur by reason thereof, and in addition thereto they shall be liable to a penalty not exceeding Five pounds for every such default, and to a daily penalty not exceeding Five pounds: Provided that the operators shall not be subject to any such penalties as aforesaid if the court having cognisance of the case is of opinion that the case was one of emergency, and that the operators complied with the requirements of this clause so far as was reasonable under the circumstances.

As to alteration of pipes, wires, &c., under streets.

Penalty.

Laying of electric lines, &c., near sewers, &c., or gas or water pipes, or other electric lines.

17. When the Electric Authority requires to dig or sink any trench for laying down or constructing any new electric lines or other works within ten feet of which any sewer, drain, pipe, watercourse, defence, or work under the jurisdiction or control of the Local Authority, or other authority, or within ten feet of which any main, pipe, syphon, electric line, or other work belonging to any gas, electric supply, or water company has been lawfully placed, or when any gas or water company requires to dig or sink any trench for laying down or constructing any new mains or pipes or other works within ten feet of which any lines or works of the Electric Authority have been lawfully placed, the Electric Authority or such gas or water company (as the case may be), in this clause referred to as the "operators," shall, unless otherwise agreed between the parties interested, or, in case of sudden emergency, give to the Local Authority, or to such other authority as aforesaid, or to such gas, electric supply, or water company, or to the Electric Authority (as the case may be), in this clause referred to as the "owners," not less than two clear days' notice, nor more than three clear days' notice before commencing to dig or sink such trench as aforesaid, and such owners shall be entitled by their officer to superintend the work, and the operators shall conform with such reasonable requirements as may be made by the owners or such officer for protecting from injury every such sewer, drain, watercourse, defence, pipe, syphon, electric line, or work, and for securing access thereto, and they shall also, if required to do so by the owners thereof, repair any damage that may be done thereto.

When the operators find it necessary to undermine, but not alter, the position of any pipe, electric line, or work, they shall temporarily support the same in position during the execution of their works, and before completion provide a suitable and proper foundation for the same where so undermined.

When the operators (being the Electric Authority) lay any electric line which crosses or is liable to touch any mains, pipes, lines, or services belonging to any public authority, or to any gas, electric supply, or water company, the conducting portion of such electric line shall be effectively insulated in a manner approved by the Minister, and the Electric Authority shall not, except with the consent of such public authority, or the gas, electric supply, or water company, as the case may be, and of the Minister, lay its electric lines so as to come into contact with any such mains, pipes, lines, or services, or, except with the like consent, employ any such mains, pipes, lines, or services as conductors for the purposes of its supply of energy.

Any question or difference which may arise under this clause shall be determined by arbitration under the provisions of the Act.

Penalty.

If the operators make default in complying with any of the requirements or restrictions of this clause, they shall make full compensation to all owners affected thereby for any loss, damage, penalty, or costs which they may incur by reason thereof; and in addition thereto they shall be liable to a penalty not exceeding Five pounds for every such default, and to a daily penalty not exceeding Two pounds: Provided that the operators shall not be subject to any such penalty if the court having cognisance of the case shall be of opinion that the case was one of emergency, and that the operators complied with the requirements and restrictions of this clause so far as was reasonable under the circumstances, or that the default in question was due to the fact that the operators were ignorant of the position of the sewer, drain, watercourse, defence, pipe, electric line, or work affected thereby, and that such ignorance was not owing to any negligence on the part of the operators.

For the purposes of this clause the term "gas company" means any body or person lawfully supplying gas; the term "water company" means any body or person lawfully supplying water or water power; and the term "electric supply company" means any body or person supplying energy under the Act, but not under this Order.

For protection of Railway Commissioner, &c.

18. In the exercise of any of the powers of this Order relating to the execution of works, the Electric Authority shall not in any way injure the railways, tunnels, arches, works, or conveniences belonging to the Queensland Railway Commissioner, or to any railway or canal company, nor obstruct or interfere with the working of the traffic passing along any railway or canal.

For protection of telegraph and telephone wires.

19. (1.) The Electric Authority shall take all reasonable precautions in constructing, laying down, and placing its electric lines and other works of all descriptions, and in working the undertaking so as not injuriously to affect, whether by induction or otherwise, the working of any wire or line used for the purpose of telegraphic, telephonic, or electric signalling communication, or the currents in such wire or line. If any question arises between the Electric Authority and the Postmaster-General or other person or body for the time being entitled to any such wire or line as to whether the Electric Authority has constructed, laid down, or placed its electric lines or other works, or worked its undertaking in contravention of this sub-clause or the Act, and as to whether the working of such wire or line or the current therein is or is not injuriously affected thereby, such question shall be determined by arbitration under the provisions of the Act, and the arbitrator may direct the Electric Authority to make any alterations in, or additions to, its system so as to comply with the provisions of this clause, and the Electric Authority shall make such alterations or additions accordingly.

(2.) Not less than seven clear days nor more than twenty-eight clear days before commencing to lay down or place any electric line, or to use any electric line in any manner whereby the work of telegraphic or telephonic or electric signalling communication through any wire or line lawfully laid down or placed in any position may be injuriously affected, the Electric Authority shall, unless otherwise agreed between the parties interested, give to the Postmaster-General or other person or body for the time being entitled to any such wire or line, notice in writing specifying the course, nature, and gauge of such electric line, and the manner in which such electric line is intended to be used, and the amount and nature of the currents intended to be transmitted thereby, and the extent to and manner in which (if at all) earth returns are proposed to be used; and such person or body entitled to receive such notice may from time to time serve a requisition on the Electric Authority requiring it to adopt such precautions as may be therein specified in regard to the laying, placing, or user of such electric line, for the purpose of preventing such injurious affection; and the Electric Authority shall conform with such reasonable requirements as may be made by such person or body for the purpose of preventing the communication through such wire or line from being injuriously affected as aforesaid.

If any difference arises between any such person or body and the Electric Authority with respect to the reasonableness of any requirements so made, such difference shall be determined by arbitration under the provisions of the Act.

Provided that nothing in this sub-clause shall apply to repairs or renewals of any electric line so long as the course, nature, and gauge of such electric line, and the amount and nature of the current transmitted thereby, are not altered.

Penalty.

(3.) If in any case the Electric Authority makes default in complying with the requirements of this clause, it shall make full compensation to the person or body entitled to any such wire or line for any loss or damage which it or he may incur by reason thereof, and in addition thereto the Electric Authority shall be liable to a penalty not exceeding Ten pounds for every day during which such non-compliance continues, or, if the telegraphic communication is wilfully interrupted, a penalty not exceeding Fifty pounds for every day on which such interruption continues: Provided that the Electric Authority shall not be subject to any such penalties as aforesaid if the court having cognisance of the case shall be of opinion that the case was one of emergency, and that the Electric Authority complied with the requirements of this clause and the Act so far as was reasonable under the circumstances, or that the default in question was due to the fact that the Electric Authority was ignorant of the position of the wire or line affected thereby, and that such ignorance was not owing to any negligence on the part of the Electric Authority.

(4.) Nothing in this clause contained shall be held to exempt the Electric Authority from the provisions of Part IV. of the Act, nor to deprive the Postmaster-General or other person of any right to proceed against the Electric Authority by indictment, action, or otherwise in relation to any of the matters aforesaid.

COMPULSORY WORKS.

20. (1.) The Electric Authority shall, within a period of two years after the commencement of this Order, erect or lay down suitable and sufficient distributing mains for the purposes of general supply throughout every street or part of a street specified in that behalf in the Second Schedule to this Order, and shall thereafter maintain the same.

Mains, &c., to be laid down in streets specified in Second Schedule, and in remainder of area of supply.

(2.) In addition to the mains hereinbefore specified, the Electric Authority shall, at any time after the expiration of two years after the commencement of this Order, erect or lay down suitable and sufficient distributing mains for the purposes of general supply throughout every other street or part of a street within the area of supply, upon being required to do so in manner by this Order provided.

All such mains as last above mentioned (unless already erected or laid down) shall be erected or laid down by the Electric Authority within six months after any requisition in that behalf served upon them in accordance with the provisions of this Order has become binding upon it, or such further time as may in any case be approved of by the Governor in Council.

21. If the Electric Authority makes default in erecting or laying down any distributing mains in accordance with the provisions of this Order within the periods prescribed in that behalf respectively, it shall be liable to a penalty not exceeding Five pounds in respect of each such default for each day during which such default continues, and if the Governor in Council is of opinion in any case that such default is wilful and unreasonably prolonged he may, on the recommendation of the Minister, after the Minister has considered any representations of the Local Authority, either revoke this Order as to the whole or any part of the area of supply, or if the Electric Authority so desires, may suffer the same to remain in force as to such area or part thereof, subject to such conditions as he may think fit to impose, and any conditions so imposed shall be binding on and observed by the Electric Authority, and shall be of the like force and effect in every respect as though they were contained in this Order: Provided that the Governor in Council shall not revoke this Order as to part of the area of supply in any case in which the Electric Authority makes a representation that it desires to be relieved of its liabilities with respect to the rest of the area of supply, and in such case the Governor in Council shall not under this clause revoke this Order otherwise than as to the whole of the area of supply.

If Electric Authority fails to lay down mains, &c., Order may be revoked. Penalty.

22. Any requisition requiring the Electric Authority to erect or lay down distributing mains for the purposes of general supply throughout any street or part of a street may be made by six or more owners or occupiers of premises along such street or part of a street, or, where the Local Authority has the control and management of the public lamps in such street or part of street, by the Local Authority.

Manner in which requisition is to be made.

Every such requisition shall be signed by the persons making the same, or by or on behalf of the Local Authority (as the case may be), and shall be served upon the Electric Authority.

Forms of requisition shall be kept by the Electric Authority at its office, and a copy shall be supplied free of charge to any owner or occupier of premises within the area of supply and to the Local Authority on application for the same, and any requisition so supplied shall be deemed valid in point of form.

23. When any such requisition is made by any such owners or occupiers as aforesaid, the Electric Authority (if it thinks fit) may, within fourteen days after the service of the requisition upon the Electric Authority, serve a notice on all the persons by whom the requisition is signed, stating that it declines to be bound by such requisition unless such persons or some of them will bind themselves to take, or will guarantee that there shall be taken, a supply of energy for three years, of such amount in the aggregate (to be specified by the Electric Authority in such notice) as will at the rates of charge for the time being charged by the Electric Authority for a supply of energy from distributing mains to ordinary consumers within the area of supply, produce annually such reasonable sum as shall be specified by the Electric Authority in such notice: Provided that in such notice the Electric Authority shall not without the authority of the Minister specify any sum exceeding 20 per centum upon the expense of providing and laying down the required distributing mains and any other mains or additions to existing mains which may be necessary for the purpose of connecting such distributing mains with the nearest available source of supply.

Provisions on requisition by owners or occupiers.

When such notice is served, the requisition shall not be binding on the Electric Authority unless, within twenty-eight days after the service of such notice on all the persons signing the requisition has been effected, or in case of difference the delivery of the arbitrator's award, there be tendered to the Electric Authority an agreement severally executed by such persons or some of them, binding them to take or guaranteeing that there shall be taken for a period of three years at the least such specified amounts of energy respectively as will in the aggregate, at the rates of charge above specified, produce an annual sum amounting to the sum specified in the notice or determined by arbitration under this clause, nor unless sufficient security for the payment to the Electric Authority of all moneys which may become due to it from such persons under such agreement is offered to the Electric Authority (if required by the Electric Authority by such notice as aforesaid) within the period limited for the tender of the agreement as aforesaid.

If the Electric Authority considers that the requisition is unreasonable, or that, under the circumstances of the case, the provisions of this clause ought to be varied, it may, within fourteen days after the service of the requisition upon it, appeal to the Governor in Council, who, after such inquiry, if any, by the Minister, as he shall think fit, may, on the recommendation of the Minister, by order, either determine that the requisition is unreasonable, and shall not be binding upon the Electric Authority, or may authorise the Electric Authority by its notice to require a supply of energy to be taken for such longer period than three years, and to specify such sum or percentage, whether calculated as hereinbefore provided or otherwise, as shall be fixed or directed by the order, and the terms of the above-mentioned agreement shall be varied accordingly.

In case of any such appeal to the Governor in Council, such last-mentioned notice by the Electric Authority may be served by it within fourteen days after the decision of the Governor in Council.

If any difference arises between the Electric Authority and any persons signing any such requisition as to any such notice or agreement, such difference shall, subject to the provisions of this clause and to the decision of the Governor in Council upon any such appeal as aforesaid, be determined by arbitration under the provisions of the Act.

24. When any such requisition is made by the Local Authority it shall not be binding on the Electric Authority unless at the time when such service is effected, or within fourteen days thereafter, there be tendered to the Electric Authority (if required by it) an agreement executed by the Local Authority, and binding it to take for a period of three years at the least a supply of energy for lighting such public lamps in the street or part of a street in respect of which such requisition is made as may be under the management or control of the Local Authority.

Provisions on requisition by Local Authority.

SUPPLY.

25. The Electric Authority shall, upon being required to do so by the owner or occupier of any premises situate within fifty yards from any distributing main of the Electric Authority in which it is, for the time being, required to maintain or is maintaining a supply of energy for the purposes of general supply to private consumers under this Order or any regulations and conditions, subject to which it is authorised to supply energy under this Order, give and continue to give a supply of energy for such premises in accordance with the provisions of this Order, and of all such regulations and conditions as aforesaid, and it shall furnish and lay any electric lines that may be necessary for the purpose of supplying the maximum power with which any such owner or occupier may be entitled to be supplied under this Order, subject to the conditions following (that is to say):—

Electric Authority to furnish sufficient supply of energy to owners and occupiers within the area of supply.

(a) The cost of so much of any electric line for the supply of energy to any owner or occupier as may be laid upon the property of such owner or in the possession of such occupier, and of so much of any such electric lines as it may be necessary to lay for a greater distance than 60 feet from any distributing main of the Electric Authority, although not on such property, shall, if the Electric Authority so requires, be defrayed by such owner or occupier.

(b) Every owner or occupier of premises requiring a supply of energy shall—

- (1) Serve a notice upon the Electric Authority specifying the premises in respect of which such supply is required and the maximum power required to be supplied, and the day (not being an earlier day than a reasonable time after the date of the service of such notice) upon which such supply is required to commence; and
- (2) Enter into a written contract with the Electric Authority (if required by the Electric Authority so to do) to continue to receive and pay for a supply of energy for a period of at least two years of such an amount that the payment to be made for the same, at the rate of charge for the time being charged by the Electric Authority for a supply of energy to ordinary consumers within the area of supply, shall not be less than twenty pounds per centum per annum on the outlay incurred by the Electric Authority in providing any electric lines required under this clause to be provided by it for the purpose of such supply, and give to the Electric Authority (if required by the Electric Authority so to do) security for the payment to it of all moneys which may become due to it by such owner or occupier in respect of any electric lines to be furnished by the Electric Authority, and in respect of energy to be supplied by it.

Provided always that the Electric Authority may, after it has given a supply of energy for any premises, by notice, in writing, require the owner or occupier of such premises, within seven days after the date of the service of such notice, to give to the Electric Authority security for the payment of all moneys which may become due to it in respect of such supply, in case such owner or occupier has not already given such security or in case any security given has become invalid or is insufficient; and in case any such owner or occupier fails to comply with the terms of such notice, the Electric Authority may, if it thinks fit, discontinue to supply energy for such premises so long as such failure continues.

Provided also that if the owner or occupier of any such premises as aforesaid uses any form of lamp or burner, or uses the energy supplied to him by the Electric Authority for any purposes, or deals with it in any manner so as to unduly or improperly interfere with the efficient supply of energy to any other body or person by the Electric Authority, the Electric Authority may, if it thinks fit, discontinue to supply energy to such premises so long as such user continues.

Provided also that the Electric Authority shall not be compelled to give a supply of energy to any premises unless the wires and fittings thereon are fixed and maintained in the manner prescribed by the Act and the Regulations.

If any difference arises under this clause as to any improper use of energy, such difference shall be determined by arbitration under the provisions of the Act.

Maximum power.

26. The maximum power with which any such consumer shall be entitled to be supplied shall be of such amount as he may require to be supplied with, not exceeding what may be reasonably anticipated as the maximum consumption on his premises: Provided that when any consumer has required the Electric Authority to supply him with the maximum power of any specified amount, he shall not be entitled to alter that maximum except upon one month's notice to the Electric Authority, and any expenses reasonably incurred by the Electric Authority in respect of the service lines by which energy is supplied to the premises of such consumer, or any fittings or apparatus of the Electric Authority upon such premises, consequent upon such alteration, shall be paid by him to the Electric Authority, and may be recovered summarily.

If any difference arises between any such owner or occupier and the Electric Authority as to what may be reasonably anticipated as the consumption on his premises or as to the reasonableness of any expenses under this clause, such difference shall be determined by arbitration under the provisions of the Act.

Supply of energy to public lamps.

27. The Electric Authority upon receiving reasonable notice from the Local Authority requiring the Electric Authority to supply within the area of supply energy to any public lamps within the distance of 75 yards from any distributing main of the Electric Authority in which it is for the time being required to maintain a supply of energy for the purposes of general supply under this Order, or any regulations and conditions subject to which it is authorised to supply energy under this Order, shall give and continue to give a supply of energy to such lamps in such quantities as the Local Authority may require to be supplied.

Penalty for failure to supply.

28. Whenever the Electric Authority makes default in supplying energy to any owner or occupier of premises to whom it may be and is required to supply energy under this Order, the Electric Authority shall be liable to a penalty not exceeding Two pounds in respect of every such default for each day on which any such default occurs.

Whenever the Electric Authority makes default in supplying energy to the public lamps to which it may be and is required to supply energy under this Order, the Electric Authority shall be liable to a penalty not exceeding Two pounds in respect of every such default for each such lamp, and for each day on which any such default occurs.

Whenever the Electric Authority makes default in supplying energy in accordance with the terms of any regulations and conditions subject to which it is authorised to supply energy under this Order, the Electric Authority shall be liable to such penalties as may by such regulations and conditions be prescribed in that behalf.

Provided that the penalties to be inflicted on the Electric Authority under this clause shall in no case exceed in the aggregate the sum of fifty pounds in respect of any defaults not being wilful defaults on the part of the Electric Authority for any one day, and provided also that in no case shall any penalty be inflicted in respect of any default if the court having cognisance of the case is of opinion that such default was caused by inevitable accident, or was of so slight or unimportant a character as not materially to affect the value of the supply.

CONDITIONS FOR INSURING A PROPER AND SUFFICIENT SUPPLY OF ELECTRICAL ENERGY.

Notice of intention to supply through mains.

29. Forty-eight hours at least before the Electric Authority is ready to commence to supply energy through any feeding, charging, or distributing main, it shall serve a notice upon the Postmaster-General and the Local Authority of its intention to commence such supply.

Electric Authority to provide constant supply.

30. From and after the time when the Electric Authority commences to supply energy through any distributing main, it shall maintain a supply of sufficient power for the use of all the consumers for the time being entitled to be supplied from such main; and such supply shall, except so far as may be otherwise agreed upon from time to time between the Local Authority and the Electric Authority, or between the consumer and the Electric Authority, be constantly maintained. Provided that, for the purposes of testing, or for any other purposes connected with the efficient working of the undertaking, the authority by whom the electric inspector is appointed may give permission to the Electric Authority to discontinue the supply at such intervals of time and for such periods as the authority by whom the electric inspector is appointed may think expedient. When the supply is so discontinued, notice of such discontinuance, and of the probable duration thereof, shall be forthwith served upon the Local Authority.

Provisions as regards stoppage.

31. The system of distributing mains shall be so arranged that in case it becomes necessary to stop the supply through any portion of a main for more than one hour, for the purposes of repairs, or for any other reason, the stoppage of supply will in no case exceed in amount a maximum power of 200,000 watts, or extend to the premises of more than 80 consumers, and in the case of every stoppage for more than one hour reasonable notice shall be previously given by the Electric Authority to every consumer affected thereby, except in cases of emergency.

Pressure in mains during supply.

32. During the whole of the period when the supply of energy is required to be maintained by the Electric Authority in the distributing mains under this Order it shall be maintained at a constant pressure termed the "standard pressure," but the standard pressure may be different for different portions of the distributing mains. Provided that the Electric Authority shall be deemed to have complied with the requirements of this clause so long

as the pressure does not at any point vary more than 2 per cent. from the corresponding standard pressure in the case of a general supply at high pressure, or 3 per cent. in other cases, unless changes in pressure recur so frequently as to cause unsteadiness in the supply.

33. The standard pressure shall be fixed by the Electric Authority, and notice of the amount of such standard pressure shall be given to the Local Authority before the Electric Authority commences to supply energy to consumers, and such standard pressure shall not be altered except by permission of the Local Authority, and upon such terms and conditions as the Local Authority may impose, and after public notice has been given during a period of one month, in such manner as the Local Authority may require, of the intention of the Electric Authority to apply for permission to alter the same. The Electric Authority may appeal against any decision of the Local Authority under this clause to the Minister, whose decision shall be final. Fixing standard pressure.

34. Before commencing to give a supply of energy to any consumer, the Electric Authority shall declare to such consumer the constant pressure at which it proposes to supply energy at his terminals. The pressure so declared at any pair of consumer's terminals shall not at any time be altered or departed from except in consequence of any authorised alteration of the corresponding standard pressure. In the case of a transformation of energy on the consumer's premises, the Electric Authority shall give the consumer the choice of a supply at either of two different pressures, one of which shall be approximately half the other, and in such case the pressure so chosen by the consumer shall be the declared constant pressure. Declared pressure at consumer's terminals.

35. The variation of pressure at any consumer's terminals shall not, under any conditions of the supply which the consumer is entitled to receive, exceed 4 per cent. from the declared constant pressure. Variation of pressure at consumer's terminals.

36. If the Electric Authority makes default in complying with any of the conditions as to supply contained in the seven preceding clauses, the Electric Authority shall, subject to the provisions of this Order, be liable on conviction to a penalty not exceeding thirty pounds for every such default, and to a daily penalty not exceeding ten pounds. Penalty for default.

The recovery of a penalty under this clause shall not affect the liability of the Electric Authority to make compensation in respect of any damage or injury which may be caused by reason of the default.

37. The conditions contained in clauses 29 to 36 (inclusive) of this Order are made subject to the power of the Governor in Council to make such further or other conditions as he may think expedient, and nothing in these clauses shall be construed to authorise the Electric Authority to construct any electric line or work its undertaking otherwise than in accordance with the Act and the Regulations for the time being in force thereunder. Conditions liable to be altered.

PRICE.

38. The Electric Authority may charge for energy supplied by it to any ordinary consumer otherwise than by agreement— Methods of charging.

- (1) By the actual amount of energy so supplied; or
- (2) By the electrical quantity contained in such supply; or
- (3) By such other method as may for the time being be approved by the Minister.

Provided that when the Electric Authority charges by any method so approved by the Minister any consumer who objects to that method may by one month's notice in writing require the Electric Authority to charge him at its option by the actual amount of energy supplied to him, or by the electrical quantity contained in such supply, and thereafter the Electric Authority shall not, except with the consumer's consent, charge him by any other method.

Provided also that, before commencing to supply energy through any distributing main for the purposes of general supply, the Electric Authority shall give notice to the Local Authority by what method the Electric Authority proposes to charge for energy supplied through such main, and if the Local Authority becomes the Electric Authority under this Order, the Local Authority shall give the like notice by public advertisement; and, when the Electric Authority has given any such notice, it shall not be entitled to change such method of charging except after one month's notice of such change has been given by it to the Local Authority and to every consumer of energy who is supplied by it from such main.

39. The prices to be charged by the Electric Authority for energy supplied by it shall not exceed those stated in that behalf in the Fourth Schedule to this Order in the first and second sections thereof respectively, or in the case of a method of charge approved by the Minister, such price as the Minister shall on approving such method determine. Maximum prices. Schedule IV.

Provided that if the Local Authority or the Electric Authority shall, at any time after the expiration of seven years after the commencement of this Order, make a representation to the Minister that the prices or methods of charge stated in the said schedule or approved by the Minister ought to be altered, the Governor in Council, on the recommendation of the Minister, after such inquiry by the Minister as he may think fit, may make an order varying the prices or methods of charge stated in the said schedule or so approved as aforesaid, or substituting other prices or methods of charge in lieu thereof, and the prices or methods of charge so varied or substituted shall have effect on and after such day as may be mentioned in the order, as if they had been stated in the said schedule: Provided also, that the prices and methods of charge for the time being in force may be altered in like manner at any time after the expiration of any or every period of seven years after the same were last altered.

40. Subject to the provisions of this Order and of the Act and to the right of the consumer to require that he shall be charged according to some one or other of the methods above mentioned, the Electric Authority may make any agreement with a consumer as to the price to be charged for energy, and the mode in which such charges are to be ascertained, and may charge accordingly. Other charges by agreement.

41. The price to be charged by the Electric Authority and to be paid to it for all energy supplied to the public lamps, and the mode in which such charges shall be ascertained, shall be settled by agreement between the Local Authority and the Electric Authority, and in case of difference by arbitration under the provisions of the Act, regard being had to the circumstances of the case, and the distributing or other mains (if any) which may have to be laid for the purpose, and the prices charged to ordinary consumers in the district. Price in the case of public lamps.

ELECTRIC INSPECTORS.

42. The Local Authority, so long as it is not itself the Electric Authority for the purposes of this Order, may appoint, and keep appointed, one or more competent and impartial person or persons to be electric inspectors under this Order. Appointment of electric inspectors.

If no electric inspector is appointed by the Local Authority, or if the inspection of electric lines and works is imperfectly attended to by the Local Authority, or if the Local Authority itself becomes the Electric Authority for the purposes of this Order, the Minister, on the application of any consumer, or of the Electric Authority, may appoint, and keep appointed, one or more competent and impartial person or persons to be electric inspectors under this Order.

The duties of an electric inspector under this Order shall be as follows:—

- (1) The inspection and testing, periodically and in special cases, of the Electric Authority's electric lines and works and the supply of energy given by the Electric Authority.
- (2) The certifying and examination of meters; and
- (3) Such other duties in relation to the undertaking as may be required of him under the provisions of this Order or the Regulations.

The Local Authority, with the approval of the Minister, or the Minister, if the inspector is appointed by him, may prescribe the manner in which and the times at which any such duties are to be performed by an electric inspector, and also the fees to be taken by him, and such fees shall be accounted for and applied as may be directed by the Local Authority or the Minister, as the case may be.

Remuneration of electric inspectors.

43. The Local Authority may pay to any electric inspector appointed by it under this Order such reasonable remuneration (if any) as it may determine, and such remuneration may be in addition to, or in substitution for, any fees directed to be paid to electric inspectors in respect of their duties under this Order or the Regulations, according as the Local Authority shall determine.

Inquiry by Minister.

44. The Minister may also, if he deems it necessary, appoint any electric inspector or other fit person or persons to inquire and report as to the cause of any accident affecting the safety of the public, which may have been occasioned by or in connection with the Electric Authority's works, or as to the manner and extent in and to which the provisions of this Order and the Act, and the Regulations, so far as such provisions affect the safety of the public, have been complied with by the Electric Authority; and any person appointed under this clause, not being an electric inspector, shall for the purposes of his appointment have all the powers of an electric inspector under this Order.

TESTING AND INSPECTION.

Testing of mains.

45. On the occasion of the testing of any main of the Electric Authority reasonable notice thereof shall be given to the Electric Authority by the electric inspector, and such testing shall be carried out at such suitable hours as, in the opinion of the inspector, will least interfere with the supply of energy by the Electric Authority, and in such manner as the inspector may think expedient, but, except under the provisions of a special order in that behalf made by the Minister, he shall not be entitled to have access to or interfere with the mains of the Electric Authority at any points other than those at which the Electric Authority has reserved for itself access to the said mains: Provided that the Electric Authority shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by such inspector for the purpose of any such testing as aforesaid: Provided also that such testings shall not be made in regard to any particular portion of a main oftener than once in any three months, unless in pursuance of a special order in that behalf made by the Minister.

Testing of works and supply on consumer's premises.

46. An electric inspector, if and when required to do so by any consumer, shall, on payment by the consumer of the prescribed fee, test the variation of electric pressure at the consumer's terminals, or make such other inspection and testing of the service lines, apparatus, and works of the Electric Authority upon the consumer's premises as may be necessary for the purpose of determining whether the Electric Authority has complied with the provisions of this Order, and the Regulations and conditions subject to which it is for the time being authorised to supply energy.

Electric Authority to establish testing stations.

47. The Electric Authority shall, at such places within a reasonable distance from a distributing main, establish at its own cost and keep in proper condition such reasonable number of testing stations as the Local Authority, or, when the Local Authority is the Electric Authority, as the Minister shall deem proper and sufficient for testing the supply of energy by the Electric Authority through such main, and shall place thereat proper and suitable instruments of a pattern to be approved by the Minister, and shall connect such stations by means of proper and sufficient electric lines with such mains, and supply energy thereto for the purpose of such testing.

Electric Authority to keep instruments on its premises.

If any dispute arises between the Local Authority and the Electric Authority as to whether the number of such testing stations and the distance from the main at which they are established is reasonable or excessive, or as to any excessive or improper use of energy for such testing, or as to the performance by the Electric Authority of its duties under this clause, such dispute shall be determined by arbitration under the provisions of the Act.

Readings of instruments to be taken.

48. The Electric Authority shall set up and keep upon all premises from which it supplies energy by any distributing mains such suitable and proper instruments of such pattern and construction as may be approved of or prescribed by the Minister, and shall take and record, and keep recorded, such observations as the Minister may prescribe, and any observations so recorded shall be receivable as evidence.

Electric inspector may test instruments.

49. The Electric Authority shall keep in efficient working order all instruments which it is required by or under this Order to place, set up, or keep at any testing station or on its own premises, and any electric inspector appointed under this Order may examine and record the readings of such instruments at such times and in such manner as he may be directed by the authority by whom he is appointed, and any readings so recorded shall be receivable as evidence.

Representation of Electric Authority at testings.

50. Any electric inspector appointed under this Order shall have the right to have access at all reasonable hours to the testing stations and premises of the Electric Authority for the purpose of testing the electric lines and instruments of the Electric Authority, and ascertaining if the same are in order, and in case the same are not in order he may require the Electric Authority forthwith to have the same put in order.

Electric Authority to give facilities for testings.

51. The Electric Authority may, if it thinks fit, on each occasion of the testing of any main or service line, or the testing or inspection of any instruments of the Electric Authority by any electric inspector, be represented by some officer or other agent, but such officer or agent shall not interfere with the testing or inspection.

Penalty.

52. The Electric Authority shall afford all facilities for the proper execution of this Order with respect to inspection and testing and the readings and inspection of instruments, and shall comply with all the requirements of or under this Order in that behalf; and in case the Electric Authority makes default in complying with any of the provisions of this clause, the Electric Authority shall be liable in respect of each default to a penalty not exceeding Five pounds, and to a daily penalty not exceeding One pound.

Report of results of testing.

53. Every electric inspector shall, on the day immediately following that on which any testing has been completed by him under this Order, make and deliver a report of the results of his testing to the Local Authority or person by whom he was required to make such testing, and to the Electric Authority, and such report shall be receivable in evidence.

Expenses of electric inspector.

If the Electric Authority or any such Local Authority or person is dissatisfied with any report of any electric inspector, such authority or person may appeal to the Minister against such report, and thereupon the Minister shall inquire into and decide upon the matter of any such appeal, and his decision shall be final and binding on all parties.

54. Save as otherwise provided by this Order, or by the Regulations, all fees and reasonable expenses of an electric inspector shall, unless agreed, be ascertained by a court of summary jurisdiction or (when the inspector is appointed by him) by the Minister, and shall be paid by the Electric Authority, and may be recovered summarily.

Provided that when the report of an electric inspector, or the decision of the Minister, shows that any consumer was guilty of any default or negligence, such fees and expenses shall, on being ascertained as above-mentioned, be paid by such consumer or consumers as the court or Minister, having regard to such report or decision, shall direct, and may be recovered summarily.

Provided also that in any proceedings for penalties under this Order any such fees and expenses incurred in connection with such proceedings shall be payable by the complainant or defendant as the court may direct.

METERS.

Meters to be used unless agreement to the contrary.

55. The amount of energy supplied by the Electric Authority to any consumer under this Order, or the electrical quantity contained in such supply (according to the method by which the Electric Authority elects to charge), in this Order referred to as "the value of the supply," shall, unless otherwise agreed between such consumer and the Electric Authority, be ascertained by means of an appropriate meter duly certified under the provisions of this Order.

Meter to be certified.

56. A meter shall be considered to be duly certified under the provisions of this Order if it is certified by an electric inspector appointed under this Order to be a correct meter, and to be of some construction and pattern, and to have been fixed and to have been connected with the service lines in some manner approved by the Minister; and every such meter is in this Order referred to as a "certified meter": Provided that when any alteration is made in any certified meter, or when any such meter is unfixed or disconnected from the service lines, such meter shall cease to be a certified meter unless and until it is again certified as a certified meter under the provisions of this Order.

57. Every electric inspector, on being required to do so by the Electric Authority or by any consumer, and on payment of the prescribed fee by the party so requiring him, shall examine any meter intended for ascertaining the value of the supply, and shall certify the same as a certified meter if he considers it entitled to be so certified. Inspector to certify meters.

58. When the value of the supply is under this Order required to be ascertained by means of an appropriate meter, the Electric Authority shall, if required so to do by any consumer, supply him with an appropriate meter, and shall, if required so to do, fix the same upon the premises of the consumer and connect the service lines therewith, and procure such meter to be duly certified under the provisions of this Order, and for such purposes may authorise and empower any officer or person to enter upon such premises at all reasonable hours and execute all necessary works and do all necessary acts; provided that previously to supplying any such meter the Electric Authority may require such consumer to pay to it a reasonable sum in respect of the price of such meter, or to give security therefor, or (if he desires to hire such meter) may require him to enter into an agreement for the hire of such meter as hereinafter provided. Electric Authority to supply meters if required to do so.

59. No consumer shall connect any meter used or to be used under this Order for ascertaining the value of the supply with any electric line through which energy is supplied by the Electric Authority, or disconnect any such meter from any such electric line, unless he has given to the Electric Authority not less than forty-eight hours' notice in writing of his intention so to do; and if any person acts in contravention of this clause he shall be liable for each offence to a penalty not exceeding Two pounds, and the Electric Authority may forthwith discontinue the supply. Meters not to be connected or disconnected without notice. Penalty.

60. Every consumer shall at all times at his own expense keep all meters belonging to him whereby the value of the supply is to be ascertained in proper order for correctly registering such value, and in default of his so doing the Electric Authority may cease to supply energy through such meter. Consumer keep his meter in proper order.

The Electric Authority shall have access to and be at liberty to take off, remove, test, inspect, and replace any such meter at all reasonable times: Provided that all reasonable expenses of and incident to any such taking off, removing, testing, inspecting, and replacing, and the procuring such meter to be again duly certified when such re-certifying is thereby rendered necessary, shall, if the meter is found to be not in proper order, be paid by the consumer, but if the same is in proper order all expenses in connection therewith shall be paid by the Electric Authority.

61. The Electric Authority may let for hire any meter for ascertaining the value of the supply and any fittings thereto, for such remuneration in money, and on such terms with respect to the repair of such meter and fittings, and for securing the safety and return to the Electric Authority of such meter and fittings as may be agreed upon between the hirer and the Electric Authority, or, in case of difference, decided by the Minister, and such remuneration shall be recoverable by the Electric Authority summarily. Power to the Electric Authority to let meters.

62. The Electric Authority shall, unless the agreement of hire otherwise provides, at all times, at its own expense, keep all meters let for hire by it to any consumer, whereby the value of the supply is ascertained, in proper order for correctly registering such value, and in default of its so doing the consumer shall not be liable to pay rent for the same during such time as such default continues. The Electric Authority shall, for the purposes aforesaid, have access to and be at liberty to remove, test, inspect, and replace any such meter at all reasonable times: Provided that the expenses of procuring any such meter to be again duly certified when such re-certifying is thereby rendered necessary shall be paid by the Electric Authority. Electric Authority to keep meter let for hire in repair.

63. If any difference arises between any consumer and the Electric Authority as to whether any meter, whereby the value of the supply is ascertained (whether belonging to such consumer or the Electric Authority), is or is not in proper order for correctly registering such value, or as to whether such value has been correctly registered in any case by any meter, such difference shall be determined upon the application of either party by an electric inspector, or when the Local Authority is the consumer, by an inspector to be appointed by the Minister; such inspector shall decide by which of the parties the costs of and incidental to the proceedings before him shall be paid, and the decision of such inspector shall be final and binding on all parties. Subject as aforesaid the register of the meter shall be conclusive evidence in the absence of fraud of the value of the supply. Differences as to correctness of meter to be settled by inspector.

64. When any consumer who is supplied with energy by the Electric Authority from any distributing main is provided with a certified meter for the purpose of ascertaining the value of the supply and the Electric Authority changes the method of charging for energy supplied by it from such main, the Electric Authority shall pay to such consumer the reasonable expenses to which he may be put in providing a new meter for the purpose of ascertaining the value of the supply according to such new method of charging, and such expenses may be recovered by the consumer from the Electric Authority summarily. Electric Authority to pay expenses of providing new meters when method of charge altered.

65. In addition to any meter which may be placed upon the premises of any consumer to ascertain the value of the supply, the Electric Authority may place upon the premises of the consumer such meter or other apparatus as the Electric Authority may desire for the purpose of ascertaining or regulating either the amount of energy supplied to such consumer, or the number of hours during which supply is given, or the maximum power taken by such consumer, or any other quantity or time connected with the supply: Provided that such meter or apparatus shall be of some construction and pattern, and shall be fixed and connected with the service lines in some manner approved by the Minister, and shall be supplied and maintained entirely at the cost of the Electric Authority, and shall not, except by agreement, be placed otherwise than between the mains of the Electric Authority and the consumer's terminals. Electric Authority may place meter to measure supply or to check measurement thereof.

MAPS.

66. The Electric Authority shall forthwith, after commencing to supply energy under this Order, cause a map to be made of the area of supply, and shall cause to be marked thereon the line and the depth below the surface of all its then existing mains, service lines, and other underground works and street boxes, and shall once in every year cause such map to be duly corrected, so as to show the then existing lines. The Electric Authority shall also, if so required by the Minister or the Postmaster-General, cause to be made sections showing the level of all its existing mains and underground works other than service lines. The said map and sections shall be made on such scale or scales as the Minister may prescribe. Map of area of supply to be made and deposited.

Every map and section so made or corrected, or a copy thereof, marked with the date when it was so made or last corrected, shall be kept by the Electric Authority at its principal office within the area of supply, and shall at all reasonable times be open to the inspection of all applicants, and such applicants may take copies of the same or any part thereof. The Electric Authority may demand and take from every such applicant as aforesaid such fee not exceeding one shilling for each inspection of such map, section, or copy, and such further fee not exceeding five shillings for each copy of the same, or any part thereof, taken by such applicant, as the Electric Authority may prescribe.

The Electric Authority shall, if required, supply to the Minister, or the Postmaster-General, or the Local Authority, a copy of any such map or section, and cause such copy to be duly corrected so as to agree with the original or originals thereof as kept for the time being at the office of the Electric Authority.

If the Electric Authority fails to comply with any of the requirements of this clause with respect to maps and sections, the Electric Authority shall for every such offence be liable to a penalty not exceeding Ten pounds, and to a daily penalty not exceeding Two pounds. Penalty.

NOTICES, &c.

67. Notices, orders, and other documents under this Order may be in writing or in print, or partly in writing and partly in print, and when any notice, order, or document requires authentication by the Local Authority, the signature thereof by the chairman or clerk to the Local Authority shall be sufficient authentication. Notices, &c., may be printed or written.

Service of notices,
&c.

68. Any notice, order, or document required or authorised to be served upon any body or person under this Order may be served by the same being addressed to such body or person, and being left at or transmitted through the post to the following addresses respectively :—

- (a) In the case of the Governor in Council or the Minister, the office of the Under Secretary to the Minister ;
- (b) In the case of the Postmaster-General, the office of the Under Secretary of the Post and Telegraph Department ;
- (c) In the case of the Electric Authority, the office, or, if there is more than one office, the principal office of the Electric Authority ;
- (d) In the case of any Local Authority, the office of the Local Authority ;
- (e) In the case of any company having a registered office, the registered office of the company ;
- (f) In the case of a company having an office or offices, but no registered office, the principal office of the company ;
- (g) In the case of any other person, the usual or last known place of residence of such person.

A notice, order, or document by this Order required or authorised to be served on the owner or occupier of any premises shall be deemed to be properly addressed if addressed by the description of the "owner" or "occupier" of the premises (naming the premises) without further name or description.

Every notice, order, or document which by this Order is required to be served upon or given to any person shall be served or given by being delivered to the person for whom it was intended, or by being left at the usual or last-known place of residence or business of such person, or sent by post addressed to such person at such place. If in any case any such person or his address is not known to the authority or person serving or giving any notice, order, or document, and cannot after due inquiry be found or ascertained, then such notice, order, or document may be served by being affixed for three days to some conspicuous part of any premises to which such notice, order, or document relates.

Subject to the provisions of this Order as to cases of emergency, when the interval of time between the service of any notice or document under the provisions of this Order and the execution of any works, or the performance of any duty or act, is less than seven days, the following days shall not be reckoned in the computation of such time—that is to say, Sunday, or any holiday under and within the meaning of "*The Bank Holidays Act of 1877.*"

REVOCATION OF ORDER.

Revocation of
Order when
Electric Authority
in liquidation or
insolvent.

69. If at any time after the commencement of this Order the Governor in Council has reason to believe that the Electric Authority has made any default in executing works or supplying energy in accordance with the terms of this Order, and that such default is in consequence of the liquidation or insolvency of the Electric Authority, and that by reason of such liquidation or insolvency the Electric Authority is unable fully and efficiently to discharge the duties and obligations imposed upon it by this Order, the Governor in Council may, on the recommendation of the Minister, after such inquiry as he may think necessary, and after the Minister has considered any representations of the Local Authority, revoke this Order as to the whole or, with the consent of the Electric Authority, as to any part of the area of supply.

Revocation of
Order when
undertaking cannot
be carried on with
profit.

70. If at any time after the commencement of this Order the Electric Authority represents to the Minister that the undertaking cannot be carried on with profit, and ought to be abandoned, the Minister shall inquire into the truth of such representation, and if upon such inquiry he is satisfied of the truth of such representation he shall recommend accordingly to the Governor in Council, who may, if he thinks fit, revoke this Order as to the whole or (with the consent of the Electric Authority and of the Local Authority) as to any part of the area of supply.

Revocation of
Order with consent.

71. In addition to any other powers which the Governor in Council may have in that behalf, he may revoke this Order at any time with the consent and concurrence of the Electric Authority and the Local Authority upon such terms as the Governor in Council may think just.

Provisions when
Order revoked.

72. If the Governor in Council at any time revokes this Order as to the whole or any part of the area of supply, the following provisions shall have effect :—

- (a) The Minister shall serve a notice of such revocation upon the Electric Authority and upon the Local Authority, and shall in such notice fix a date at which such revocation shall take effect, and from and after such date all the powers and liabilities of the Electric Authority under this Order for the supply of energy within such area, or part thereof as aforesaid, shall absolutely cease and determine.
- (b) Within two months after the service of such notice by the Minister upon the Local Authority, the Local Authority, if it thinks fit, may by notice in writing require the Electric Authority to sell, and thereupon the Electric Authority shall sell to the Local Authority so much of the undertaking, or such part thereof as aforesaid as is within the district of the Local Authority, upon terms of paying the then value of all land, buildings, works, materials, and plant of the Electric Authority suitable to and used by it for the purposes of the undertaking or such part thereof as aforesaid, such value being agreed or estimated in manner directed by the Act, in the case of purchases effected by the Local Authority under section 46 of the Act.
- (c) When any purchase is so effected, the undertaking, or the part thereof so purchased, shall vest in the Local Authority, freed from any debts, mortgages, or similar obligations of the Electric Authority or attaching to the undertaking ; and the revocation of this Order, as to the whole of the area of supply, or such part thereof as aforesaid, shall extend only to the revocation of the rights, powers, authorities, duties, and obligations of the Electric Authority from whom the undertaking, or such part thereof as aforesaid, is purchased in relation to the supply of energy within such area or part thereof, and, save as aforesaid, this Order shall remain in full force within such area or part thereof in favour of the Local Authority by whom such undertaking or part thereof is purchased as aforesaid.
- (d) When no purchase has been effected under the preceding provisions of this clause, the Local Authority and any body or person who may be liable to repair any street or part of a street in which any works of the Electric Authority may have been placed, may (subject, however, to any agreement between the Local Authority or such body or person and the Electric Authority providing for the removal of such works by the Electric Authority) forthwith remove such works with all reasonable care, and the Electric Authority shall pay to the Local Authority, or other such body or person as aforesaid, such reasonable costs of such removal, and of the reinstatement of such street or part of a street as may be specified in a notice to be served on the Electric Authority by such Local Authority or other body or person, or (if so required by the Electric Authority), within one week after the service of such notice upon it) as may be settled by arbitration under the provisions of the Act.

If the Electric Authority fails to pay such reasonable costs as aforesaid within one month after the service upon it of such notice, or the delivery of the award of the arbitrator (as the case may be), the Local Authority, or other such body or person as aforesaid, may, without any previous notice to the Electric Authority (but without prejudice to any other remedy which it or he may have for the recovery of the amount), sell and dispose of any such works as aforesaid, either by public auction or private sale, and for such sum or sums and to such person or persons as it or he may think fit, and may, out of the proceeds of such sale, pay and reimburse itself or himself the amount of the costs so specified or settled as aforesaid and of the costs of sale ; and the balance (if any) of the proceeds of the sale shall be paid over by it or him to the Electric Authority.

- (e) In case the Local Authority or any body or person may be entitled to compensation for any damage sustained by it or him by reason or in consequence of the execution of any works within such area, or part thereof as aforesaid, or the exercise of any powers by this Order granted to the Electric Authority, or for any expenses to which such Local Authority, body, or person may have been put in removing any works of the Electric Authority within such area or part thereof under the provisions of this Order, such compensation shall be a first charge on any money that may have been deposited or secured by the Electric Authority under the provisions of this Order in respect of such area or part thereof, and which may not have been repaid or released to the Electric Authority, and such money shall be applied rateably in satisfying such claims, and in every such case the amount of compensation to be paid in respect of the various claims, and the persons to whom it is to be paid, shall be determined by an arbitrator to be appointed by the Minister, whose decision shall be final and binding on all parties.

GENERAL.

73. If at any time it is represented to the Minister (a) that the Electric Authority is supplying energy otherwise than by means of a system which has been approved by the Minister or (without such consent or approval as is required by this Order) has permitted any part of its circuits to be connected with earth, or placed any electric line above ground in manner contrary to the Act or the Regulations; or (b) that any electric lines or works of the Electric Authority are defective, so as not to be in accordance with the provisions of this Order or the regulations and conditions subject to which the Electric Authority is for the time being authorised to supply energy under this Order; or (c) that any work of the Electric Authority or its supply of energy is attended with danger to the public safety, or injuriously affects any telegraph line, the Minister may by order in writing make such requirements as to him may seem meet in the circumstances, and direct the Electric Authority to take such measures as may be necessary so as to comply with the Order within such period as may be therein limited in that behalf, and if the Electric Authority makes default in complying with such order the Electric Authority shall be liable to a penalty not exceeding Twenty pounds for every day during which such default continues. Remedying of system and works.

The Minister may also if he thinks fit, by the same or any other order made upon any such representation as aforesaid, forbid the use of any electric line or work as from such date as may be specified in that behalf until the order is complied with, or for such time as may be so specified, and if the Electric Authority makes use of any such electric line or work while the use thereof is so forbidden the Electric Authority shall be liable to a penalty not exceeding Fifty pounds for every day during which such user continues. Penalty.

When the Electric Authority is supplying energy otherwise than by means of a system which has been approved of by the Minister, and fails to comply with any order under this clause in respect thereof within the time therein limited in that behalf, the Governor in Council may, if he thinks fit, whether a pecuniary penalty has been recovered or not, revoke this order on such terms as he may think just. Revocation of Order.

74. All regulations and conditions made by the Governor in Council under this Order or the Act, affecting the undertaking and for the time being in force, shall within one month after the same, as made or last altered, have come into force, be printed at the expense of the Electric Authority, and a true copy thereof, certified by or on behalf of the Electric Authority, shall be forthwith served upon the Local Authority, and like copies shall also be kept by the Electric Authority at its principal office within the area of supply, and supplied to any person demanding the same at a price not exceeding Sixpence for each copy. Publication of regulations.

If the Electric Authority makes default in complying with the provisions of this clause the Electric Authority shall be liable to a penalty not exceeding Five pounds, and to a daily penalty not exceeding Two pounds. Penalty.

75. When any security is required under this Order to be given to or by the Electric Authority, such security may be by way of deposit or otherwise, and of such amount as may be agreed upon between the parties, or as in default of agreement may be determined, on the application of either party, by a court of summary jurisdiction, which may also order by which of the parties the costs of the proceedings before it shall be paid, and the decision of the said court shall be final and binding on all parties: Provided that when any such security is given by way of deposit the party to whom such security is given shall pay interest at the rate of Four pounds per centum per annum on every sum of Ten shillings so deposited for every six months during which the same remains in his hands. Nature and amount of security.

76. When this Order provides for any consent or approval of the Governor in Council or Minister, the Governor in Council or Minister may give such consent or approval subject to terms or conditions, or may withhold his consent or approval as he may think fit. Approval or consent of Governor in Council or Minister.

All costs and expenses of or incident to any approval, consent, certificate, or order of the Governor in Council or Minister, or of any inspector or person appointed by the Minister, including the cost of any inquiry or tests for the purpose of determining whether the same should be given or made, to such an amount as the Governor in Council or Minister shall certify to be due, shall be borne and paid by the applicant or applicants therefor: Provided always that when any approval is given by the Governor in Council or Minister to any plan, pattern, or specification, he may require such copies of the same, as he may think fit, to be prepared and deposited at such place as may be directed at the expense of the said applicant or applicants, and may, as he thinks fit, revoke any approval so given, or permit such approval to be continued, subject to such modifications as he may think necessary.

77. When the Governor in Council, upon the application of the Electric Authority, gives any approval or grants any extension of any time limited for the performance of any duties by the Electric Authority, or when the Governor in Council, upon the application of the Local Authority or the Electric Authority, revokes this Order as to the whole or any part of the area of supply, notice that such approval has been given, or such extension of time granted, or such revocation made shall, if the Governor in Council so directs, be published by public advertisement once at least in the *Government Gazette* and once at least in each of two successive weeks in some one and the same local newspaper by the Authority, company, or person by whom such application was made as aforesaid. Notice of approval of the Governor in Council to be given by advertisement.

78. When any application is made to the Governor in Council to extend any time limited for the performance of any duties by the Electric Authority, notice of such application shall be served on the Local Authority by the Electric Authority, and an opportunity shall be given to the Local Authority to make representations or objections with reference thereto. Notice of application for extension of time, &c., to be given to Local Authority.

79. When no penalty is prescribed for any breach of the provisions of this Order, the offender shall be liable to a penalty not exceeding Twenty pounds. Penalty when none prescribed.

80. All penalties, fees, expenses, and other moneys imposed by or recoverable under this Order, the recovery of which is not otherwise specially provided for, may be recovered in a summary way before any two justices, by any person who shall sue or proceed for the same. Recovery and application of penalties.

Any penalty recovered on prosecution by any officer of the Local Authority shall, if there is an electric inspector for the time being appointed by the Local Authority, be paid to such officer, and by him to the Local Authority.

Any penalty recovered on prosecution by any other body or person, or any part thereof, may, if the court so directs, be paid to such body or person.

81. The Electric Authority shall be answerable for all accidents, damages, and injuries happening through the act or default of the Electric Authority or of any person in its employment by reason of or in consequence of the act or default of the Electric Authority's works, and shall save harmless all authorities, bodies, and persons by whom any street is repairable, and all other authorities, companies, and bodies collectively and individually, and their officers and servants, from all damages and costs in respect of such accidents, damages, and injuries. Electric Authority to be responsible for all damages.

82. Nothing in this Order shall prevent the Electric Authority borrowing money on the security of mortgages of the undertaking, or shall make the consent or approval of the Governor in Council necessary to the validity or effect of any such mortgage: Provided that every mortgage of the undertaking shall be deemed to comprise all As to mortgages.

purchase money which may be paid to the Electric Authority in the event of any sale or transfer of the undertaking, or any part thereof, under section 46 of this Act, or under this Order, and that any mortgage granted by the Electric Authority shall not be a charge upon the undertaking, or any part thereof, in the event of the undertaking or such part being sold or transferred as aforesaid, and that every mortgage deed granted by the Electric Authority shall be endorsed with notice to that effect.

Saving clause for
Postmaster-General.

83. Nothing in this Order shall affect any right or remedy of the Postmaster-General under the Act or *"The Post and Telegraph Act, 1891,"* and all provisions contained in this Order in favour of the Postmaster-General shall be construed to be in addition to and not in modification of the provisions of those Acts.

Electric Authority
not exempted from
proceedings for
nuisance.

84. Nothing in this Order shall exonerate the Electric Authority from any indictment, action, or other proceedings for nuisance in the event of any nuisance being caused by the Electric Authority.

Electric Authority
not exempt from
the provisions of
the Act, or the
Regulations or
future Acts.

85. Nothing in this Order shall exempt the Electric Authority or its undertaking from the provisions of the Act, or the Regulations for the time being, nor exempt the Electric Authority from the provisions of, nor deprive it of the benefits of any Act relating to electricity which may be passed after the commencement of this Order.

Temporary provision.

Removal of
existing
above-ground
works.

86. When any electric lines or works of the Electric Authority have been erected, laid down, or placed above-ground before the commencement of this Order (except so far as the placing thereof above-ground is permitted by this Order) they shall be removed by the Electric Authority not later than the eleventh day of May, 1898.

Penalty.

If the Electric Authority fails to remove any electric lines or works in contravention of this clause, the Electric Authority shall be liable to a penalty not exceeding ten pounds for every such offence, and to a daily penalty not exceeding five pounds; and any Court of summary jurisdiction, on complaint made, may make an order authorising and directing the removal of any such lines or works by such person and on such terms as may seem fit.

Queensland Government Gazette

PUBLISHED BY AUTHORITY.

VOL. LXVII.]

SATURDAY, 12TH JUNE, 1897.

[No. 144.]

Government House,
Brisbane, 4th May, 1897.

HIS Excellency the Governor will hold a Levée, in honour of the Celebration of the Sixtieth year of Her Most Gracious Majesty Queen Victoria's Reign, on TUESDAY, the 22nd of June, at 11:30 a.m.

There will be no Levée on the 24th of May this year.

By His Excellency's Command,
C. PYNE, Captain, Aide-de-Camp.

REGULATIONS FOR THE LEVÉE.

Gentlemen attending the Levée will wear official or military uniform or evening dress.

Each gentleman (including gentlemen who are entitled to the private entrée) will come provided with two cards, with his name printed, engraved, or *legibly written* thereon, one to be left in the Entrance Hall, the other to be given to the Aide-de-Camp in waiting.

It is particularly requested that, in every case where the names are not printed or engraved, they be *very distinctly written* upon the cards to be delivered to the Aide-de-Camp in waiting, in order that there may be no difficulty in announcing them to His Excellency.

Gentlemen entitled to the private entrée will assemble in the Small Drawing-room at a quarter past 11; Members of both Houses of Parliament in the Dining-room; and other gentlemen in the Hall.

No cards will be issued for the private entrée, but all gentlemen who are entitled to it, according to the list published below, are invited to attend.

Gentlemen entitled to the private entrée will pass His Excellency as soon as the Levée commences, followed by the Members of both Houses of Parliament, who will be followed by the gentlemen assembled in the Hall.

Carriages will set down and take up at the Main Entrance.

By His Excellency's Command,
C. PYNE, Aide-de-Camp.

Road Case No. 1480.

NOTICE OF CONFIRMATION OF NEW ROADS.

HIS Excellency the Governor, with the advice of the Executive Council, and in pursuance of the provisions of "The Public Works Lands Resumption Act of 1878," having been pleased to confirm the roads described in the Book of Reference hereunder, it is hereby notified, for general information, that any parties entitled to compensation in consequence of the opening of the said roads are requested to deliver to the Secretary for Public Lands the particulars of their estate and interest in the land required for the said roads and their claims for compensation on account thereof, within sixty (60) days from the date of service of this notice; and the said parties are further informed that the Secretary for Public Lands is willing to treat for the purchase of the land which has been resumed and the damage that may be sustained by reason of the opening of the said roads.

J. F. G. FOXTON.

Book of Reference of New Roads through portions 49, 18, 13, and 16, and Branch Road through portion 16, all in the parish of Maroochy, county of Canning.

1. Commencing at a point on the eastern boundary of portion 49 about four chains from Boggy Creek, an anabranch of the Maroochy River, westerly through that portion bearing 280 degrees seven chains three links, and 292 degrees 30 minutes eight chains twenty-seven links; containing 1 acre 2 roods; registered owner, Robert Fleming. Land is unenclosed, unimproved, and unoccupied.

2. In continuation of last-mentioned road westerly through portion 18 bearing 292 degrees 30 minutes one chain seventy-three links, 237 degrees twenty-one chains, 295 degrees five and a-half chains, and 275 degrees five and a-half chains; containing 3 acres 1 rood 20 perches; registered owner, William Clark Low. Land unenclosed, unimproved, and unoccupied.

3. In continuation of last-mentioned road through portion 13 bearing 266 degrees 30 minutes ten and a-half chains, 251 degrees ten and a-half chains, 272 degrees 20 minutes five chains, 243 degrees 33 minutes five chains, and 291 degrees three chains twenty-two links; area, 3 acres 1 rood 27 perches; registered owner, Robert Fleming. Land unenclosed, unimproved, and unoccupied.

4. In continuation of last-mentioned road through portion 16 bearing 291 degrees four chains fifty-six links to a reserved road; containing 2 roods; registered owner, Robert Fleming. Land unenclosed, unimproved, and unoccupied.

5. Branch road from last-mentioned road through portion 16 for five and a-half chains north along and within its eastern boundary to a reserved road; containing 2 roods 24 $\frac{1}{10}$ perches; registered owner, Robert Fleming. Land unenclosed, unimproved, and unoccupied.

NOTE.—It is intended to open the roads through portions 49, 18, and 13 in exchange for the originally reserved roads through these portions, which roads will be closed; and to open the branch road through portion 16 in lieu of the corresponding part of the original road through that portion.

A Plan and Book of Reference of the abovementioned roads can be seen at this Office, at the Office of the Clerk of Petty Sessions in Brisbane, and at the Office of the Maroochy Divisional Board.

REGULATIONS RELATING TO THE PREVENTION OF COLLISIONS AT SEA AND TO SIGNALS OF DISTRESS.

HIS Excellency the Governor, with the advice of the Executive Council, and on the recommendation of the Marine Board of Queensland, has, in pursuance of the provisions of "The Port Dues Revision Act of 1882," been pleased to make the Regulations contained in Schedule 1 hereto, and has also, in pursuance of provisions of "The Navigation Act of 1876," been pleased to direct that the Regulations contained in Schedule 2 hereto shall be substituted for the Regulations relating to Signals of Distress contained in Schedule D to the last-mentioned Act.

ROBERT PHILP.

SCHEDULE I.

PRELIMINARY.

These Rules shall be followed by all vessels upon the high seas and in all waters connected therewith navigable by sea-going vessels.

In the following Rules every steam vessel which is under sail and not under steam is to be considered a sailing vessel, and every vessel under steam, whether under sail or not, is to be considered a steam vessel.

The word "steam vessel" shall include any vessel propelled by machinery.

A vessel is "under way" within the meaning of these Rules when she is not at anchor or made fast to the shore or aground.

RULES CONCERNING LIGHTS, &c.

The word "visible" in these Rules, when applied to lights, shall mean visible on a dark night with a clear atmosphere.

Art. 1. The Rules concerning lights shall be complied with in all weathers from sunset to sunrise, and during such time no other lights which may be mistaken for the prescribed lights shall be exhibited.

Art. 2. A steam vessel when under way shall carry—

- (a) On or in front of the foremast, or if a vessel without a foremast, then in the fore part of the vessel, at a height above the hull of not less than 20 feet, and if the breadth of the vessel exceeds 20 feet, then at a height above the hull not less than such breadth, so, however, that the light need not be carried at a greater height above the hull than 40 feet, a bright white light, so constructed as to show an unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side of the vessel—viz., from right ahead to 2 points abaft the beam on either side, and of such a character as to be visible at a distance of at least 5 miles.
- (b) On the starboard side a green light so constructed as to show an unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least 2 miles.
- (c) On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to 2 points abaft the beam on the port side, and of such a character as to be visible at a distance of at least 2 miles.
- (d) The said green and red side-lights shall be fitted with inboard screens projecting at least 3 feet forward from the light, so as to prevent these lights from being seen across the bow.
- (e) A steam vessel when under way may carry an additional white light similar in construction to the light mentioned in subdivision (a). These two lights shall be so placed in line with the keel that one shall be at least 15 feet higher than the other, and in such a position with reference to each other that the lower light shall be forward of the upper one. The vertical distance between these lights shall be less than the horizontal distance.

Art. 3. A steam vessel when towing another vessel shall, in addition to her side-lights, carry two bright white lights in a vertical line one over the other, not less than 6 feet apart, and when towing more than one vessel shall carry an additional bright white light 6 feet above or below such lights, if the length of the tow, measuring from the stern of the towing vessel to the stern of the last vessel towed, exceeds 600 feet. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light mentioned in Article 2 (a), except the additional light, which may be carried at a height of not less than 14 feet above the hull.

Such steam vessel may carry a small white light abaft the funnel or aftermast for the vessel towed to steer by, but such light shall not be visible forward of the beam.

Art. 4. (a) A vessel which from any accident is not under command, shall carry at the same height as the white light mentioned in Article 2 (a), where they can best be seen, and if a steam vessel, in lieu of that light, two red lights, in a vertical line one over the other, not less than 6 feet apart, and of such a character as to be visible all round the horizon at a distance of at least 2 miles; and shall by day carry in a vertical line one over the other, not less than 6 feet apart, where they can best be seen, two black balls or shapes, each 2 feet in diameter.

(b) A vessel employed in laying or in picking up a telegraph cable shall carry in the same position as the white light mentioned in Article 2 (a), and, if a steam vessel, in lieu of that light, three lights in a vertical line one over the other, not less than 6 feet apart. The highest and lowest of these lights shall be red, and the middle light shall be white, and they shall be of such a character as to be visible all round the horizon, at a distance of at least 2 miles. By day she shall carry in a vertical line one over the other, not less than 6 feet apart, where they can best be seen, three shapes not less than 2 feet in diameter, of which the highest and lowest shall be globular in shape and red in colour, and the middle one diamond in shape and white.

(c) The vessels referred to in this Article, when not making way through the water, shall not carry the side-lights, but when making way shall carry them.

(d) The lights and shapes required to be shown by this Article are to be taken by other vessels as signals that the vessel showing them is not under command and cannot therefore get out of the way.

These signals are not signals of vessels in distress and requiring assistance. Such signals are contained in Article 31.

Art. 5. A sailing vessel under way, and any vessel being towed, shall carry the same lights as are prescribed by Article 2 for a steam vessel under way, with the exception of the white lights mentioned therein, which they shall never carry.

Art. 6. Whenever, as in the case of small vessels under way during bad weather, the green and red side-lights cannot be fixed, these lights shall be kept at hand lighted and ready for use; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side, nor, if practicable, more than 2 points abaft the beam on their respective sides.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

Art. 7. Steam vessels of less than 40, and vessels under oars or sails of less than 20, tons gross tonnage, respectively, and rowing boats, when under way, shall not be obliged to carry the lights mentioned in Article 2 (a) (b) and (c), but if they do not carry them they shall be provided with the following lights:—

1. Steam vessels of less than 40 tons shall carry:—

- (a) In the fore part of the vessel, or on or in front of the funnel, where it can best be seen, and at a height above the gunwale of not less than 9 feet, a bright white light constructed and fixed as prescribed in Article 2 (a), and of such a character as to be visible at a distance of at least 2 miles.
- (b) Green and red side-lights constructed and fixed as prescribed in Article 2 (b) and (c), and of such a character as to be visible at a distance of at least 1 mile, or a combined lantern showing a green light and a red light from right ahead to 2 points abaft the beam on their respective sides. Such lanterns shall be carried not less than 3 feet below the white light.

2. Small steamboats, such as are carried by sea-going vessels, may carry the white light at a less height than 9 feet above the gunwale, but it shall be carried above the combined lantern mentioned in subdivision 1 (b).

3. Vessels under oars or sails, of less than 20 tons, shall have ready at hand a lantern with a green glass on one side and a red glass on the other, which, on the approach of or to other vessels, shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

4. Rowing boats, whether under oars or sail, shall have ready at hand a lantern showing a white light, which shall be temporarily exhibited in sufficient time to prevent collision.

The vessels referred to in this Article shall not be obliged to carry the lights prescribed by Article 4 (a) and Article 11, last paragraph.

Art. 8. Pilot vessels, when engaged on their station on pilotage duty, shall not show the lights required for other vessels, but shall carry a white light at the masthead, visible all round the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

On the near approach of or to other vessels they shall have their side-lights lighted, ready for use, and shall flash or show them at short intervals, to indicate the direction in which they are heading, but the green light shall not be shown on the port side, nor the red light on the starboard side.

A pilot vessel of such a class as to be obliged to go alongside of a vessel to put a pilot on board, may show the white light instead of carrying it at the masthead, and may, instead of the coloured lights above mentioned, have at hand ready for use a lantern with a green glass on the one side and a red glass on the other, to be used as prescribed above.

Pilot vessels, when not engaged on their station on pilotage duty, shall carry lights similar to those of other vessels of their tonnage.

Art. 9. A vessel which is being overtaken by another shall show from her stern to such last-mentioned vessel a white light or a flare-up light.

The white light required to be shown by this Article may be fixed and carried in a lantern, but in such case the lantern shall be so constructed, fitted, and screened that it shall throw an unbroken light over an arc of the horizon of 12 points of the compass—viz., for 6 points from right aft on each side of the vessel, so as to be visible at a distance at least 1 mile. Such light shall be carried as nearly as practicable on the same level as the side-lights.

Art. 10. Open boats and fishing vessels of less than 20 tons net registered tonnage, when under way and when not having their nets, trawls, dredges, or lines in the water, shall not be obliged to carry the coloured side-lights; but every such boat and vessel shall in lieu thereof have ready at hand a lantern with a green glass on the one side and a red glass on the other side, and on approaching to or being approached by another vessel such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

Art. 11. A vessel under 150 feet in length, when at anchor, shall carry forward, where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light in a lantern so constructed as to show a clear, uniform, and unbroken light visible all round the horizon at a distance of at least 1 mile.

A vessel of 150 feet or upwards in length, when at anchor, shall carry in the forward part of the vessel, at a height of not less than 20, and not exceeding 40, feet above the hull, one such light, and at or near the stern of the vessel, and at such a height that it shall be not less than 15 feet lower than the forward light, another such light.

The length of a vessel shall be deemed to be the length appearing in her certificate of registry.

A vessel aground in or near a fairway shall carry the above light or lights and the two red lights prescribed by Article 4 (a).

Art. 12. Every vessel may, if necessary in order to attract attention, in addition to the lights which she is by these Rules required to carry, show a flare-up light or use any detonating signal that cannot be mistaken for a distress signal.

Art. 13. Nothing in these Rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war or for vessels sailing under convoy, or with the exhibition of recognition signals adopted by shipowners, which have been authorised by their respective Governments and duly registered and published.

Art. 14. A steam vessel proceeding under sail only, but having her funnel up, shall carry in daytime, forward, where it can best be seen, one black ball or shape 2 feet in diameter.

SOUND SIGNALS FOR FOG, &c.

Art. 15. All signals prescribed by this Article for vessels under way shall be given:

1. By "steam vessels," on the whistle or siren.
2. By "sailing vessels and vessels towed," on the fog-horn.

The words "prolonged blast" used in this Article shall mean a blast of from four to six seconds' duration.

A steam vessel shall be provided with an efficient whistle or siren, sounded by steam or some substitute for steam, so placed that the sound may not be intercepted by any obstruction, and with an efficient fog-horn, to be sounded by mechanical means, and also with an efficient bell. A sailing vessel of 20 tons gross tonnage or upwards shall be provided with a similar fog-horn and bell.

In fog, mist, falling snow, or heavy rain storms, whether by day or night, the signals described in this Article shall be used as follows, viz.:

- (a) A steam vessel having way upon her shall sound, at intervals of not more than two minutes, a prolonged blast.
- (b) A steam vessel under way, but stopped, and having no way upon her, shall sound, at intervals of not more than two minutes, two prolonged blasts, with an interval of about one second between them.
- (c) A sailing vessel under way shall sound, at intervals of not more than one minute, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.
- (d) A vessel when at anchor shall, at intervals of not more than one minute, ring the bell rapidly for about five seconds.
- (e) A vessel when towing, a vessel employed in laying or in picking up a telegraph cable, and a vessel under way, which is unable to get out of the way of an approaching vessel through being not under command, or unable to manoeuvre as required by these Rules shall, instead of the signals prescribed in subdivisions (a) and (c) of this Article, at intervals of not more than two minutes, sound three blasts in succession—viz.: one prolonged blast followed by two short blasts. A vessel towed may give this signal, and she shall not give any other.

Sailing vessels and boats of less than 20 tons gross tonnage shall not be obliged to give the abovementioned signals, but if they do not, they shall make some other efficient sound-signal at intervals of not more than one minute.

SPEED OF SHIPS TO BE MODERATE IN FOG, &c.

Art. 16. Every vessel shall, in a fog, mist, falling snow, or heavy rain storms, go at a moderate speed, having careful regard to the existing circumstances and conditions.

A steam vessel hearing, apparently forward of her beam, the fog-signal of a vessel, the position of which is not ascertained, shall, so far as the circumstances of the case admit, stop her engines, and then navigate with caution until danger of collision is over.

STEERING AND SAILING RULES.

Preliminary—Risk of Collision.

Risk of collision can, when circumstances permit, be ascertained by carefully watching the compass bearing of an approaching vessel. If the bearing does not appreciably change, such risk should be deemed to exist.

Art. 17. When two sailing vessels are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, viz.:

- (a) A vessel which is running free shall keep out of the way of a vessel which is close-hauled.
- (b) A vessel which is close-hauled on the port tack shall keep out of the way of a vessel which is close-hauled on the starboard tack.
- (c) When both are running free, with the wind on different sides, the vessel which has the wind on the port side shall keep out of the way of the other.
- (d) When both are running free, with the wind on the same side, the vessel which is to windward shall keep out of the way of the vessel which is to leeward.
- (e) A vessel which has the wind aft shall keep out of the way of the other vessel.

Art. 18. When two steam vessels are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where vessels are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two vessels which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are, when each of the two vessels is end on, or nearly end on, to the other; in other words, to cases in which, by day, each vessel sees the masts of the other in a line, or nearly in a line, with her own; and by night, to cases in which each vessel is in such a position as to see both the side-lights of the other.

It does not apply, by day, to cases in which a vessel sees another ahead crossing her own course; or by night, to cases where the red light of one vessel is opposed to the red light of the other, or where the green light of one vessel is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

Art. 19. When two steam vessels are crossing, so as to involve risk of collision, the vessel which has the other on her own starboard side shall keep out of the way of the other.

Art. 20. When a steam vessel and a sailing vessel are proceeding in such directions as to involve risk of collision, the steam vessel shall keep out of the way of the sailing-vessel.

Art. 21. Where by any of these Rules one of two vessels is to keep out of the way, the other shall keep her course and speed.

NOTE.—When, in consequence of thick weather or other causes, such vessel finds herself so close that collision cannot be avoided by the action of the giving-way vessel alone, she also shall take such action as will best aid to avert collision. (See Articles 27 and 29.)

Art. 22. Every vessel which is directed by these Rules to keep out of the way of another vessel shall, if the circumstances of the case admit, avoid crossing ahead of the other.

Art. 23. Every steam vessel which is directed by these Rules to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed or stop or reverse.

Art. 24. Notwithstanding anything contained in these Rules, every vessel overtaking any other shall keep out of the way of the overtaken vessel.

Every vessel coming up with another vessel from any direction more than 2 points abaft her beam—i.e., in such a position with reference to the vessel which she is overtaking that at night she would be unable to see either of that vessel's side-lights, shall be deemed to be an overtaking vessel; and no subsequent alteration of the bearing between the two vessels shall make the overtaking vessel a crossing vessel within the meaning of these Rules, or relieve her of the duty of keeping clear of the overtaken vessel until she is finally past and clear.

As by day the overtaking vessel cannot always know with certainty whether she is forward of or abaft this direction from the other vessel, she should, if in doubt, assume that she is an overtaking vessel and keep out of the way.

Art. 25. In narrow channels every steam vessel shall, when it is safe and practicable, keep to that side of the fairway or midchannel which lies on the starboard side of such vessel.

Art. 26. Sailing vessels underway shall keep out of the way of sailing vessels or boats fishing with nets, or lines, or trawls. This rule shall not give to any vessel or boat engaged in fishing the right of obstructing a fairway used by vessels other than fishing vessels or boats.

Art. 27. In obeying and construing these Rules, due regard shall be had to all dangers of navigation and collision, and to any special circumstances which may render a departure from the above Rules necessary in order to avoid immediate danger.

Sound Signals for Vessels in Sight of one another.

Art. 28. The words "short blast" used in this Article shall mean a blast of about one second's duration.

When vessels are in sight of one another, a steam vessel underway, in taking any course authorised or required by these Rules, shall indicate that course by the following signals on her whistle or siren—viz.:

- One short blast to mean, "I am directing my course to starboard";
- Two short blasts to mean, "I am directing my course to port";
- Three short blasts to mean, "My engines are going full speed astern."

No Vessel under any circumstances to Neglect Proper Precautions.

Art. 29. Nothing in these Rules shall exonerate any vessel, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper lookout, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

Reservation of Rules for Harbours and Inland Navigation.

Art. 30. Nothing in these Rules shall interfere with the operation of a special rule duly made by a Local Authority relative to the navigation of any harbour, river, or inland waters.

SCHEDULE II.

DISTRESS SIGNALS.

Art. 31. When a vessel is in distress and requires assistance from other vessels or from the shore, the following shall be the signals to be used or displayed by her, either together or separately; viz.:

In the daytime—

1. A gun or other explosive signal fired at intervals of about a minute;
2. The International Code signal of distress indicated by N. C.;
3. The distant signal, consisting of a square flag, having either above or below it a ball or anything resembling a ball;
4. A continuous sounding with any fog-signal apparatus.

At night—

1. A gun or other explosive signal fired at intervals of about a minute;
2. Flames on the vessel (as from a burning tar-barrel, oil-barrel, &c.);
3. Rockets or shells, throwing stars of any colour or description, fired one at a time at short intervals;
4. A continuous sounding with any fog-signal apparatus.

The foregoing Rules and Regulations were made by the Marine Board this fourth day of May, 1897.

THURINGOWA WATER AUTHORITY.

The Treasury,
Brisbane, 9th June, 1897.

HIS Excellency the Governor, with the advice of the Executive Council, has, in pursuance of the provisions of "The Water Authorities Act of 1891," been pleased to approve of the following By-law made by the Thuringowa Water Authority.

ROBERT PHILP.

WHEREAS by "The Water Authorities Act of 1891" it is enacted that a Water Authority may make By-laws for all or any of the purposes in the said Act mentioned: It is hereby resolved by the Board of the Thuringowa Division (being the Water Authority duly constituted for the Thuringowa Water Area), by and with the approval of the Governor in Council, that the following By-law shall be in force within the said water area from the date of the publication hereof:—

In this By-law the term "Water Authority" shall mean the Water Authority of the Thuringowa Water Area, as constituted by Order in Council dated 14th January, 1897, and published in the *Gazette* dated 16th January, 1897.

BY-LAW No. 1.

FOR THE REGULATION AND MANAGEMENT OF THE WATER SUPPLY OF THE THURINGOWA WATER AREA.

Basis or principle of water rates.

1. The following rates and charges are those which the owners and occupiers of lands and premises, whether actually occupied or not, which abut upon or have direct access to or from any road or other place in the water area, and which are within 300 feet of the main pipe, shall pay in respect to water supplied by the Water Authority.

For water supplied for domestic purposes otherwise than by measure, water rates shall be assessed on the principle or basis of the superficial measurement of the buildings upon the land. Such principle shall be in proportion to the superficial area of the floors in the building upon the land, according to the following scales. The quantity of water which consumers are entitled to receive from the works for domestic purposes shall not exceed that hereinafter prescribed as the maximum.

Scale of charges and maximum quantity for private houses.

2. For private residences and business premises united with private residences, and for buildings in the occupation of the Crown or of any person or corporation which are used for public purposes, or of any trustee for any agricultural or pastoral society for show grounds.

For every 50 feet over 1,000 feet up to 2,000 feet, three shillings and ninepence per 50 feet or any fractional part thereof.

For every 100 feet over 2,000 feet, one shilling and threepence per 100 feet or any fractional part thereof.

All water used in excess of the above prescribed maximum quantity shall be charged to the occupier, owner, or consumer, and paid for by him at the price of two shillings per 1,000 gallons, or any fractional part thereof, as ascertained by the register of an authorised meter.

When the measurement of any building exceeds 1,000 square feet, the quantity of water allowed to be used shall not exceed, for every 100 square feet in excess of the 1,000 square feet, 5,000 gallons per annum, or a proportionate quantity thereof for every calendar month.

Scale of charges—business premises.

For business premises unconnected with private residences.

	2 15 0	36,662	3,055

For every 50 feet over 1,000 feet up to 2,000 feet, two shillings and ninepence per 50 square feet, or any fractional part thereof. For every 100 feet over 2,000 feet, one shilling and threepence per 100 feet, or any fractional part thereof.

All water used in excess of the above prescribed maximum quantity shall be charged to the owner, occupier, or consumer, and paid for by him at the price of two shillings per 1,000 gallons, or any fractional part thereof, as ascertained by the register of an authorised meter.

When the measurement of any building exceeds 1,000 square feet, the quantity of water allowed to be used shall not exceed 5,000 gallons per annum, or a proportionate quantity per calendar month for every 100 square feet in excess of the 1,000 feet.

Public-houses—hotels.

3. For public-houses and hotels the water rate shall be for every 100 square feet, or fractional part thereof, up to 2,000 square feet, ten shillings and sixpence; for every 100 square feet, or fractional part thereof, over 2,000 square feet, one shilling and threepence; provided that the quantity of water allowed to be used shall not exceed 5,000 gallons per annum, or a proportionate quantity for every calendar month, for every 100 square feet contained in the superficial area of the floors of the building upon the land.

All water in excess of the above prescribed quantity shall be charged to the occupier or owner, and paid for by him at the price of two shillings per 1,000 gallons, or fractional part thereof, as ascertained by the register of an authorised meter.

Butchers' shops.

4. For butchers' shops the water rate shall be for every 100 square feet up to 2,000 square feet, twelve shillings and threepence; for every 100 square feet over 2,000 square feet, one shilling and threepence; provided that the quantity of water allowed to be used shall not exceed 5,000 gallons per annum, or proportionate part for every calendar month, for every 100 square feet contained in the superficial area of the floors of the building upon the land. All water in excess of the above prescribed quantity shall be charged to the occupier or owner, and paid for by him at the price of two shillings per 1,000 gallons, or fractional part thereof, as ascertained by the register of an authorised meter.

Churches, hospitals, &c.

5. For any building erected upon any land used exclusively for public worship, or for public worship and educational purposes, or for mechanics' institutes, schools of arts, schools of mines, libraries, cemeteries, and hospitals, the water rate shall be assessed on the basis or principle of the superficial measurement of the buildings upon the land; and shall be charged at two-thirds of the scale of charges prescribed for water supplied to business premises unconnected with private residences, subject to the provision hereof as to the prescribed or maximum quantity allowed to be used.

Hospitals may be charged under special agreement.

6. Water may be supplied to hospitals under special agreement at such prices or rate as may be agreed upon.

Building purposes.

7. The charge for water supplied for building purposes shall be at the price of two shillings per 1,000 gallons, payable monthly, as ascertained by an authorised meter, and subject to the provisions of this By-law with respect to having meters and keeping the same in repair.

In every case where water is supplied for building purposes before any permission to supply water shall be granted, a deposit of such sum of money as the chairman of the Water Authority may from time to time determine shall be paid by the builder or owner, and held by the Water Authority during the time the water is supplied, as a guarantee of the due and prompt payment of all charges for water so supplied, and for the hire or cost of repair of the meter.

Such deposit shall be absolutely forfeited to the Water Authority as liquidated damages if default of payment of the charges for the water supplied or hire of meter, or cost of repair thereto, be made for one calendar month after the quantity consumed has been ascertained by the register of the authorised meter.

Vacant or unoccupied lands.

8. Vacant or unoccupied lands which abut upon or have direct access to or from any street or road in which a main pipe has been laid down, and which lands are within 300 feet of such main pipe, shall be rated for water as follows:—For every frontage of 66 feet and under to any street in which a—

3-inch main pipe or under is laid, 3s. per annum,

6-inch main pipe is laid, 5s. per annum.

Provided that if any building, the superficial measurement of which shall exceed 500 square feet, be erected on any land, the area of which shall exceed one-quarter of an acre, then every quarter of an acre or part thereof exceeding the first quarter of an acre shall be deemed and considered to be vacant lands for the purposes of the above rates.

If the superficial measurement of any building shall be more than 500 square feet, but not greater than 1,000 square feet, and the area of the land shall exceed one half-acre, then every half-acre, or part thereof, in excess of the first half-acre shall be deemed vacant land for the purposes of the above rate.

If the superficial measurement of any building shall be more than 1,000 square feet, but not greater than 1,500 square feet, and the area of the land shall exceed three-quarters of an acre, then every three-quarters of an acre, or part thereof, in excess of the first three-quarters of an acre shall be deemed vacant land for the purpose of the above rate.

If the superficial measurement of any building shall be more than 1,500 square feet, but not greater than 2,000 square feet, and the area of the land shall exceed an acre, then every acre, or part thereof, in excess of the first acre shall be deemed vacant land for the purpose of the above rate.

Supply by measure.

9. The charge for water supplied by measure, as registered by an authorised meter, shall be two shillings per 1,000 gallons.

Public troughs.

10. The charge for water supplied to troughs under the control of the Water Authority shall be one shilling and sixpence per 1,000 gallons, as ascertained by measure of an authorised meter.

Purposes other than domestic—gardens, boilers, &c.

11. The Water Authority may require at any time that water used for any gas-engines, steam boilers, trade manufacture, or for cattle and horses, or for watering gardens or other lands, or for troughs or fountains, or for any ornamental purpose, or for irrigation, or as a motive power on any land or premises, shall be paid for at the rate of

two shillings per 1,000 gallons, for any excess of the quantity allowed to be consumed on any such land or premises for domestic purposes; such excess to be ascertained by an authorised meter.

Applications for connections to be lodged at Water Authority's office.

12. Applications for permissions to lay on water to any premises from the Water Authority's mains, or from service pipes, must be lodged at the office of the Water Authority at least twenty-four hours before the work is required to be done. Such notice to be on the printed forms which are supplied on application.

Every application shall state the number of taps to be connected, and for the correctness of the information written thereon the plumber will be held responsible.

Applications to contain fullest information.

13. Applications not containing the fullest information as to the situation and description of the land, the house, the occupier's and owner's name, the number of taps to be connected, or in the case of meters, the meter number &c., or in the case of new buildings the builder's name, will not be entertained until such is supplied.

Plumbers to be licensed.

14. Before any person shall affix any service-pipe to any main or pipe of the Water Authority, or alter, or repair, or in any manner interfere with any main or pipe of the Water Authority, or any service-pipe, cock, or other fittings connected with any main or pipe of the Water Authority, he shall obtain from the Water Authority a license in that behalf to execute any such work; and any unlicensed person affixing, altering, adding to, repairing, or in any manner interfering with any such main or pipe, service-pipe, cock, or fitting, or doing any work in connection with the supply of water or alteration of service, shall be liable to a penalty not exceeding five pounds.

Plumbers to be registered.

15. All licensed plumbers shall attend at the office of the Water Authority on or before the 10th January in each year to have their names and licenses registered, and the latter renewed. Only such plumbers as comply with the provisions of this clause will be deemed "licensed plumbers" and allowed to work as such.

Fee for plumber's license.

16. An annual fee of one pound one shilling will be charged for each plumber's license.

Plumbers to prove competency before license issued.

17. Before any such license shall be granted by the Water Authority, the person applying for the same shall satisfy the Water Authority, or any officer thereof duly appointed in that behalf, that he is a competent plumber, but the Water Authority may, if it thinks fit, refuse to grant any license.

Plumbers changing their addresses.

18. Plumbers having changed their addresses (which will apply more particularly to their business premises) must give notice of the same at the office of the Water Authority not later than forty-eight hours after such change.

Uncovering pipes, twenty-four hours' notice to be given.

19. Any person, whether licensed as aforesaid or not, who shall offend by opening any ground, so as to uncover any main or pipe the property of the Water Authority, or to lay or uncover any main or pipe communicating therewith, without giving at least twenty-four hours' notice to the Water Authority of his intention so to do, or who shall in any way tamper, interfere with, or alter any main or pipe the property of the Water Authority, or any main or pipe communicating therewith, without the printed permit of the Water Authority being first obtained, or who shall wilfully or negligently break, injure, or open any lock, cock, valve, pipe work, or engine, or fitting, the property of the Water Authority, or whereby the water of the Water Authority may be wasted or misused, shall be liable for each offence to a penalty not exceeding five pounds.

Maximum tapping without clip.

20. The maximum tapping that will be allowed without clip for each size of main is as follows:—

- For 3-inch and 4-inch pipes— $\frac{1}{2}$ -inch or $\frac{3}{4}$ -inch, as permitted.
- For 5-inch, 6-inch, and 7-inch pipes—1-inch tapping.
- For 8-inch pipes— $1\frac{1}{2}$ -inch tapping.
- For 9-inch pipes—2-inch tapping.

Tappings may be done by officer of the Water Authority.

21. Upon any person giving notice of his desire to lay a pipe to connect with and tap any main of the Water Authority, he shall be informed on behalf of the Water Authority whether the tapping shall be done by an officer of the Water Authority or by a licensed plumber.

In the former case the person applying shall not tap or cause to be tapped any main or pipe of the Water Authority, but shall provide for and be at the cost of all labour and material necessary for such connection and for the restoration of the ground to the satisfaction of the Water Authority, and shall be liable for the consequence of failure in so doing, and shall pay in advance the expense of such tappings, including stop-cock, ferrule, and other fittings, according to the scale of charges to be fixed from time to time by the Water Authority.

Water Authority or licensed plumbers only to tap mains.

22. The Water Authority only, or a plumber duly licensed by the Water Authority under the superintendence and according to the directions of the duly authorised officer of the Water Authority for the purpose, is empowered to tap the main on the streets or elsewhere and attach service-pipes thereto, or extend the same generally, as the case may be.

Any person infringing this clause shall be liable to a penalty not exceeding five pounds.

Penalty for communicating with pipes of Water Authority without notice.

23. Any person, whether licensed as aforesaid or not, who shall lay any pipe so as either directly or indirectly to communicate with the main or mains, pipe or pipes, except under the superintendence and according to the direction of a duly authorised officer of the Water Authority, shall be liable for each such offence to a penalty not exceeding five pounds, and in the event of continuing the offence to a further penalty of two pounds, for each day after the notice of the offence from the Water Authority until proper pipes are laid.

Permission to connect to adjoining premises to be obtained from owner.

24. In all cases where it is intended to connect a service-pipe to the service-pipe of any other premises, a written permission to connect must be obtained from the owner of such premises, and such permission

must accompany the application before the authority to connect will be granted. Such permission shall be on the form issued by the Water Authority.

Application to transfer, alter, or repair.

25. Application for permission to transfer, alter, or repair, or extend any service-pipe must be made to the Water Authority, on the ordinary application form, at least twenty-four hours before commencing the work, and a printed permit obtained in accordance with clause 19 hereof, except in cases of great waste of water, or where damage to premises, &c., may be taking place, when immediate steps must be taken to stop the leak, and notice must be given at the office of the Water Authority of the same immediately thereafter.

Application for water by meter.

26. All applications for the use of water by meter must be lodged at the office of the Water Authority at least twenty-four hours before the connection is required, to enable an officer of the Water Authority to visit the premises and select the best position for the meter and box; when this application has been lodged the meter must then be tested by an officer of the Water Authority to determine its correctness at such times as the Water Authority may from time to time appoint.

Meters correct, register otherwise defective. Certificate withheld until repairs effected.

27. Meters which may register correctly at the time of testing, but are otherwise in a defective state, will not be approved, and the certificate of their correctness will not be issued until the repairs are effected.

Instructions for fixing and disconnecting meters.

28. When the meter is fixed it shall be enclosed in a strong box of wood or iron, having a proper padlock and key, the lock and key to be of a pattern supplied by the Water Authority, and the owner of such meter may supply himself with a duplicate key for his own satisfaction, but he is required to keep the meter box safely locked.

On no account are plumbers or others to take off, alter, or otherwise interfere with meters or pipes connecting the same unless a printed permit has been granted for that purpose. Where a meter has been used for building or other purposes, and if it is desired that the meter be taken off, a notice to that effect must be given at the office of the Water Authority at least twenty-four hours before the date of contemplated removal. The meter will then be read by an authorised officer of the Water Authority, and on payment of the amount due for water used, and all rates, charges, and fees, and other conditions having been complied with, permission to disconnect will be granted on a printed permit. Where a notice has been served to disconnect a meter, for cleaning, repairing, or testing its rate, the application to disconnect, accompanied with the notice which has been served, must be lodged at the office of the Water Authority; permission to disconnect will then be granted on a printed permit.

Meters disconnected for the above purpose of cleaning, &c., must be replaced within six days of the date of disconnection, unless a satisfactory reason be assigned for the delay.

Plumbers disconnecting meters without first obtaining the necessary permit will render themselves liable to a penalty for each offence not exceeding five pounds.

Where meters cease registering, &c., average may be charged.

29. If any meter in use ceases registering, or be reported by the Water Engineer or other authorised officer in that behalf as out of repair of registering inaccurately, the Water Authority will estimate and charge for the water consumed during the period such meter was not in working order, and until it is repaired and refixed, either by taking an average of the quantity used during the previous quarter or during a corresponding period of the previous year, or the Water Authority may insert a check meter on the service-pipe and charge upon an estimate from the registering thereof.

Hire of meters and rent thereof.

30. The Water Authority may if it so think fit, but not otherwise, let for hire water meters, rent for which shall be at the rate per annum of—

For $\frac{1}{2}$ -inch	11s. per annum.
$\frac{3}{4}$ "	13s. " "
1 "	21s. " "
$1\frac{1}{2}$ "	26s. " "
2 "	30s. " "
2 "	42s. " "

The above rent shall be exclusive of and in addition to the amount of rate chargeable for the recorded consumption of water, and shall be due and must be paid quarterly in advance on the first day of the month of January, April, July, and October in every year, the first payment to date and be made as from the commencement of the then current quarter, and the occupier or the owner of the premises shall, at his own cost, cause such meter to be fixed and kept in proper repair, and, when required on behalf of the Water Authority so to do, shall cause such meter to be removed to the office of the Water Authority to be tested, and when it shall have been so tested shall cause it or such other meter as may be furnished to him in lieu of it to be replaced at his own cost and shall be responsible for the same.

Hirer to give notice of removal.

31. Any person so hiring a meter from the Water Authority who shall leave the premises on which such meter shall be fixed, without having previously given in writing at least six days' notice to the Water Authority of his intention to leave the premises, shall be liable to a penalty not exceeding five pounds.

Days set apart for connecting services.

32. Service connections from the Water Authority's mains will be allowed upon certain days set apart and appointed for the district, or for any subdivision thereof, when a duly authorised officer of the Water Authority will be present to shut off the water and to direct the operations of the plumber, and to turn on the water again when the work of connection is completed.

Building services not to be used for domestic or other purposes.

33. A service-pipe laid for building purposes shall not be used or extended to furnish water for domestic or any other purpose. Any infringement in this respect will render the builder or plumber liable to a penalty not exceeding five pounds.

Special fire service; application for, deposit to be paid.

34. A deposit of a sum of money shall be made in all cases where special fire services are desired in any building and where a direct connection is required—that is, the main to be cut, and branch and stop-valve to be fixed or inserted.

The amount of such deposit will be fixed by the Water Authority, and on completion of the work the balance of such deposit (if any) shall be returned, or a further sum charged if due. Plumbers must take all risk and responsibility of opening the ground, or any other surface formation, during the fixing of the above services.

Sealing, special. Fire service.

35. Special fire service stand-pipes, whether in or outside buildings, shall be protected with a wooden or iron case; and where the supply is not through meter, they must be sealed with the Water Authority's seal, by a duly authorised officer of the Water Authority, and in every case when such seal is broken, whether by a fire brigade or anyone else, for testing or other purposes, notice to that effect must be given at the office of the Water Authority not later than twenty-four hours afterwards, to enable the same to be resealed. The omission of such notice will render it necessary for the Water Authority to insist on a meter being used for such fire service, or to refuse a fire service to the premises. Fire services must not be used for any other purpose whatever, lest when a fire occurs the service may be found out of repair or otherwise unserviceable.

Tapping mains—directions as to.

36. The main shall be tapped on the top, where practicable, for a half-inch brass stop-cock, as approved by the Water Authority, unless the special written permission of the said Water Authority or the water engineer be obtained to insert a larger stop-cock. The tapping shall be effected as directed and required by the water engineer, and only such fittings as are approved by him shall be used; patterns thereof shall be kept at the office of the water engineer, and shall be open to the inspection of licensed plumbers at all reasonable times.

Stop-cocks and boxes.

37. Stop-cocks and boxes must be fixed at a distance of not more than 2 feet, and not less than 1 foot 6 inches from the building line.

The iron boxes shall be properly built up on bricks, and all boxes must be of uniform size, and marked with the letter W on lid, and must be flush with the pavement.

Dwellings, &c., more than one supplied from same connection each house to be separately stop-cocked.

38. When special permission is given to supply more than one dwelling from one connection from the main, every branch shall be separately stop-cocked on the footpath, as if each were singly connected from the main, and every branch shall be independently stop-cocked, and fitted with iron boxes properly fixed to each service.

The service in such cases must be of a special size to be determined by the water engineer or other officer duly authorised in that behalf by the Water Authority.

Fittings to be approved by water engineer.

39. All service-pipes, stop-cocks, ball-cocks, valves, and other fittings shall be approved of by the Water Authority, and shall be similar in all respects to the patterns kept by the water engineer at his office, and any plumber using or inserting fittings of a quality not so approved, and not similar in all respects to the pattern as aforesaid, will, in addition to any other penalty, be liable to have his license suspended or cancelled by the chairman for the time being of the said Water Authority. Any owner or occupier of any land or premises supplied with water by the Water Authority who uses in connection with such water any fitting instrument or thing other than such approved by the water engineer, and similar to the pattern as aforesaid, shall for each such offence be liable to a penalty not exceeding five pounds.

Defective work to be remedied by plumbers.

40. If any defect be found in a licensed plumber's work within twelve months of its completion, and the Water Authority's engineer certifies that the defect is due to bad workmanship, the said plumber shall remedy such defect free of cost, under a penalty of cancellation of his license by the chairman of the Water Authority.

Restoration of surface when disturbed by plumber.

41. Plumbers, when opening the ground in or across the streets or footpaths, must perform the work in a neat and careful manner, so as to intercept the public traffic as little as possible. Road metal, ballast, kerbing, guttering, flagging, or any form of pavement must be carefully taken up and laid on one side, and when the excavation is completed, and the pipes, &c., laid, the trench filled, and thoroughly rammed to the satisfaction of the superintending officer, the road metal, ballast, flagging, tar-paving, kerbing, and guttering, &c., is to be carefully relaid in such a manner as to be equal in condition to its state before operations commenced, and to the satisfaction of the Water Authority's officer.

Water not to be turned on until work inspected.

42. All work at any time done or to be done on private lands or premises in connection with the water supply, whether such work consists in the laying or fixing of new services, or in the extension or alteration of existing services or fittings, shall be inspected by the authorised officer of the Water Authority, and in no case shall the water be turned on to any land or premises where such work has been executed until a printed permit has been obtained and the said work shall have been inspected and certified as having been correctly performed, on a proper printed form, neither shall any underground work be covered up until passed by the proper officer of the Water Authority.

Stop-cocks to be affixed whenever alteration is being effected.

43. If, in the course of effecting repairs or alterations to existing connections, it be found on any service that there is no stop-cock, the plumber employed on the work is required to inform the owner or occupier of such premises that such stop-cock is an indispensable accessory of the service, and that such stop-cock must be fixed and enclosed in an iron box, otherwise such alteration cannot be sanctioned.

Owner may be compelled to connect with water mains.

44. Every owner or occupier of any house, tenement, or lands, shall, for the purpose of obtaining a supply of water to such house, tenements, or lands, after receiving from the Water Authority the prescribed notices to do so, construct such connection and fittings from and in connection with such house, tenement, or lands to communicate with the water main of Water Authority as are prescribed by this By-law.

Laying and maintaining services by owner or occupier.

45. The owner or occupier of any house, tenement, or lands, for or in respect of which a supply of water is required, shall, at his own expense, lay down and maintain all pipes and apparatus upon his premises, and upon any street, lane, or land lying between his premises and the Water Authority mains.

All pipes must be galvanised wrought-iron where possible, and where lead pipes are used they must be of equal thickness throughout and of at least the respective weights, viz.:—

1-inch	6 lb. per yard.
1½-inch	11 lb. "
2-inch	12 lb. "
2½-inch	16 lb. "
3-inch	20 lb. "

Where wrought-iron pipes are used they must be of the kind known as galvanised wrought-iron welded steam tubes, unless otherwise permitted by the Water Authority.

Defective fittings to be removed.

46. Any consumer's pipe, cock, cistern, or other fitting, laid, fixed, or used otherwise than in accordance with this By-law and with the provisions of the said recited Act, or which shall, in the opinion of the Water Authority or their engineer, be or become of bad or defective quality, or shall conduce to the waste, misuse, or contamination of the water, shall, upon the Water Authority giving notice in writing, be discontinued and disused, and the Water Authority may require the same to be removed, replaced, or repaired, and may stop the supply of water to the said consumer until such pipe, cock, cistern, or other fitting shall have been removed, replaced, or repaired to the satisfaction of the Water Authority or their engineer or other duly authorised officer of the Water Authority; and any person refusing, delaying, or neglecting to remove, replace, or repair any such fitting when so required by the Water Authority shall be liable to a penalty not exceeding five pounds.

Depth of pipe.

47. No person shall lay any service-pipe on private property on the surface of the ground, or below the ground surface at a less depth than 10 inches, in situations where it may be liable to injury from foot or other traffic, and in any public place or in any roadway, whether public or private, at a less depth than 18 inches, unless with special permission of the Water Authority.

Pipes through drains to be properly protected.

48. No person shall lay any pipe or other apparatus through any sewer, drain, ashpit, cistern, or manure tank, or through, in, or into any public place where, in the event of the pipe becoming unsound, the water of the Water Authority conveyed through such pipe would be liable to be fouled, or to escape without observation, unless such pipe or apparatus be laid to the satisfaction of the Water Authority through an exterior cast-iron pipe or box of sufficient length and strength to afford due protection to the same, and to bring any leakage or waste within easy detection.

Cisterns, tanks.

49. No person shall use any cistern or tank that is not provided with an equilibrium ball-valve or other apparatus approved of by the Water Authority or their engineer, and the overflow pipe laid and fixed in a suitable manner, open to inspection, and in a position approved of by the Water Authority or their engineer.

Service not to communicate with rain-water receptacle or underground tank.

50. No person shall fix or use any service-pipe which communicates with any cistern, tank, or vessel intended or used for the reception of rain-water, except where a meter is used, and otherwise in accordance with this By-law.

Water supplied without charge—meters to be fixed.

51. The proprietor, owner, occupier, committee, secretary, or other person in charge of any institution, land, garden, place, water-trough, or urinal, receiving water without charge, shall, when so required by the Water Authority or their engineer, provide and fix a meter on the service-pipe to indicate the amount of consumption at such institution, land, garden, place, water-trough, or urinal, as a check against waste or undue use of water.

Public parks, gardens, &c.

52. The water supply to public parks, gardens, and recreation grounds under the control and direction of the Thuringowa Divisional Board shall be by meter, and any person turning on the water other than the person or persons duly authorised so to do, or otherwise interfering with such water supply, shall be liable to a penalty not exceeding five pounds.

Supply and use of water open to inspection.

53. The supply and use of water, whether for domestic or other purposes or under special agreement, shall be open to inspection and admeasurement whenever required by the Water Authority, and such information shall from time to time be afforded by the occupier or owner or builder as will be sufficient to enable the Water Authority to obtain a satisfactory account of the quantity of water actually consumed, and of the pipes, taps, cisterns, and other fittings, apparatus, and conveniences for receiving and delivering such water.

Water Authority may repair pipes in certain cases.

54. If service-pipes, fittings, or other appliances shall on any inspection be found to be out of repair, the Water Authority may forthwith, without notice, repair the same in such manner as may be deemed necessary, and the cost of any such repairs may be recovered by the Water Authority from the owner or occupier or builder of such premises in a summary manner before any two justices.

Steam boiler to have self-acting valve.

55. If any person shall connect any service-pipe or branch service-pipe with any steam boiler for the purpose of feeding or supplying the same with water without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter, he shall be liable to a penalty not exceeding five pounds.

Baths, supply of water to.

56. The Water Authority will not supply any water to any bath the outlet of which is not distinct from and unconnected with the inlet or inlets, and the inlet or inlets shall be placed above the highest water level of the bath. The outlet of such bath shall be provided with a perfectly water-tight plug, valve, or cock. No such bath shall have any overflow wash-pipe that is not laid and fixed in a suitable manner, open to inspection, and in a position approved of by the water engineer or other duly authorised officer of the Water Authority. No bath shall exceed the dimensions 6 feet long by 2 feet 6 inches wide by 2 feet deep, unless supplied by meter.

The Water Authority will not supply water to any bath unless the same shall be so constructed as to prevent a waste of water.

Any person infringing the provisions of this clause shall be liable to a penalty not exceeding five pounds, and to a further penalty of two pounds for each day after notice from the Water Authority of such offence.

Stand-pipes, unlawfully using water from.

57. In all cases where a special stand-pipe shall have been erected for the supply of the houses and tenements in any way, lane, or other place, any person not occupying a house or premises in any such way, lane, or other place who shall take water from such stand-pipe shall be liable to a penalty not exceeding five pounds for each offence, unless he shall have received a written permission from the Water Authority to take water from such a stand-pipe. The rates to be charged for water supplied from stand-pipes shall be by special rate at the option of the Water Authority.

Notices, &c., to be on printed form.

58. All notices and applications required by this By-law are to be made upon printed prescribed forms, to be obtained at the office of the Water Authority.

Interpretation of terms.

59. In the construction of this By-law the word "person" shall be deemed to extend to and include a corporation either aggregate or sole, or any body or number of persons acting together or separately, or any trustee or executor, and the masculine shall include the feminine gender.

Penalties.

60. Any person guilty of an offence against any of the provisions of this By-law, for which no specific penalty is already provided, shall be liable to a penalty not exceeding twenty pounds, and in case of a continuing offence a further penalty not exceeding five pounds for each day after notice of such offence shall have been given by the Water Authority to such offender.

The foregoing By-law was passed at a special meeting of the Thuringowa Water Authority held for that purpose on the 11th March, 1897. The said By-law was duly published in accordance with the provisions of subsection 3 of section 37 of "The Water Authorities Act of 1891," and was confirmed at a subsequent special meeting of the said Water Authority on the twenty-first day of April, 1897, and sealed with the common seal of the said Water Authority.

NOTICES TO MARINERS.

THE following Notices to Mariners are published for general information.

ROBERT PHILP.

[Extract from New Zealand Gazette, 20th May, 1897.]

No. 6 of 1897.

BUOY OFF STEEPLE ROCK, WELLINGTON HARBOUR.

Marine Department,
Wellington, N.Z., 13th May, 1897.

THE Wellington Harbour Board has notified that on or about the 15th June, 1897, a black can buoy will be moored in a position due east of the Steeple Rock, distant about 1,000 feet; it being laid upon the intersection of the white and red sectors of Somes Island light.

Caution—Mariners navigating in the vicinity of Steeple Rock should pass to the eastward of this buoy, and by night great care should be taken to keep in the white sector of Somes Island light, so as to avoid colliding with the buoy.

Charts affected: Admiralty Charts Nos. 695, 1423, and 2054.

WM. HALL-JONES.

No. 7 of 1897.

GUIDING STAR ROCK, NEW RIVER ENTRANCE.

Marine Department,
Wellington, N.Z., 13th May, 1897.

THE New River Harbour Board has notified that a red buoy is moored abreast of Guiding Star Rock, a sunken danger having a depth of 5 feet at low water, which lies S.W. $\frac{1}{2}$ S. two cables from Bombay Rock, and nearly in mid-channel. Vessels entering the New River should leave this buoy on the starboard hand; but, should the buoy be adrift, the rock may be avoided by not bringing Bombay Rock to bear northward of N.E.

Charts affected: Admiralty Charts Nos. 2540 and 2553.

WM. HALL-JONES.

No. 322.

No. 167 of the year 1897.

(The bearings are magnetic, and those concerning the visibility of lights are given from seaward.)

CHINA SEA.

SINGAPORE STRAIT—SHOAL IN NORTH CHANNEL.

INFORMATION has been received that, on 2nd February, 1897, the British steam-vessel "Cheang Chew" grounded in a position with Horsburgh lighthouse bearing S. 41° E., distant 5½ miles, and Large Island, Lima Islands, S. 55° W.

Approximate position, lat. 1° 24' 15" N., long. 104° 21' 0" E.

A depth of 3 fathoms has been placed in the above position on the Admiralty Charts, and a note written against the words "North Channel"—"Should not be used for sea navigation."

NOTE.—Mariners are warned that the North Channel should not be used for navigation, as no advantage is gained by passing through it, and it is possible that more shoals exist there than are shown on the Chart, as already stated in China Sea Directory, vol. I., 1896, page 238. (Variation 2° Easterly in 1897.)

This Notice affects the following Admiralty Charts:—Singapore to Tioman Island, No. 2041; Banka Strait to Singapore, No. 2757; Singapore Strait, No. 2403; Also, China Sea Directory, vol. I., 1896, pages 237, 244.

DIVISION OF WYNNUM.

Home Secretary's Office,
Brisbane, 9th June, 1897.

HIS Excellency the Governor, with the advice of the Executive Council, has, in pursuance of the provisions of "The Valuation and Rating Act of 1890," been pleased to appoint a Court of Petty Sessions to be held in the Board Hall, at Wynnum, in and for the Division of Wynnum, for the purpose of hearing matters arising under that part of the said Act relating to appeals against Valuations, in respect of the current year, within the said Division.

HORACE TOZER.

DIVISION OF TAROOM.

Home Secretary's Office,
Brisbane, 9th June, 1897.

HIS Excellency the Governor, with the advice of the Executive Council, has, in pursuance of the provisions of "*The Divisional Boards Act of 1887*," been pleased to approve of the following By-laws made by the Board of the Division of Taroom.

HORACE TOZER.

WHEREAS by "*The Divisional Boards Act of 1887*" it is enacted that the Board of any Division may make By-laws for all or any of the purposes in the said Act mentioned: It is hereby resolved by the Board of the Division of Taroom, by and with the approval of the Governor in Council, that the following By-laws shall be in force within the said Division from the date of the publication hereof:—

BY-LAW No. 5.

1. In the interpretation of these By-laws the term "Board" shall mean the Board of the Division of Taroom.

2. Any person who shall wilfully or negligently kindle and leave any fire on any public road in the Taroom Division shall be liable to a penalty not exceeding twenty pounds.

BY-LAW No. 6.

1. A sum of one shilling per head per annum shall be levied on all cattle and horses depastured on the Taroom town reserve, and a sum of five pounds per annum for each entire horse.

2. All persons depasturing stock on the Taroom town reserve must notify the number, brands, and description of the same to the clerk of the Board, and any person depasturing stock on the said reserve without having so notified the number, brands, and description of such stock shall be liable to a penalty not exceeding ten pounds.

3. Any owner, drover, or person in charge of travelling stock shall, before crossing the said reserve, give twelve hours' notice to the said clerk, and shall drive such stock across the said reserve within twenty-four hours from the time of entering thereupon, unless prevented by rain or flood; and any such owner, drover, or person in charge of such stock who shall offend against the provisions of this clause shall be liable to a penalty not exceeding ten pounds.

BY-LAW No. 8.

Any person who shall throw, cast, or lay, or cause to be thrown, cast, or laid any dirt, litter, rubbish, decayed matter, dead animals, offensive fluid, or other offensive matter or thing in or upon any road, street, footway, or public place within the Division, or cause, permit, or suffer any offensive fluid or matter to run from any house, yard, or premises upon any road or street within the Division shall be liable to a penalty not exceeding five pounds for every such offence.

BY-LAW No. 10.

Any person who shall wilfully or negligently ride any horse or other animal, or drive any vehicle other than a perambulator upon any of the footpaths within the Division shall be liable to a penalty not exceeding five pounds.

Certificate.

The foregoing By-laws were passed by the Board of the Division of Taroom at a special meeting called for that purpose, on the eighth day of March, 1897; the said By-laws were duly published, in accordance with the provisions of "*The Divisional Boards Act of 1887*," and were confirmed at a subsequent special meeting of the said Board on the twelfth day of April, 1897.

ALFRED E. DEVINE, Chairman.

DIVISION OF MACKINLAY.

Home Secretary's Office,
Brisbane, 9th June, 1897.

HIS Excellency the Governor, with the advice of the Executive Council, has, in pursuance of the provisions of "*The Divisional Boards Act of 1887*," been pleased to approve of the following By-laws, made by the Board of the Division of Mackinlay.

HORACE TOZER.

WHEREAS by "*The Divisional Boards Act of 1887*" it is enacted that the Board of any Division may make By-laws for all or any of the purposes in the said Act mentioned: It is hereby resolved by the Board of the Division of Mackinlay, by and with the approval of the Governor in Council, that the following By-laws shall be in force within the said Division from the date of the publication hereof:—

BY-LAW No. 1.

REGULATING THE REGISTRATION OF DOGS AND THE SALE OR DESTRUCTION OF UNREGISTERED DOGS.

Interpretation.

1. In the interpretation of this By-law the following terms within inverted commas shall have the meanings set against them respectively, unless the context in any case otherwise requires:—

"Division" shall mean the Division of Mackinlay;
"Board" shall mean the Board of the said Division;
"Clerk" shall mean the clerk of the said Board.

Repeal.

2. By-laws No. 1 and 5, published in the *Gazette*, dated 8th January, 1896, are hereby repealed, and the following substituted therefor:—

3. All dogs kept within the division shall be registered at the office of the clerk within three months from the date of the publication of this By-law in the *Gazette*, and subsequently such registration shall be made on or before the 1st day of January in each year. The fees mentioned in the Schedule hereto shall be payable in respect of each and every dog so registered.

4. All dogs unregistered may be destroyed by direction of the Board.

5. Any owner of a dog failing to register the same as aforesaid shall be liable to a penalty not exceeding two pounds sterling.

SCHEDULE.

	s.	d.
For one dog, if only one be kept	1	0
For each dog, if two only be kept	2	0
For each dog, if three only be kept	2	6
For every dog above three	5	0

BY-LAW No. 2.

REGULATING THE REGISTRATION OF GOATS AND THE SALE OR DESTRUCTION OF UNREGISTERED GOATS.

1. All goats over three months old kept within the Division shall be registered by the owner or keeper thereof, at the office of the clerk, in manner following, that is to say: By delivering at the office of the clerk a description of every such goat, embracing the several particulars contained in the form in the Schedule A hereto, with a certificate thereunder written to the truth thereof under the hand of such owner or keeper, and every such registration shall be in force from the day upon which the same shall be so made until the thirty-first day of December thence next ensuing and no longer.

2. At the time of making every such registration there shall be paid to the clerk by the person making the same the sum or sums mentioned in Schedule B hereto, and until such amount shall have been so paid no such registration shall be deemed to have been duly made. Upon such payment the clerk shall, on demand, give a receipt for the sum paid in the form of Schedule C hereto.

3. Each such registered goat shall at all times have a triangular wooden collar around its neck, which collar shall also be equilateral, and each of the sides thereof not less than fourteen inches in length, and the registered number of such goat, shall be legibly written or impressed on such collar.

4. The owner or keeper of any goat failing or neglecting to register the same, or to keep such collar and number aforesaid upon any such registered goat, or any owner or keeper of any goat not having the same duly registered as aforesaid, who shall keep or allow to remain on any unregistered goat any such collar as aforesaid, shall, for every such offence be liable to a penalty not exceeding forty shillings, exclusive of costs.

5. It shall and may be lawful for the clerk or other officer of the Board, or any workman under the direction of the clerk or other officer of the Board, at any place within the Division, to seize and detain any goat not duly registered or not wearing such collar as aforesaid, and may forthwith or at any time afterwards absolutely sell or dispose of such goat, or may forthwith or at any time afterwards kill every such goat, and burn or otherwise destroy or dispose of the carcass thereof.

6. If the registered owner of any goat shall desire to transfer the same, he shall give notice in writing containing all necessary particulars signed by the transferrer and transferee (together with a fee of one shilling for each goat so intended to be transferred) to the clerk, who shall thereupon cancel the original registration of such goat standing in the name of the transferrer, and shall register such goat in the name of the transferee, and such transfer in the books of the Board shall be signed by the transferrer and transferee, and such transferee shall thereafter be deemed the registered owner of such goat: Provided always that the fees payable upon such transfer and re-registration shall be payable in addition to the fees to be paid annually, as mentioned in Schedule B hereto.

AS OF FRIDAY, THE 11TH DAY OF JUNE, A.D. 1897.

IT is ordered by the Honourable Sir Samuel Walker Griffith, Knight Grand Cross of the Most Distinguished Order of St. Michael and St. George, Chief Justice of Queensland, and the Honourable Pope Alexander Cooper, the Honourable Charles Edward Chubb, and the Honourable Patrick Real, Esquires, Justices of the Supreme Court of Her Majesty's said Colony, in pursuance and execution of all powers and authorities enabling them in this behalf, as follows:—

1. These Rules may be cited as “The Northern Court Library Rules.”

2. “The Rules of the Supreme Court, 1893 (Northern Court Library),” are hereby repealed.

3. The Northern Judge and six members of the legal profession, resident within the jurisdiction of the Northern Court, to be named by the Northern Judge at the first Civil Sittings of the Court holden after the promulgation of these Rules, and thereafter at the last Civil Sittings of the Court holden in each year, shall be a committee for the management of the Supreme Court Library at Townsville.

The Library shall be called “The Northern Supreme Court Library,” and the committee shall be called “The Northern Supreme Court Library Committee.” The Northern Judge shall be the chairman of the committee.

4. Three of the members of the committee, of whom the chairman shall be one, shall form a quorum.

5. The majority of the members of the committee present at any meeting shall decide all questions which may arise, and in case of an equality of votes the chairman shall have a casting as well as a deliberative vote.

6. The committee may from time to time appoint a secretary, librarian, and other necessary officers, and may dismiss them.

7. All the books now in the Northern Supreme Court Library, or hereafter to be acquired for the purposes of the said Library, shall be under the control of the Northern Supreme Court Library Committee.

8. The committee of the Supreme Court Library may grant out of the funds at the disposal of that committee a sum not exceeding one hundred pounds per annum to the Northern Supreme Court Library Committee, to be applied by the last-mentioned committee, at their discretion, towards the payment of the salaries of their officers and other incidental expenses, and the extension and maintenance of the Northern Supreme Court Library.

9. The Northern Judge may make Regulations for the control and management of the Northern Supreme Court Library, and may repeal any Regulations so made.

TUESDAY, 15TH JUNE, 1897.

[No. 147.]

AT NOON, this day, His Excellency the Governor proceeded in State from Government House to the Legislative Chambers, and delivered the following Speech:—

HONOURABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL,
AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,

It affords me much pleasure to meet you again at the commencement of a new Session of Parliament, and I desire, before touching upon the subjects which will engage your deliberations, to refer to the unusual circumstances which have led to the absence of the Prime Minister of the Colony during part of a Parliamentary Session.

The approaching completion of the sixtieth year of Her Majesty's reign has awakened throughout the whole of Her dominions the desire to mark the occasion by a demonstration of such nature as will testify to the entire world the essential unity of the British Empire, and the invitation of the Imperial Government to the Prime Ministers of the Colonies to take an official part in the commemoration ceremonies in London was but a just anticipation of the wish of the people of the Colonies themselves to be adequately represented on this unique occasion. The Government believe that in agreeing to the acceptance of the invitation by the Prime Minister they have given effect to the universal desire of the citizens of Queensland, and that by the adoption of any other course they would have failed to uphold the position of the Colony among the other States of the Empire.

A similar consideration has led to the despatch by the Government of a small contingent of the Defence Force to take part in a ceremony in which the military forces of all the provinces of the Empire will be represented.

A Session of the Federal Council of Australasia was held in Hobart in January last, at which the Colonies of Victoria, West Australia, Tasmania, and Queensland were represented. Business of importance was then transacted, but in the absence of New South Wales and South Australia the full powers of the Council could not be brought into practical operation. As this Council is the only legal machinery at present existing for united action and utterance on the part of more than one Colony, my advisers consider it highly important to sustain this Legislature in activity until it shall be superseded by a more potent Federal Union in which all the Colonies are represented. Subsequent to the meeting of the Federal Council a Conference of the Prime Ministers of all the Australasian Colonies was held in Hobart, at which numerous matters of common interest were considered.

Although, under circumstances of which you are aware, Queensland was not represented at the Convention which recently met at Adelaide for the purpose of framing a Federal Constitution for the Australasian Colonies, to be afterwards submitted to the several Parliaments, my Ministers are not the less earnest in their desire that this Colony should take her place with the sister provinces in furthering the cause of Australian Union, and a Bill will be submitted to you under the provisions of which Queensland may be duly represented at the Federal Convention which has been adjourned to the month of September in this year.

I lately had the pleasure of visiting the Northern portion of the Colony, and took advantage of the opportunity to acquaint myself to some extent with the progress of agricultural settlement in the sugar districts, and with the condition of the populations in that part of Queensland. I was greatly impressed with the rich resources of the country as well as with the aspect of comfort and contentment presented by the communities to which I was introduced, and it is especially gratifying to me, as the Representative of Her Majesty, to acknowledge the loyalty and hospitality with which I was everywhere received.

I am much pleased to be able to congratulate the Colony upon the measure of prosperity which it has enjoyed during the past year, and upon the indications which are everywhere manifested of an awakened spirit of enterprise and self-reliant industry that enables our people to courageously meet and overcome every disaster. It will be the endeavour of the Government, with your assistance, to encourage this spirit by the adoption of such measures as will tend to strengthen individual effort wherever it is likely to conduce to the general welfare of the community.

It is a matter for much satisfaction that in spite of every obstacle, and notwithstanding the various forms of calamity which have recently affected Queensland in common with Australasia generally, the legitimate revenue of the Colony has so far sufficed to meet the necessary expenditure. This condition of stability has not been attained without considerable sacrifices on the part of our citizens; but the result appears in the maintenance of the public credit, enabling us to purchase with a reasonable degree of certainty and at a moderate price the necessary money for completing such reproductive works as may be considered necessary.

The progress of Gold-mining throughout the Colony is most gratifying, and though no new goldfields have been discovered during the past year, the yield is in excess of the average of previous years, the output of gold for the last eleven months being 633,460 oz., and the value of the year's output will exceed two and a quarter million pounds sterling; so that the forecast made when I last addressed you, that this year would probably see Queensland at the head of all the Australasian Colonies in the matter of gold production, will probably be fulfilled. In other branches of the mineral industry the results are equally satisfactory, and I am pleased to remind you that, as on previous occasions when other producing industries have suffered a temporary decline through adverse seasons and other calamitous circumstances, compensatory results have occurred in the form of increased returns from the mineral areas of the Colony. The exhibit of the Mines Department, which is being shown in the International Exhibition at present open in the City of Brisbane, is in itself a testimony to the magnitude of this branch of our products.

My Ministers, being satisfied that there is room for extensive expansion of our main producing industries, have taken all reasonable means to place the advantages of immigration to Queensland prominently before the populations of European countries and people of European descent. For this purpose, and in order that they may find additional markets for the products of the Colony, and also with a view to the acquisition of information which would be of service toward the increase of exportable produce, they have engaged, at a moderate cost, the services of intelligent and experienced colonists as Agents and Lecturers in the United Kingdom, the Continent of Europe, and the United States of America, and have likewise caused to be distributed in these parts of the world large supplies of printed information with regard to the advantages offered by the Colony to intending settlers. Public attention has been aroused in Australia and elsewhere to the valuable pastoral lands in the interior of this Colony, now made more available by the artesian bores successfully operating in these localities. Much of this land is being taken up for grazing farms immediately on the completion of the surveys, and the introduction of capital and labour to render these areas more productive should add largely to the prosperity of the country.

The Agricultural Lands which, under the powers given by you, were purchased to a large extent on the Darling Downs and near to a railway, have been taken possession of by a desirable class of *bonâ fide* cultivators; and, as there is still a demand for land of this nature for agricultural settlement, further proposals will be submitted to you by which additional facilities will be offered to purchasers to induce them to devote their energies more actively to the purposes of production, and which will at the same time secure the Treasury from loss in connection with the outlay incurred in their purchase.

The Government are much impressed with the necessity of encouraging agricultural settlement, and consider that one of the most serviceable measures toward the attainment of this object, particularly in a Colony possessing such a variety of soils and climates, is to assist in the collection and diffusion of scientific and practical information with regard to the remunerative cultivation of the soil. Taking advantage of the Act passed by you last Session, the Department of Agriculture has now been placed under the administration of a separate Minister. An Agricultural College has been established at Gatton, which will shortly be opened and devoted to the purposes of instruction; and the establishment of experimental farms has also been decided on, some of which will soon be at work in various other portions of the Colony. You will be asked to make liberal provision for these institutions, and I feel sure you will provide the necessary means, recognising that the scientific study of agriculture under skilled instruction must lead to practical results which will enable farmers to secure a more certain and profitable return for their labour, an enlarged market for their produce, and a more intelligent system of agriculture fitted to the varying conditions and vicissitudes of our climate.

An Agricultural Conference at which the Colonies of New South Wales, Victoria, South Australia, and Queensland were represented was recently held in Sydney, the report of which will shortly be in your hands, and you will be asked to give legislative effect to the decisions arrived at by the Conference.

The Railway Works authorised by you last session are in progress, and some are approaching completion. You will be asked to give your assent to a moderate and economical policy of public works, chiefly in the direction of an extension of our main trunk lines of railway; and I have little

doubt this will be willingly given, especially in view of the fact that, by reason of the exceptional nature of the circumstances at present injuriously affecting the main industries of this Colony, labourers will find increased difficulty in obtaining employment.

My Ministers are also impressed with the wisdom of the construction of light railways to connect some of the more important and populous agricultural districts with the main lines, and hope to be in a position shortly to submit proposals in furtherance of this object.

Steps have been taken during the Recess to give administrative effect to some of the important measures passed by you last Session. I refer more particularly to the Queensland National Bank Agreement Act, the Factories and Shops Act, the Diseases in Stock Act, the Statistical Returns Act, and the Public Service Act. I have much pleasure in stating that, within the powers given by you, an agreement has been entered into between the Treasurer and the Queensland National Bank, Limited, which materially contributed to the reconstruction of the Bank. This agreement will be laid before you in due course. An investigation into the business and affairs of this institution and its past management is now in progress, and the Commissioners, after a long and exhaustive scrutiny, are now approaching the termination of their labours.

In view of the difficulty and delay experienced by the Colonies of New South Wales and South Australia in obtaining Her Majesty's assent to the Acts passed by their Legislatures for regulating and restricting the immigration of coloured races, the Prime Minister of Queensland has undertaken the duty of conferring with the Prime Ministers of the other Colonies now in London with a view to providing some remedy against the evils which are likely to arise from the presence in our midst of a large migratory Asiatic population.

A contract has been entered into by the Imperial and Australasian Governments with the Peninsular and Oriental and Orient Companies for an accelerated weekly mail service for seven years from the 1st February, 1898, at an annual cost of £170,000, £95,000 of which is to be contributed by Great Britain, and £75,000 by the several Colonies on the basis of population.

It affords me much pleasure to be able to inform you that the Committee appointed by the Imperial Government to consider the proposal for laying a Telegraph Cable between British North America and the Colonies of Australasia have submitted a unanimous report affirming the practicability of the scheme. In anticipation of this Report, which has yet to be considered by the Imperial Government, I am now only in a position to assure you that it is in accordance with the views of my Ministers, and cannot fail to be satisfactory to this Colony, which has ever been foremost in urging the necessity of an alternative Cable. The importance of such a Cable, whether from a commercial or strategic point of view, can scarcely be over-estimated; and I trust that with the assistance of the Imperial and Canadian Governments the project may be brought to a speedy and successful issue.

The Agreement entered into between the Imperial Government and the Governments of the Colonies of New South Wales, Victoria, and Queensland with respect to the administration of the government of British New Guinea will terminate on the 11th of September, 1898; and advantage will be taken of the presence in London of the representatives of the Australasian Colonies to discuss the question of the renewal of the Agreement, and also to consider a suggestion made by the Colonial Office that, in the event of such renewal, the administration of the southern portion of the Solomon Islands, over which a British Protectorate was declared in 1893, should be placed under the same charge as that of British New Guinea.

GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

In addition to serious losses to cattle-owners principally, and to the Colony generally, caused by the ravages of the tick plague, Queensland, in common with almost the entire continent of Australia, is passing through a period of drought which has already gravely affected the interests of our agricultural and pastoral producers. The effect of this will doubtless show itself in a reduced revenue during the ensuing year. My advisers, therefore, consider it will be necessary to exercise the strictest economy in expenditure, and I feel confident you will cordially assist them in such a course.

I have much satisfaction, however, in stating that notwithstanding a considerable reduction in Customs taxation authorised last Session and a liberal increase of salaries and wages to persons in the employ of the Government, particularly those in receipt of small salaries, the finances of the Colony are in a sound condition, the Revenue returns for the current financial year having fairly fulfilled the anticipations formed when the year's Estimates were framed, and the Expenditure having been kept within proper limits. Present appearances give reason to expect that, when the usual Statement of the operations of the year is delivered, the Government will be able to announce a surplus on the side of Revenue.

The Estimates for the financial year commencing on the 1st July next, which have been framed with a special regard to economy consistent with efficiency, will be submitted to you in due course.

HONOURABLE GENTLEMEN OF THE LEGISLATIVE COUNCIL, AND GENTLEMEN OF THE LEGISLATIVE ASSEMBLY,—

With a view to placing at your disposal the most accurate available information on the important questions which will demand your attention when considering the Bill to Consolidate and Amend the Laws relating to the Occupation, Leasing, and Alienation of Crown Lands, which will be again brought before you in the present Session of Parliament, a Royal Commission

was appointed in March last to make inquiries on the subject of land settlement generally, and to formulate suggestions as to any amendments which, as a result of such inquiries, they might consider desirable and necessary in the provisions of the Bill. Their Report and the evidence upon which it is founded will be presented to you, and it is hoped that the suggestions contained therein will facilitate the legislation necessary on this important subject.

A Royal Commission has also been appointed for the purpose of inquiring into and reporting on the necessity for amending the laws relating to mining for gold and other minerals, and it is anticipated that much advantage to the mining industry will accrue from the labours of this Commission. The report will shortly be laid before you, and I hope that time will allow of your giving practical effect to the labours of the Commissioners.

A comprehensive measure for the purpose of consolidating the Acts now in force relating to Local Government and increasing the powers and efficiency of Local Authorities is now prepared; and a measure to effect further reforms in connection with the Registration of Electors will also be submitted to you.

Whilst it is satisfactory to note the intelligent interest taken in, and the popularity of, our system of Public Instruction, the requirements of the community call for additional assistance in the direction of the extension of the subjects to be taught in the State Schools of the Colony. Proposals having this object will be submitted to you during the Session.

The results of the inspection of meat intended for export have emphasised the necessity which exists for the extension of that system to meat intended for consumption within the Colony, and a Bill is now in preparation by which it is proposed to relieve the Local Authorities of this part of their duties, in order to make such inspection more real and effective.

With a view to placing you in possession of accurate information as to the condition of the aboriginal population in the extreme northern portions of the Colony, Commissioners were instructed to visit those localities and report the result of their investigations. The information obtained and advice given will be laid before you, and you will be invited to make some better provision for this part of our population.

The following measures are prepared, and, with the others just referred to by me, will, if circumstances permit, be presented for your consideration:—

- A Bill to provide for the Establishment of Councils of Conciliation and Arbitration for the Settlement of Industrial Disputes;
- A Bill to provide for the Registration and Inspection of Dairies, and to Regulate the Manufacture, Sale, and Export of Dairy Produce;
- A Bill to Consolidate and Amend the Law relating to State Children;
- A Bill to provide Water for the Promotion of Settlement;
- A Bill to make provision for Defraying the Cost of the Lamington Bridge across the Mary River at Maryborough;
- A Bill to make provision for Defraying the Cost of the Victoria Bridge across the Brisbane River at Brisbane;
- A Bill to Amend the Agricultural Lands Purchase Act;
- A Bill to Extend and Amend "The Marsupials Destruction Act of 1895";
- A Bill to Regulate the Storage and Use of Explosives;
- A Bill to Amend the Savings Bank Acts;
- A Bill to Consolidate and Amend the Law relating to the Insane;
- A Bill to Consolidate and Amend the Law relating to Fisheries;
- A Bill to Consolidate and Amend the Law relating to Police Offences, and for other purposes;
- A Bill to Consolidate and Amend Enactments relating to Trustees and Executors;
- A Bill to Consolidate and Amend the Law relating to Juries;
- A Bill to Authorise the Construction and Maintenance of Tramways along, over, and across Public Streets, Roads, and other places;
- A Bill to Extend the Operation of "The Fencing Act of 1861."

I hope you will find time, during the Session now opened, to give to these and all other matters which may be submitted to you your careful consideration, and I trust that, under Divine guidance, your work may be such as will conduce to the advancement and general well-being of the Colony.

SUPPLEMENT
TO THE
Queensland Government Gazette
PUBLISHED BY AUTHORITY.

VOL. LXVII.]

TUESDAY, 15TH JUNE, 1897.

[No. 149.]

Chief Secretary's Office, Brisbane, 14th June, 1897.

HIS Excellency the Governor has been pleased to direct the publication, for general information, of the following Despatch and its Enclosures received from the Right Honourable the Secretary of State for the Colonies.

HORACE TOZER.

THE SECRETARY OF STATE FOR THE COLONIES to THE OFFICER ADMINISTERING THE GOVERNMENT OF QUEENSLAND.
Circular].

Downing street, 12th April, 1897.

SIR,—I have the honour to transmit to you, for the information of your Government, copies of an Order of the Lords of Her Majesty's Most Honourable Privy Council, directing the Archbishop of Canterbury to prepare a special Form of Prayer and Thanksgiving to be used on the occasion of the completion of the sixtieth year of Her Majesty's reign, together with copies of the Form of Prayer prepared in accordance with the said Order.

I have, &c., J. CHAMBERLAIN.

[*Enclosure No. 1.*]

At the Council Chamber, Whitehall, the thirtieth day of March, 1897.

By the Lords of Her Majesty's Most Honourable Privy Council.

Present—

Archbishop of Canterbury
Lord President

Bishop of London
Lord Balfour of Burleigh.

It is this day ordered by Their Lordships that His Grace The Lord Archbishop of Canterbury do prepare a Special Form of Prayer and Thanksgiving to Almighty God for the protection afforded to the Queen's Majesty during sixty years of Her Auspicious Reign, and that such Form of Prayer and of Thanksgiving be used in all Churches and Chapels in England and Wales, and in the Town of Berwick-upon-Tweed, on Sunday the Twentieth day of June next.

And it is hereby further ordered that Her Majesty's Printer do forthwith print a competent number of copies of the said Form of Prayer and of Thanksgiving, that the same may be forthwith sent round, and read in the several Churches and Chapels of England and Wales, and in the Town of Berwick-upon-Tweed.

C. L. PEEL.

[*Enclosure No. 2.*]

A FORM OF PRAYER WITH THANKSGIVING TO ALMIGHTY GOD,

TO BE USED IN ALL CHURCHES AND CHAPELS IN ENGLAND AND WALES, AND IN THE TOWN OF BERWICK-UPON-TWEED, UPON
SUNDAY THE TWENTIETH DAY OF JUNE, 1897.

¶ *The Service shall be the same with the usual Office for Sundays in all things; except where it is in this Office otherwise appointed.*

¶ *Morning or Evening Prayer shall begin with this Sentence.*

I EXHORT that first of all Supplications, Prayers, Intercessions, and giving of Thanks be made for all men; for kings and for all that are in authority; that we may lead a quiet and peaceable life in all godliness and honesty: for this is good and acceptable unto God our Saviour.—1 Tim. ii. 1, 2, 3.

Proper Psalms xx., ci., cxxi.

Proper Lessons.

The First, Joshua i. to v. 10, or Proverbs viii. to v. 17.

The Second, Rom. xiii. to v. 11, or Rev. xxi. 22—xxii. 4.

¶ *The Suffrages next after the Creed shall stand thus:—*

Priest. O Lord, shew thy mercy upon us.

Answer. And grant us Thy salvation.

Priest. O Lord, save the Queen;

Answer. Who putteth her trust in Thee.

Priest. Send her help from Thy holy place.

Answer. And evermore mightily defend her.

Priest. Let her enemies have no advantage of her.

Answer. Let not the wicked approach to hurt her.

Priest. Endue Thy Ministers with righteousness.

Answer. And make thy chosen people joyful.

Priest. O Lord, save Thy people.

Answer. And bless Thine inheritance.

Priest. Give peace in our time, O Lord.

Answer. Because there is none other that fighteth for us, but only Thou, O God.

Priest. Be unto us, O Lord, a strong tower.

Answer. From the face of our enemies.

Priest. O Lord, hear our prayer;

Answer. And let our cry come unto Thee.

¶ *After the First Collect, at Morning or Evening Prayer, shall be used the following Collect:*

O God, which providest for Thy people by Thy power, and rulest over them in love, grant unto Thy servant our Queen the spirit of wisdom and government, that being devoted unto Thee with all her heart, she may so wisely govern this kingdom, that in her time the Church may be in safety and Christian devotion may continue in peace; that so, persevering in good works unto the end, she may by Thy guidance come to Thine everlasting Kingdom, through Jesus Christ Thy Son our Lord, who liveth and reigneth with Thee and the Holy Ghost ever one God, world without end. *Amen.*

¶ *If the Litany be sung or said, these Prayers shall follow immediately after the Prayer, "We humbly beseech Thee:" and if the Litany be not sung or said, then these Prayers shall be said instead of the Prayers for the Queen and for the Royal Family at Matins or Evensong.*

O LORD our God, who upholdest and governest all things by the word of Thy power, receive our humble prayers for our Sovereign Lady Victoria [*as on this day*] set over us by Thy grace and providence to be our Queen; and, together with her, bless, we beseech Thee, Albert Edward Prince of Wales, the Princess of Wales, and all the Royal Family; that they all, ever trusting in Thy goodness, protected by Thy power, and crowned with Thy gracious and endless favour, may continue before Thee in health, peace, joy, and honour, and may live long and happy lives upon earth, and after death obtain everlasting life and glory by the merits and mediation of Christ Jesus our Saviour, who with Thee and the Holy Ghost liveth and reigneth ever one God, world without end. *Amen.*

ALMIGHTY GOD, who rulest over all the kingdoms of the world, and disposest of them according to Thy good pleasure; We yield Thee unfeigned thanks, for that Thou wast pleased [*as on this day*] to place Thy Servant our Sovereign Lady, Queen Victoria, upon the throne of this Realm. Let Thy wisdom be her guide, and let Thine arm strengthen her; let justice, truth, and holiness, let peace and love, flourish in her days. Direct all her counsels and endeavours to Thy glory, and the welfare of her people; and give us grace to obey her cheerfully for conscience sake. Let her always possess the hearts of her people; let her reign be long and prosperous, and crown her with immortality in the life to come; through Jesus Christ our Lord. *Amen.*

A Prayer for Unity.

O GOD the Father of our Lord Jesus Christ, our only Saviour, the Prince of Peace; Give us grace seriously to lay to heart the great dangers we are in by our unhappy divisions. Take away all hatred and prejudice, and whatsoever else may hinder us from godly Union and Concord: that, as there is but one Body, and one Spirit, and one Hope of our Calling, one Lord, one Faith, one Baptism, one God and Father of us all, so we may henceforth be all of one heart, and of one soul, united in one Holy Bond of Truth and Peace, of Faith and Charity, and may with one mind and one mouth glorify Thee; through Jesus Christ our Lord. *Amen.*

¶ *In the Communion Service, instead of the Collect for the Queen, the Collect, "O God, which providest," shall be said after the Collect for the day.*

The Epistle. 1 St. Peter ii. 11.

DEARLY beloved, I beseech you as strangers and pilgrims, abstain from fleshly lusts, which war against the soul; having your conversation honest among the Gentiles: that whereas they speak against you as evildoers, they may, by your good works which they shall behold, glorify God in the day of visitation. Submit yourselves to every ordinance of man for the Lord's sake; whether it be to the King, as supreme; or unto Governors as unto them that are sent by him for the punishment of evildoers, and for the praise of them that do well. For so is the will of God, that with well-doing ye may put to silence the ignorance of foolish men: as free, and not using your liberty for a cloak of maliciousness, but as the servants of God. Honour all men. Love the brotherhood. Fear God. Honour the King.

The Gospel. St. Matth. xxii. 16.

AND they sent out unto him their disciples with the Herodians, saying, Master, we know that thou art true, and teachest the way of God in truth, neither carest thou for any man: for thou regardest not the person of men. Tell us therefore, What thinkest thou? Is it lawful to give tribute unto Cæsar, or not? But Jesus perceived their wickedness, and said, Why tempt ye me, ye hypocrites? Shew me the tribute-money. And they brought unto him a penny. And he saith unto them, Whose is this image and superscription? They say unto him, Cæsar's. Then saith he unto them, Render therefore unto Cæsar the things which are Cæsar's; and unto God the things that are God's. When they had heard these words, they marvelled, and left him, and went their way.

¶ *Thanksgiving to be said immediately after the General Thanksgiving.*

O LORD, our heavenly Father, we give Thee hearty thanks for the many blessings which Thou has bestowed upon us during the sixty years of the happy reign of our gracious Queen Victoria. We thank Thee for progress made in knowledge of Thy marvellous works, for increase of comfort given to human life, for kindlier feeling between rich and poor, for wonderful preaching of the Gospel to many nations, and we pray Thee that these and all other Thy gifts may be long continued to us and to our Queen, to the glory of Thy Holy name, through Jesus Christ our Lord. *Amen.*

EXTRACT FROM "THE LONDON GAZETTE" OF TUESDAY, 4TH MAY, 1897.

By the Queen.

A PROCLAMATION.

VICTORIA, R.

WHEREAS We are happily at Peace with all Sovereigns, Powers, and States:

And whereas, notwithstanding Our utmost exertions to preserve Peace between the two Sovereign Powers, a State of War unhappily exists between His Imperial Majesty the Sultan of Turkey and His Majesty the King of the Hellenes, and between their respective Subjects and others inhabiting within their Countries, Territories, or Dominions:

And whereas We are on Terms of Friendship and amicable intercourse with each of these Sovereigns, and with their several Subjects and others inhabiting within their Countries, Territories, or Dominions:

And whereas great numbers of Our loyal Subjects reside and carry on Commerce, and possess Property and Establishments, and enjoy various rights and privileges, within the Dominions of each of the aforesaid Sovereigns, protected by the faith of Treaties between Us and each of the aforesaid Sovereigns:

And whereas We, being desirous of preserving to our Subjects the Blessings of Peace, which they now happily enjoy, are firmly purposed and determined to maintain a strict and impartial Neutrality in the said State of War unhappily existing between the aforesaid Sovereigns:

We, therefore, have thought fit, by and with the advice of our Privy Council, to issue this our Royal Proclamation:

And We do hereby strictly charge and command all Our loving Subjects to govern themselves accordingly, and to observe a strict Neutrality in and during the aforesaid War, and to abstain from violating or contravening either the Laws and Statutes of the Realm in this behalf, or the Law of Nations in relation thereto, as they will answer to the contrary at their peril:

And whereas in and by a certain Statute made and passed in a Session of Parliament holden in the 33rd and 34th year of Our Reign, intituled "An Act to regulate the conduct of Her Majesty's Subjects during the existence of hostilities between Foreign States with which Her Majesty is at Peace," it is, amongst other things, declared and enacted as follows. This Act shall extend to all the Dominions of Her Majesty, including the adjacent Territorial Waters:—

"Illegal Enlistment."

"If any person, without the license of Her Majesty, being a British Subject, within or without Her Majesty's Dominions, accepts or agrees to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with any Foreign State at Peace with Her Majesty, and in this Act referred to as a friendly State, or, whether a British Subject or not, within Her Majesty's Dominions, induces any other person to accept or agree to accept any Commission or Engagement in the Military or Naval Service of any such Foreign State as aforesaid:—

"He shall be guilty of an offence against this Act, and shall be punishable by fine and imprisonment, or either of such punishments, at the discretion of the Court before which the offender is convicted; and imprisonment, if awarded, may be either with or without hard labour.

"If any person, without the license of Her Majesty, being a British Subject, quits or goes on board any Ship with a view of quitting Her Majesty's Dominions, with intent to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with a friendly State, or, whether a British Subject or not, within Her Majesty's Dominions, induces any other person to quit or to go on board any Ship with a view of quitting Her Majesty's Dominions with the like intent:—

"He shall be guilty of an offence against this Act, and shall be punishable by fine and imprisonment, or either of such punishments, at the discretion of the Court before which the offender is convicted; and imprisonment, if awarded, may be either with or without hard labour.

"If any person induces any other person to quit Her Majesty's Dominions or to embark on any Ship within Her Majesty's Dominions under a Misrepresentation or false Representation of the Service in which such person is to be engaged, with the intent or in order that such person may accept or agree to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with a friendly State, —

"He shall be guilty of an offence against this Act, and shall be punishable by fine and imprisonment, or either of such punishments, at the discretion of the Court before which the offender is convicted; and imprisonment, if awarded, may be either with or without hard labour.

"If the Master or Owner of any ship, without the licence of Her Majesty, knowingly either takes on board, or engages to take on board, or has on board such ship within Her Majesty's Dominions any of the following Persons, in this Act referred to as illegally enlisted persons; that is to say:—

"(1.) Any person who, being a British Subject within or without the Dominions of Her Majesty, has, without the licence of Her Majesty, accepted or agreed to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with any friendly State:

"(2.) Any person, being a British Subject, who, without the license of Her Majesty, is about to quit Her Majesty's Dominions with intent to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with a friendly State:

"(3.) Any person who has been induced to embark under a Misrepresentation or false Representation of the Service in which such person is to be engaged, with the intent or in order that such person may accept or agree to accept any Commission or Engagement in the Military or Naval Service of any Foreign State at War with a friendly State:

"Such Master or Owner shall be guilty of an offence against this Act, and the following consequences shall ensue; that is to say:—

"(1.) The offender shall be punishable by fine and imprisonment, or either of such punishments, at the discretion of the Court before which the offender is convicted; and imprisonment, if awarded, may be either with or without hard labour; and

"(2.) Such Ship shall be detained until the Trial and Conviction or Acquittal of the Master or Owner, and until all Penalties inflicted on the Master or Owner have been paid, or the Master or Owner has given security for the payment of such penalties to the satisfaction of two Justices of the Peace, or other Magistrate or Magistrates having the authority of two Justices of the Peace; and

"(3.) All illegally enlisted persons shall, immediately on the discovery of the offence, be taken on shore, and shall not be allowed to return to the Ship.

"Illegal Shipbuilding and Illegal Expeditions."

"If any person within Her Majesty's Dominions, without the License of Her Majesty, does any of the following Acts; that is to say:—

"(1.) Builds or agrees to build, or causes to be built, any ship with intent or knowledge, or having reasonable cause to believe that the same shall or will be employed in the Military or Naval Service of any Foreign State at War with any Friendly State: or

"(2.) Issues or delivers any Commission for any Ship with intent or knowledge, or having reasonable cause to believe that the same shall or will be employed in the Military or Naval Service of any Foreign State at War with any Friendly State: or

"(3.) Equips any Ship with intent or knowledge, or having reasonable cause to believe that the same shall or will be employed in the Military or Naval Service of any Foreign State at War with any Friendly State: or

"(4.) Dispatches, or causes or allows to be dispatched, any Ship with intent or knowledge, or having reasonable cause to believe that the same shall or will be employed in the Military or Naval Service of any Foreign State at War with any Friendly State:

"Such person shall be deemed to have committed an offence against this Act, and the following consequences shall ensue:—

"(1.) The offender shall be punishable by fine and imprisonment, or either of such punishments, at the discretion of the Court before which the offender is convicted; and imprisonment, if awarded, may be either with or without hard labour;

"(2.) The Ship in respect of which any such offence is committed, and her equipment, shall be forfeited to Her Majesty:

"Provided that a person building, causing to be built, or equipping a ship in any of the cases aforesaid, in pursuance of a contract made before the commencement of such war as aforesaid, shall not be liable to any of the penalties imposed by this Section in respect of such building or equipping if he satisfies the Conditions following, that is to say:—

"(1.) If forthwith, upon a Proclamation of Neutrality being issued by Her Majesty, he gives notice to the Secretary of State that he is so building, causing to be built, or equipping such Ship, and furnishes such particulars of the contract and of any matters relating to, or done, or to be done under the contract as may be required by the Secretary of State;

"(2.) If he gives such security, and takes and permits to be taken such other measures, if any, as the Secretary of State may prescribe for insuring that such Ship shall not be dispatched, delivered, or removed without the License of Her Majesty until the termination of such War as aforesaid.

"Where any ship is built by order of or on behalf of any Foreign State when at War with a friendly State, or is delivered to or to the order of such Foreign State, or any person who to the knowledge of the person building is an agent of such Foreign State, or is paid for by such Foreign State or such agent, and is employed in the Military or Naval Service of such Foreign State, such ship shall, until the contrary is proved, be deemed to have been built with a view to being so employed, and the burden shall lie on the builder of such ship of proving that he did not know that the ship was intended to be so employed in the Military or Naval Service of such Foreign State.

"If any person within the Dominions of Her Majesty, and without the License of Her Majesty,—

"By adding to the number of the guns, or by changing those on board for other guns, or by the addition of any Equipment for War, increases or augments, or procures to be increased or augmented, or is knowingly concerned in increasing or augmenting the warlike force of any ship which at the time of her being within the Dominions of Her Majesty was a ship in the Military or Naval Service of any Foreign State at War with any Friendly State,—

"Such person shall be guilty of an offence against this Act, and shall be punishable by fine and imprisonment, or either of such punishments, at the discretion of the Court before which the offender is convicted; and imprisonment, if awarded, may be either with or without hard labour.

"If any person within the limits of Her Majesty's Dominions, and without the license of Her Majesty :—

"Prepares or fits out any Naval or Military Expedition to proceed against the Dominions of any Friendly State, the following consequences shall ensue :—

"(1.) Every person engaged in such preparation or fitting out or assisting therein, or employed in any capacity in such expedition, shall be guilty of an offence against this Act, and shall be punishable by fine and imprisonment, or either of such punishments, at the discretion of the Court before which the offender is convicted; and imprisonment, if awarded, may be either with or without hard labour.

"(2.) All ships and their equipments, and all Arms and Munitions of War, used in or forming part of such expedition, shall be forfeited to Her Majesty.

"Any person who aids, abets, counsels, or procures the Commission of any offence against this Act shall be liable to be tried and punished as a principal offender."

And whereas by the said Act it is further provided that Ships built, commissioned, equipped, or dispatched in contravention of the said Act, may be condemned and forfeited by judgment of the Court of Admiralty; and that if the Secretary of State or Chief Executive Authority is satisfied that there is a reasonable and probable cause for believing that a Ship within Our Dominions has been or is being built, commissioned, or equipped, contrary to the said Act, and is about to be taken beyond the limits of such Dominions, or that a Ship is about to be dispatched contrary to the Act, such Secretary of State, or Chief Executive Authority, shall have power to issue a Warrant authorizing the seizure and search of such Ship and her detention until she has been either condemned or released by process of law. And whereas certain powers of seizure and detention are conferred by the said Act on certain Local Authorities;

Now, in order that none of Our Subjects may unwarily render themselves liable to the penalties imposed by the said Statute, We do hereby strictly command that no person or persons whatsoever do commit any act, matter, or thing whatsoever contrary to the provisions of the said Statute, upon pain of the several penalties by the said Statute imposed, and of Our high displeasure.

And We do hereby further warn and admonish all Our loving subjects, and all persons whatsoever entitled to Our protection, to observe towards each of the aforesaid Sovereigns, their subjects and territories, and towards all belligerents whatsoever with whom we are at Peace, the duties of neutrality; and to respect, in all and each of them, the exercise of those Belligerent Rights which We and Our Royal Predecessors have always claimed to exercise.

And We hereby further warn all Our loving Subjects, and all persons whatsoever entitled to Our protection, that if any of them shall presume, in contempt of this Our Royal Proclamation, and of Our high displeasure, to do any acts in derogation of their duty as subjects of a Neutral Sovereign in a War between other Sovereigns, or in violation or contravention of the Law of Nations in that behalf, as more especially by breaking, or endeavouring to break, any Blockade lawfully and actually established by or on behalf of either of the said Sovereigns, or by carrying Officers, Soldiers, Despatches, Arms, Ammunition, Military Stores or Materials, or any Article or Articles considered and deemed to be Contraband of War according to the Law or modern Usages of Nations, for the use or service of either of the said Sovereigns, that all persons so offending, together with their ships and goods, will rightfully incur and be justly liable to hostile capture, and to the penalties denounced by the Law of Nations in that behalf.

And We do hereby give notice that all Our Subjects and Persons entitled to Our protection who may misconduct themselves in the premises will do so at their peril, and of their own wrong; and that they will in nowise obtain any protection from Us against such capture or such penalties as aforesaid, but will, on the contrary, incur Our high displeasure by such misconduct.

Given at Our Court at Windsor, this third day of May, in the year of our Lord one thousand eight hundred and ninety-seven, in the sixtieth year of Our reign.

GOD SAVE THE QUEEN !

THE Marquess of Salisbury to the Lords Commissioners of the Admiralty* :—

Foreign Office, May 3, 1897.

MY LORDS,—HER Majesty being fully determined to observe the duties of neutrality during the existing state of war between His Imperial Majesty the Sultan of Turkey and His Majesty the King of the Hellenes, and being moreover resolved to prevent, as far as possible, the use of Her Majesty's harbours, ports, and coasts, and the waters within Her Majesty's territorial jurisdiction, in aid of the warlike purposes of either belligerent, has commanded me to communicate to your Lordships, for your guidance, the following rules, which are to be treated and enforced as Her Majesty's orders and directions :—

Her Majesty is pleased further to command that these rules shall be put in force in the United Kingdom, the Isle of Man, and the Channel Islands, on and after the 8th instant, and in Her Majesty's territories, and possessions beyond the seas, six days after the day when the Governor, or other chief authority of each of such territories or possessions, respectively, shall have notified and published the same; stating in such Notification that the said rules are to be obeyed by all persons within the same territories and possessions.

1. During the continuance of the present state of war, all ships of war of either belligerent are prohibited from making use of any port or roadstead in the United Kingdom, the Isle of Man, or the Channel Islands, or in any of Her Majesty's colonies or foreign possessions or dependencies, or of any waters subject to the territorial jurisdiction of the British Crown, as a station, or place of resort, for any warlike purpose, or for the purpose of obtaining any facilities for warlike equipment; and no ship of war of either belligerent shall hereafter be permitted to sail out of or leave any port, roadstead, or waters subject to British jurisdiction, from which any vessel of the other belligerent (whether the same shall be a ship of war or a merchant ship) shall have previously departed, until after the expiration of at least twenty-four hours from the departure of such last-mentioned vessel beyond the territorial jurisdiction of Her Majesty.

2. If any ship of war of either belligerent shall, after the time when this Order shall be first notified and put in force in the United Kingdom, the Isle of Man, and the Channel Islands, and in the several colonies and foreign possessions or dependencies of Her Majesty, respectively, enter any port, roadstead, or waters belonging to Her Majesty, either in the United Kingdom, the Isle of Man, or the Channel Islands, or in any of Her Majesty's colonies or foreign possessions or dependencies, such vessel shall be required to depart and to put to sea within twenty-four hours after her entrance into such port, roadstead, or waters, except in case of stress of weather, or of her requiring provisions or things necessary for the subsistence of her crew or repairs; in either of which cases the authorities of the port, or of the nearest port (as the case may be), shall require her to put to sea as soon as possible after the expiration of such period of twenty-four hours, without permitting her to take in supplies beyond what may be necessary for her immediate use; and no such vessel which may have been allowed to remain within British waters for the purpose of repair shall continue in any such port, roadstead, or waters, for a longer period than twenty-four hours after her necessary repairs shall have been completed. Provided, nevertheless, that in all cases in which there shall be any vessel (whether ships of war or merchant ships) of the said belligerent parties in the same port, roadstead, or waters within the territorial jurisdiction of Her Majesty, there shall be an interval of not less than twenty-four hours between the departure therefrom of any such vessel (whether a ship of war or merchant ship) of the one belligerent, and the subsequent departure therefrom of any ship of war of the other belligerent; and the time hereby limited for the departure of such ships of war respectively shall always, in case of necessity, be extended so far as may be requisite for giving effect to this proviso, but no further or otherwise.

3. No ship of war of either belligerent shall hereafter be permitted, while in any port, roadstead, or waters subject to the territorial jurisdiction of Her Majesty, to take in any supplies, except provisions and such other things as may be requisite for the subsistence of her crew, and except so much coal only as may be sufficient to carry such vessel to the nearest port of her own country, or to some nearer destination, and no coal shall again be supplied to any such ship of war in the same or any other port, roadstead, or waters subject to the territorial jurisdiction of Her Majesty, without special permission, until after the expiration of three months from the time when such coal may have been last supplied to her within British waters as aforesaid.

4. Armed ships of either party are interdicted from carrying prizes made by them into the ports, harbours, roadsteads, or waters of the United Kingdom, the Isle of Man, the Channel Islands, or any of Her Majesty's colonies or possessions abroad.

I have, &c., SALISBURY.

A PROCLAMATION.

By His Excellency The Right Honourable **CHARLES WALLACE ALEXANDER NAPIER**, Baron Lamington of Lamington, in the county of Lanark, in the Peerage of the United Kingdom, Knight Commander of the Most Distinguished Order of St. Michael and St. George, Governor and Commander-in-Chief of the Colony of Queensland and its Dependencies.

WHEREAS by "The New Gold Fields Act of 1890" it is enacted that the Governor in Council may, by Proclamation, declare that any Goldfield named therein shall be deemed to be and continue to be a New Goldfield within the meaning of "The Gold Fields Act Amendment Act of 1878," notwithstanding the lapse of three years from the first Proclamation of such Goldfield, and that when any such Proclamation has been made with respect to a Goldfield such Goldfield shall be deemed to be a New Goldfield for such further period beyond three years as is specified in the Proclamation: And that any such Proclamation shall be deemed to have taken effect from any day subsequent to the sixteenth day of September, 1890, which may be named in the Proclamation: And whereas the Barmundoo Gold Field was first proclaimed on the twentieth day of February, 1889, and the period of three years from that date expiring on the nineteenth day of February, 1892, the said Barmundoo Gold Field was, in accordance with the provisions of the first-recited Act, proclaimed a New Goldfield for a further period beyond the said nineteenth day of February, 1889, up to and inclusive of the third day of July, 1897: And whereas it is deemed expedient to further exercise with respect to the said Goldfield the powers conferred on the Governor in Council by the said first-recited Act: Now, therefore, I, **CHARLES WALLACE ALEXANDER NAPIER**, Baron Lamington, the Governor aforesaid, by and with the advice of the Executive Council, do hereby notify and proclaim that the said Barmundoo Gold Field shall be deemed to be and continue to be a New Goldfield within the meaning of "The Gold Fields Act Amendment Act of 1878," for a further period beyond the said third day of July, 1897, up to and inclusive of the third day of July, 1900, notwithstanding the lapse of the abovementioned period from the first Proclamation of such Goldfield: And I do further notify and proclaim that this Proclamation shall be deemed to have taken effect from the third day of July, 1897.

Given under my Hand and Seal, at Government House, Brisbane, this eighteenth day of June, in the year of our Lord one thousand eight hundred and ninety-seven, and in the sixtieth year of Her Majesty's reign.

By Command, **ROBERT PHILP.**
GOD SAVE THE QUEEN!

A PROCLAMATION.

By His Excellency The Right Honourable **CHARLES WALLACE ALEXANDER NAPIER**, Baron Lamington of Lamington, in the county of Lanark, in the Peerage of the United Kingdom, Knight Commander of the Most Distinguished Order of St. Michael and St. George, Governor and Commander-in-Chief of the Colony of Queensland and its Dependencies.

WHEREAS by "The Bank Holidays Act of 1877" it is amongst other things enacted that it shall be lawful for the Governor, by and with the advice of the Executive Council, from time to time, by Proclamation in the *Gazette*, to appoint a special day to be observed as a Public Holiday, either throughout Queensland, or in any part thereof, or in any city, town, borough, or district therein: Now, therefore, I, **CHARLES WALLACE ALEXANDER NAPIER**, Baron Lamington, the Governor aforesaid, in pursuance of the provisions of the said Act, and by and with the advice of the Executive Council, do hereby appoint the following days to be observed as Public Holidays in the places hereunder named :—

WEDNESDAY, the 23rd of June instant, being the second day of the Annual Race Meeting of the Peak Downs Jockey Club at Clermont;

WEDNESDAY, the 23rd of June instant, being the day appointed for holding the Annual Race Meeting of the Gin Gin Racing Club, within the Petty Sessions District of Gin Gin; and

WEDNESDAY and **THURSDAY**, the 7th and 8th of July proximo, being the days appointed for holding the Annual Race Meeting at Normanton, in the town of Normanton.

Given under my Hand and Seal, at Government House, Brisbane, this sixteenth day of June, in the year of our Lord one thousand eight hundred and ninety-seven, and in the sixtieth year of Her Majesty's reign.

By Command, **HORACE TOZER.**
GOD SAVE THE QUEEN!

Department of Public Lands,

J. F. G. FOXTON.

A PROCLAMATION.

By His Excellency The Right Honourable **CHARLES WALLACE ALEXANDER NAPIER**, Baron Lamington of Lamington, in the county of Lanark, in the Peerage of the United Kingdom, Knight Commander of the Most Distinguished Order of St. Michael and St. George, Governor and Commander-in-Chief of the Colony of Queensland and its Dependencies.

IN pursuance and execution of all powers and authorities in me vested under the provisions of "The Crown Lands Acts, 1884 to 1895," I, **CHARLES WALLACE ALEXANDER NAPIER**, Baron Lamington, the Governor aforesaid, by and with the advice of the Executive Council, and on the recommendation of the Land Board, do, by this my Proclamation, notify and declare that the operation of the 43rd section of "The Crown Lands Act of 1884" shall be and is hereby suspended with respect to the Country Lands described hereunder, and situated in the **HERBERTON LAND AGENT'S DISTRICT**: And I further notify and declare, by and with the advice aforesaid, that the said lands shall be open both for **CONDITIONAL** and **UNCONDITIONAL SELECTION**, at the **LAND OFFICE, HERBERTON**, under the provisions of the said Acts, as unsurveyed lands, on and after **WEDNESDAY, the FOURTH day of AUGUST, 1897, at ELEVEN O'CLOCK A.M.**, at the annual rental specified in the said Schedule: And I do hereby further notify and declare that the price at which the lessee may purchase the said lands shall be as specified in the said Schedule: And I do hereby, by and with the advice aforesaid, declare that the maximum area which may be selected by any one person in the said District shall be 1,280 acres.

Provided always and I do hereby further declare that the maximum area which may be selected by any one person within Agricultural Area No. 1, in the said District, shall be 320 acres.

And for the purposes of this limitation I do hereby, by and with the advice aforesaid, further declare the said Agricultural Area No. 1 to be a District for the purposes of the said Acts; but so that for administrative and other purposes it shall nevertheless form part of the said Herberton Land Agent's District.

Given under my Hand and Seal, at Government House, Brisbane, this sixteenth day of June, in the year of our Lord one thousand eight hundred and ninety-seven, and in the sixtieth year of Her Majesty's reign.

By Command, **J. F. G. FOXTON.**

Road Case No. 1480.

NOTICE OF CONFIRMATION OF NEW ROADS.

HIS Excellency the Governor, with the advice of the Executive Council, and in pursuance of the provisions of "*The Public Works Lands Resumption Act of 1878*," having been pleased to confirm the roads described in the Book of Reference hereunder, it is hereby notified, for general information, that any parties entitled to compensation in consequence of the opening of the said roads are requested to deliver to the Secretary for Public Lands the particulars of their estate and interest in the land required for the said roads and their claims for compensation on account thereof, within sixty (60) days from the date of service of this notice; and the said parties are further informed that the Secretary for Public Lands is willing to treat for the purchase of the land which has been resumed and the damage that may be sustained by reason of the opening of the said roads.

J. F. G. FOXTON.

Book of Reference of New Roads through portions 49, 18, 13, and 16, and Branch Road through portion 16, all in the parish of Maroochy, county of Canning.

1. Commencing at a point on the eastern boundary of portion 49 about four chains from Boggy Creek, an anabranch of the Maroochy River, westerly through that portion bearing 280 degrees seven chains three links, and 292 degrees 30 minutes eight chains twenty-seven links; containing 1 acre 2 roods; registered owner, Robert Fleming. Land is unenclosed, unimproved, and unoccupied.

2. In continuation of last-mentioned road westerly through portion 18 bearing 292 degrees 30 minutes one chain seventy-three links, 237 degrees twenty-one chains, 295 degrees five and a-half chains, and 275 degrees five and a-half chains; containing 3 acres 1 rood 20 perches; registered owner, William Clark Low. Land unenclosed, unimproved, and unoccupied.

3. In continuation of last-mentioned road through portion 13 bearing 266 degrees 30 minutes ten and a-half chains, 251 degrees ten and a-half chains, 272 degrees 20 minutes five chains, 243 degrees 33

minutes five chains, and 291 degrees three chains twenty-two links; area, 3 acres 1 rood 27 perches; registered owner, Robert Fleming. Land unenclosed, unimproved, and unoccupied.

4. In continuation of last-mentioned road through portion 16 bearing 291 degrees four chains fifty-six links to a reserved road; containing 2 roods; registered owner, Robert Fleming. Land unenclosed, unimproved, and unoccupied.

5. Branch road from last-mentioned road through portion 16 for five and a-half chains north along and within its eastern boundary to a reserved road; containing 2 roods 24¹/₁₀ perches; registered owner, Robert Fleming. Land unenclosed, unimproved, and unoccupied.

NOTE.—It is intended to open the roads through portions 49, 18, and 13 in exchange for the originally reserved roads through these portions, which roads will be closed; and to open the branch road through portion 16 in lieu of the corresponding part of the original road through that portion.

A Plan and Book of Reference of the abovementioned roads can be seen at this Office, at the Office of the Clerk of Petty Sessions in Brisbane, and at the Office of the Maroochy Divisional Board.

IPSWICH WATER AUTHORITY.

The Treasury,
Brisbane, 16th June, 1897.

HIS Excellency the Governor, with the advice of the Executive Council, has, in pursuance of the provisions of "*The Water Authorities Act of 1891*," been pleased to approve of the following By-law made by the Ipswich Water Authority.

ROBERT PHILIP.

WHEREAS by "*The Water Authorities Act of 1891*" it is enacted that a Water Authority may make By-laws for all or any of the purposes in the said Act mentioned: It is hereby resolved by the Council of the Municipality of Ipswich, being the Water Authority duly constituted for the Ipswich Water Area, by and with the approval of the Governor in Council, that the following By-law shall be in force within the said Water Area from the date of the publication hereof:—

BY-LAW No. 1.

Water supply.

1. In the interpretation of this By-law the following terms shall have the meanings set against them respectively, unless the context in any case otherwise requires:—

"Water Area" shall mean the Ipswich Water Area, duly constituted under "*The Water Authorities Act of 1891*" by Order of Council dated 31st December, 1891, and any amendment of that area.

"Water Authority" shall mean the Municipal Council of Ipswich, duly constituted as the Water Authority for the said Water Area.

"Council" shall mean the Council of the Municipality of Ipswich.

2. For the purpose of rates and charges to be made under the powers conferred on it, the Council adopts superficial measurement of buildings as the basis of assessment (except in such cases as are otherwise hereinafter provided for, and subject to the Council's rights to also charge for water by meter measurement as hereinafter contained), according to the following scale, per annum, to be paid half-yearly in advance.

Private residence.

(a.) For private residence—Two shillings and sixpence for every fifty square feet or part thereof up to one thousand square feet, and one shilling and threepence for every fifty square feet or part thereof over a thousand square feet up to two thousand square feet, and sixpence for every fifty square feet or part thereof over two thousand square feet. Provided that the minimum annual assessment shall be twenty-five shillings.

Business premises.

(b.) For business premises—One shilling and sixpence for every fifty square feet or part thereof up to a thousand square feet, and ninepence for every fifty square feet or part thereof over a thousand square feet and up to two thousand square feet, and sixpence for every fifty square feet or part thereof over two thousand square feet. Provided that the minimum annual assessment shall be twenty shillings, except for an upstairs office, the minimum assessment for which shall be fifteen shillings per annum.

Private residence and business premises combined.

(c.) For private residence and business premises (other than butcher's shop and bakery) combined and adjoining each other—For the space thereof which is occupied as a residence, the same rate as for "a private residence"; and for the space thereof which is used for business premises, the same rate as for "business premises."

Butcher's shop.

(d.) For butcher's shop—Five shillings for every fifty square feet or part thereof up to two thousand square feet, and sixpence for every fifty square feet or part thereof over two thousand square feet; and where

connected with a private residence, the space used for the shop shall be charged at the aforesaid rate, and that occupied as a residence at the "private residence" rate.

Bakery.

(e.) For bakery—Five shillings for every fifty square feet or part thereof up to two thousand square feet, and sixpence for every fifty square feet or part thereof over two thousand square feet for the space used as a bakehouse; the same rate as for "business premises" for the space used as a baker's shop; and if there is a residence connected therewith, the same rate as for a "private residence" for the space occupied as such.

Hotel and club.

(f.) For hotel and club—Five shillings for every fifty square feet or part thereof up to two thousand square feet, and one shilling for every fifty square feet or part thereof over two thousand square feet.

Board and lodging house.

(g.) For board and lodging house—The same rate as for a "private residence."

Public hall, Sunday school, &c.

(h.) For public hall, Sunday school, and church—The same rate as for "business residence."

Boarding and day school.

(i.) For boarding-school and day-school (other than a State school)—For the space thereof used exclusively as schoolrooms and classrooms of the schools, the same rate as "business premises," and for the remainder of the building the same rate as for a "private residence."

Stable.

(j.) For livery stable and stable used by or for the business of a bus or cab proprietor—The same rate as for "business premises."

Buildings occupied by the Crown.

(k.) For buildings (not including urinals) in the use or occupation of the Crown—Two shillings and sixpence for every fifty square feet or part thereof up to one thousand square feet; one shilling and threepence for every fifty square feet or part thereof over one thousand and up to two thousand square feet; and sixpence for every fifty square feet or part thereof over two thousand square feet.

All other buildings.

(l.) For all buildings of every description not hereinbefore expressly referred to—The same rate as for "business premises."

Proviso.

3. Provided always that if the Council shall at any time or times ascertain, by means of a meter placed on any land by virtue of the powers hereinafter or under the said Act contained, that water which shall be supplied to or for any building of any description or other premises whatsoever in this By-law before expressly or generally referred to shall be used or consumed in such quantities in any one half year, so that the value thereof at the rate of one shilling and sixpence per one thousand gallons up to one million gallons, and one shilling for every one thousand gallons over every one million gallons, shall exceed the amount of the assessment for such half-yearly period according to the superficial measurement of such buildings or premises at the rate or rates hereinbefore provided, then such excess in amount shall be deemed to be an additional or further water rate on such building or premises, and may at the option of the Council be added to and recovered with the aforesaid superficial measurement rate or rates, or be recovered separately from such rate or rates.

Computing the area.

4. In computing the area for assessment the buildings are to be measured externally at each floor (exclusive of verandas), and such measurement is to be taken as the superficial area of flooring on which that part of the rates according to superficial measurement is to be charged.

Notice of erection or addition to be given.

5. The owner or occupier of any land within the water area who shall erect or make, or cause to be erected or made, any building or addition to an existing building on such land shall, within one calendar month hereafter, give notice in writing thereof to the clerk of the Council; and any such owner or occupier who shall fail to give such notice shall be liable to a penalty of not exceeding ten pounds.

No reduction in rate made.

6. No reduction in water rates assessed on any building shall be made by reason of the removal or partial removal of such building until notice in writing of such removal or partial removal shall be given to the clerk of the Council.

Meter measurement for engines, &c.

7. The Council adopts the principle of supplying water by meter-measure in the case of water supplied to or used for the purpose of the following:—Locomotives, engines, boilers, steamers, nursery gardens, and wharves; and the scale of charges to be paid for such water shall be one shilling and sixpence for every one thousand gallons up to one million gallons, and one shilling per one thousand gallons over one million gallons used in any one year.

Meters to be supplied by Council.

8. All meters shall be supplied by, kept in repair by, and remain the property of the Council; and the person or persons who for the time being shall be liable to pay the water rates with respect to any land or premises shall also pay to the Council the costs and expenses which the Council shall incur in fixing a meter to such land and premises, also an annual rental (half-yearly in advance) for such meter; such rental to be equal to ten per centum on the cost of such meter, and shall cover the costs of repairing any ordinary wear and tear to such meter. The costs, expenses, and rent aforesaid may be recovered by the Council from such person or persons by the same process as moneys due for water rates are recoverable.

Urinals.

9. The Council adopts the principle of charging a fixed sum as the basis of assessment on the following:—

Urinal: One pound each per annum.

Unoccupied lands.

10. The Council adopts as the basis of assessment of unoccupied lands which abut upon or have direct access to or from any road or other place in the water area in which a main pipe has been laid down the annual charge of one penny in the £ of the capital value of such lands as determined by the valuation for the time being made by the Council.

Plumbers.

11. No person shall do any work in connection with the supply of water or the alteration of services or pipes, whether on private property or not, unless he holds a plumber's license from the Council, under a penalty of not exceeding ten pounds.

Licenses.

12. The Council may at its discretion grant a license to any competent plumber who applies for the same. Such license shall be in such form as the Council shall from time to time prescribe, and the annual fee for the same shall be ten shillings and sixpence. Every such license shall expire on the thirty-first day of December in each year.

General conditions.

13. All work, including the laying of service pipes, shall be subject to the following regulations, and shall be done to the approval of the officer appointed for that purpose by the Council.

(a.) The lead pipes are to be of the undermentioned weights:—

1	inch in diameter,	5 lb. weight per yard.
"	"	7½ lb. " "
"	"	9 lb. " "
1	"	12 lb. " "

(b.) If cast or wrought iron service pipes are used they must be examined and approved of by the Council's officer previous to their being laid down.

(c.) All holes drilled in the cast-iron mains shall be tapped with a taper tap, and fitted with a No. 781 Fiddian's main cock.

(d.) Fiddian's No. 780 footpath cock must be placed between the main pipe and the building, and both street main cock and stop cock shall be covered with an iron cover of such pattern as shall be from time to time adopted by the Council, and laid on a brick foundation in accordance with the Council's specifications.

(e.) Fiddian's No. 780 footpath cock, and Fiddian's No. 782 bib cock, and 783 bath cocks only will hereafter be allowed to be fitted to any service pipe except by leave of the Council.

(f.) A ferrule larger than ¾-inch shall not be used, unless with the written consent of the Council.

(g.) All solder joints shall be clean wiped.

(h.) No pipe or pipes shall be used either in the interior or exterior of any building which are of a less strength and weight than those which are in accordance with the regulations of the Council.

(i.) In every case where service pipes shall hereafter be repaired between the main and stop cock the plumber shall fix a street main cock, as specified in subsection c of these general conditions, which main cock will be supplied by the Council.

(j.) No licensed plumber shall proceed to tap a main or open the ground for the purpose of laying service pipes, unless he shall have given twenty-four hours' notice of his intention so to do to the Council's clerk, and shall have received a permit from such clerk to do so.

(k.) Any ground broken in the streets and any pitchers or flagging displaced by reason of the work must be restored by the plumber to the satisfaction of the Council, and any penalty imposed in consequence of default in this respect should be borne by the plumbers.

(l.) No main will be emptied for the purpose of laying services except upon a day which shall be deemed by the Council or its officer to be most suitable.

Penalty.

14. Any licensed plumber or other person who shall commit a breach of the above regulations, or do any work within the water area contrary thereto, shall be liable to a penalty of not exceeding ten pounds.

Repeal.

15. By-law No. 8 of the said Council for regulating the rates and charges for water supplied, published in the *Queensland Government Gazette* of the 18th July, 1891, is hereby repealed, except as to any operations already effected by or act done, or as to any right, title, obligation, or liability already acquired or accrued under such By-law.

The foregoing By-law was passed at a special meeting of the Municipal Council of Ipswich, a duly constituted water authority, on the twenty-sixth day of April, A.D. 1897, and confirmed at a subsequent special meeting of the said Council on the thirty-first day of May, 1897; and the provisions of subsection 3 of section 37 of "The Water Authorities Act of 1891" have been complied with.

* All barometric readings corrected and reduced to 32 degrees Fahr. at mean sea level; all corrections applied to thermometric readings.
† The letter c attached to figures giving least distance from coast indicates distance from the Gulf of Carpentaria; s.e. to distance from coast of South Australia.

† Readings are taken at 9.30 a.m.

[No. 153.]

NOTICE OF APPLICATION FOR AMENDMENT.

In the Matter of Application No. 3598, dated 19th October, 1896, for the grant of Letters Patent, by EDGAR ARTHUR ASHCROFT, for an Invention for "*An Improved Process for the Treatment of Metalliferous Ores and Products.*"

NOTICE is hereby given, that the abovementioned Edgar Arthur Ashcroft, of 34 Queen street, Melbourne, in the colony of Victoria, electrical engineer, has applied, under the provisions of "*The Patents, Designs, and Trade Marks Acts, 1884 to 1890,*" for leave to amend the complete Specification and Drawings of his said Invention, alleging as his reason for so doing,—“For the purpose of better explaining the working of the process, correcting certain errors of description, and better defining and limiting the scope of the claims.”

Amendments proposed are as follow, viz. :—

[*Reference being had to amended copy of Specification lodged in Patent Office, Brisbane.*]

Page 3.

Line 21,—

After the word “solution” insert “in the anode chamber,” and after word “be” insert “subsequently.”

Line 23,—

Strike out the words “another batch of;” after the word “the” insert the word “same.”

Page 4.

Line 1,—

Strike out word “simultaneously” and insert word “also.”

Line 4,—

After word “diaphragms” insert “In such electrolysis the solution, after the copper has been deposited on the copper cathode, is led into the anode compartment, where the oxidation of the dissolved ferrous salts into ferric salts proceeds.”

Line 11,—

After word “ores” insert “The process, hereinafter described in full with reference to figures 1, 2, and 3 of the accompanying drawings, will be best understood by the following preliminary description of the electrolytic part of the operation with reference to the diagram figure 4. The solution containing salts of zinc practically pure is led into the vats A and B (figure 4 of the drawings), which are duplicated, coming into the cathode compartments K. The zinc is partially deposited in the cathode chambers. The solution then passes into the anode chamber H. The anodes are copper mattes, and consequently copper and ferrous salts become added to the solution. The solution is then led into the cathode chambers of another vat, C, where the copper is taken out as refined metal. Hence the solution, containing only zinc and ferrous salts, passes to the anode chamber of the same vat C, where in contact with carbon anodes its iron content becomes oxidised to the ferric state. Three vats are shown diagrammatically in series, so that the quantities of metals are correctly proportioned for cyclic working in connection with the leaching process. If the matte contain more than the best proportion of iron, part of the liquid from the cathode chamber of C, when freed from copper, is led into the anode chamber of a similar subsidiary vat with carbon anodes, where the ferrous salt is oxidised in the anode chamber. The cathode chamber of this subsidiary vat is fed with pure zinc solution, from which zinc is deposited on the zinc cathode. The solution from the cathode

chamber of this subsidiary vat is then added to the anode solutions in A and B. If, on the other hand, the matte contain too much copper, a subsidiary vat is interpolated between C and A and B with iron anodes and copper cathodes and no diaphragm. Copper is thus deposited and iron goes into solution. Merely treating the liquid with metallic iron may suffice. The pipes *d d e* shown in the diagram connect the anode and cathode compartments in each vat.”

Page 13.

Line 10,—

Strike out words “in a zinc-depositing vat.”

Line 14,—

After the word “iron,” insert “as the anode of a zinc-depositing vat.”

Page 14.

Lines 4 and 5,—

Strike out the word “otherwise,” and insert “other metal.”

Line 9,—

Strike out words “and other.”

Line 11,—

After the word “salt,” insert “for use as a leaching solution while the other metal of the matte, viz., copper, is being deposited.”

Strike out the whole of line 13.

Any person or persons intending to oppose the said application for amendment must leave particulars, in writing (on Form G), of his or their objections thereto, within one calendar month from the date of this *Gazette*.

Dated this twelfth day of June, A.D. 1897.

WILLIAM T. BLAKENEY, Registrar of Patents, &c.

Patent Office,
Brisbane, 19th June, 1897.

NOTICE is hereby given, that I have received the undermentioned applications for the registration of Trade Marks.

Any person or persons intending to oppose any of such applications must leave particulars in writing, in duplicate (on Form I), of his or their objections thereto, within two months (or such further time, not exceeding six months, as the Registrar may allow) of the advertisement of the applications in the *Queensland Government Gazette*. A fee of one pound is payable with such notice.

REGULATION FOR THE MEDICAL EXAMINATION OF
CANDIDATES FOR EMPLOYMENT IN THE RAILWAY
SERVICE.

HIS Excellency the Governor, with the advice of the Executive Council, has been pleased to approve of the following Amended Regulations, made by the Commissioner for Railways, under the provisions of "The Railways Act of 1888," for the Medical Examination of Candidates for Employment in the Railway Service.

JAMES R. DICKSON.

In pursuance of the provisions of "The Railways Act of 1888," the Commissioner for Railways hereby makes the following Amended Regulations for the Medical Examination of Candidates for Employment in the Railway Service:—

1. The Regulation made by the Queensland Railway Commissioner on the twenty-fifth day of October, 1895, for the medical examination of candidates for employment in the Railway Service, and the second paragraph of clause 11 of the "Railway Staff Regulations of 1896," published in the *Gazette* dated twenty-sixth day of October, 1895, and twenty-seventh day of August, 1896, respectively, are hereby repealed.

2. Every candidate for employment in the Railway Service who has successfully passed the prescribed educational test examination, and to whom certificates thereof have been granted under clause 11 of the Staff Regulations of the 1st of July, 1896, shall, before his appointment, be required to submit himself for medical examination by the Government medical officer of the district in which the candidate resides, or by some other medical officer as may be approved by the Commissioner.

The fee for the examination by Government Medical Officers shall be five shillings in each case, and by other medical officers such amount as may be arranged with the Commissioner.

3. On receipt of a certificate from the medical officer that the candidate is in sound bodily and mental health, and exhibits no symptoms of disease likely to shorten life, and that there is no defect in his eyesight, such candidate shall be forthwith eligible for employment.

The fee for the medical examination of candidates shall be paid from Railway funds, and each candidate will be duly notified when and by whom the examination will be conducted.

R. J. GRAY, Commissioner.

The Official Seal of the Commissioner for Railways was affixed hereto this sixteenth day of June, 1897, in the presence of—

Recruit Squads.

RECRUIT SQUADS will be formed for Recruits of all Corps stationed in Brisbane at the Boundary-street Drillshed on Monday, Wednesday, and Friday evenings at 7.45 p.m., commencing from the 2nd July, 1897. Officers Commanding Corps will detail the Recruits of their respective Corps to attend at the above hour, and will furnish each Recruit with a certificate bearing the regimental number, initials, name, and Corps of the Recruit; the certificate to be handed to the Sergeant-Instructor by the Recruit on the date he joins the squad.

The Commanding Officer will issue to the Recruit on joining:—Rifle, bayonet and scabbard, sling, waist-belt, frog, and pouch.

Attention is drawn to Regulation 144.

The Staff Officers of the Northern and Central Districts will make similar arrangements in their respective districts.

No. 161.

Review—
22nd instant.

THE Commandant has much pleasure in notifying to all ranks who attended the Review in the Government Domain, on the 22nd instant, that His Excellency the Governor and Commander-in-Chief was much pleased with the large attendance on parade, and the appearance of the respective Corps, and the steadiness displayed when marching. The attention given to dressing and keeping proper intervals was particularly praiseworthy.

The Commandant desires to thank all who attended the Parade and took part in the display of devotion and loyalty on the unique occasion, and also to express his high appreciation of the voluntary services rendered on several occasions by the Head-Quarter's Band.

By Order,

J. SANDERSON LYSTER, Lieutenant-Colonel,
A.A.G. and Chief Staff Officer.

REMARKS.

Mean pressure was 0·063 higher, and mean temperature was 6·8 lower, than in April. The mean vapour tension was 0·098 lower and the relative humidity the same as last month. Frequent lightning, fog, and dews noted during month.

* NOTE.—The average death-rate of children under one year, as compared to births, during the ten years ended 31st December, 1896, throughout the whole of Queensland, was 10·88. *Vide* Vital Statistics of 1896.

May, 1897, compared with May, 1896.

Mean pressure was 0·001 higher than for the same period a year ago. The mean shade temperature was the same as last year. The mean vapour tension or absolute weight of vapour was 0·057 lower, and the percentage of humidity was 9% lower, than twelve months ago. The mean wind velocity was 0·2 less than in May, 1896; while the amount of cloud was 0·5 less than a year ago. Examining the winds, we find that during May, 1897, northerly and north-east winds were observed 6 and 7 times, as against 2 and 3 times for the previous year. Easterly winds were observed 10 times in May, 1897, and 6 during May, 1896; and the south-east winds were 1 and 9 respectively. The southerly winds were 25 this year, against 31 a year ago. South-west currents were noted 10 and 6 this and last year respectively. Westerly winds were 15 and 15 this and last year respectively, and the north-west winds were 0 this year and 0 a year ago. The amount of calms observed was 19 this year, as against 21 twelve months ago. As for rainfall, we had 0·748 inches in May, 1897, against 1·373 inches in May, 1896.

The Observatory, which was reorganised on 1st January, 1887, is conducted entirely in accordance with the Royal Meteorological Society's Rules.
